**"Meet us on the Corner"
We Have Moved!**

Across the street from the old Ice and Light Plant, just as you enter Manning on the Summerton or Davis Station roads. Ours is the first store on coming into Manning by either of the above roads. While the store building we distribute from is small, our warehousing facilities, just one block away are ample and, with our overhead expenses cut by more than half, we expect to make it highly interesting to our many good patrons.

Our credit and delivery business is going on just the same and we wish to express our sincere thanks to the host of customers who have favored us with their generous telephone orders.

We are just as near you today with our delivery system and telephone as we ever were before. Simply call 'phone No. 8 and we'll do the rest.

As heretofore, we shall continue to be leaders in Fancy and Staple Groceries, Paints, Oils, Varnishes, Stains, Enamels, Calcimines, Colors in Oil, Dry Colors, Brushes, Etc.

Field and Garden Seeds, Kodaks, Films, Photographic Supplies and Developing.

MANNING PROOF

Should Convince Every Manning Reader.

The frank statement of a neighbor, telling the merits of a remedy, bids you pause and believe. The same endorsement

By some stranger far away Commands no belief at all. Here's a Manning case.

A Manning citizen testifies. Read and be convinced. W. N. Hill, says: "About two years ago I was troubled with my kidneys. There were pains across the small of my back and it felt as if someone were sticking a knife into me. My nerves were all unstrung and often times I had dizzy spells. I felt as if I wanted to sleep all the time. A friend recommended Doan's Kidney Pills so I bought some at Dickson's Pharmacy. Doan's Kidney Pills entirely cured me of the trouble and I haven't been bothered since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hill had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**HENRY FORD PLANS
TECHNICAL INSTITUTE**

Freshmen Will Get Scholarship of Forty Cents an Hour.

Henry Ford has announced his intention to open a technical college in Detroit. It will be known as the Ford Institute of Technology, and its curriculum will embrace those subjects which lead to degrees in mechanical, electrical and chemical engineering. Outstanding is Mr. Ford's decision to grant monetary scholarships to all students; freshmen will receive scholarships of approximately \$20.00 a week. Rates for advanced students have not yet been announced.

Like all Ford ventures, the Ford Institute presents its own deviation

**Hastings Seeds
1921 Catalog Free**

It's ready now. 116 handsomely illustrated pages of worth-while seed and garden news. This new catalog, we believe, is the most valuable seed book ever published. It contains twenty full pages of the most popular vegetables and flowers in their natural colors, the finest work of its kind ever attempted.

With our photographic illustrations, and color pictures also from photographs, we show you just what you grow with Hastings' Seeds even before you order the seeds. This catalog makes garden and flower bed planning easy and it should be in every single Southern home. Write us a post-card for it, giving your name and address. It will come to you by return mail and you will be mighty glad you've got it.

Hastings' Seeds are the Standard of the South and they have the largest mail order seed house in the world back of them. They've got to be the best. Write now for the 1921 catalog. It is absolutely free.

from customary systems. The school year is divided into two parts, half of the time being spent in class, lecture rooms and laboratories, and half in the shops doing actual work under actual working conditions. This regimen is so divided that the students' work alternates every two weeks.

The reason for this class-to-shop and shop-to-class method is given in the school announcement: "The Ford Institute of Technology proposes to give that education which is life, directed by purpose, in order that there need be no 'period of adjustment' after graduation. Theoretical work is supplemented by experience in practice, and by contact with actual conditions in life. Commercial standards relative to methods and cost of manufacture, shop organization, accuracy, production, and time, are stressed."

"The Laboratory at the disposal of students" continues the Ford announcement, "includes the Highland Park Plant, the Tractor Plant and Blast Furnaces at River Rouge, a railroad, a mine, a lumber camp, and many subsidiary operations. Every phase of engineering is covered, not by a meager equipment for demonstration and experimental purposes, but by millions of dollars' worth of machinery and apparatus—all the latest word in scientific development."

Although the Ford Technical Institute was announced but a short time ago, more than 1000 applications have already been received. Every State in the Union has had its applicant; and many letters have come from Canada. Henry Ford is taking a personal interest in the new school.
