## LOUISVILLE SPRINKLES.

The prospect for wheat was never better.

This year's tobacco crop is reported interior.

Col. John Sparrow of Pike was in town Saturday.

Mr. Mart Copenhagen of Pike was in town to-day.

Mr. W. H. Bartlett returned with goods from Louisiana to-day.

Mr. George Morris left for St. Louis Monday, with a large drove of hogs.

Mr. Charley Burnett has purchased Mr. Shoat's span of fine two-year-old mules for \$150.

Miss Maggie Reeds and Mr. Jim Reeds returned from a trip to Louisiana Wednesday.

Last night was clear and cold, but a steady, chilling rain has been falling since before day.

Capt. Dixon's coal train of twelve wagons arrived to-day from Hickory creek, Montgomery county.

Charley Miffleton and Charley Murphy have recovered sufficiently to resume their studies in the high school.

Prof. Hackett's singing school opened Saturday under favorable auspices; thirty odd children are enrolled.

Dr. Quint Moore was in town this evening, and says that the tobacco suckers have not yet been killed by frost, something unknown before at this time of year.

Eq. Brown, who has been sick about eight weeks, was in town to try some cases yesterday. He remains on account of the inclement weather.

Jim Murphy, negro, was tried before Eq. Brown last evening on a charge of assault and battery preferred by Joe Hollaway, negro. Murphy was fined five dollars and costs, and was put under bonds, to keep the peace for ten months, in the sum of \$500.

Mr. Billy Williams, who has had considerable luck of the bad sort, lost one of his horses some days ago. He had worked him lightly the previous day and he appeared all right when stabled, but the next morning he was found bleeding copiously at the mouth and nose, and soon died from the effects.

Mr. James R. Burford of this township died of pneumonia on the 20th ult. He was taken sick while at church a week previous. He was originally from Virginia, was between sixty and sixty-five years of age, and had lived here twenty years.

Mrs. Susan Whitesides of Middletown died of erysipelas on the 23d. She came to this state from Kentucky, was seventy-four years of age, and formerly lived in this county. She was the mother of Mrs. W. H. Bartlett of this place. Mrs. B. and daughter, who were with her in her last sickness, returned last week.

Mr. Charley Gillum, an old-time citizen, was in town Saturday. Tho' he must be quite old, we observe but but little change in him since twenty years ago. He has not forgotten his school pranks, as was realized by one of our young men, a student, when Mr. G. caught him in a grammatical tangle recently. "You," said Mr. G. "a leader in the high school, sir, and say, 'I couldn't get to go?'" It was so sudden and unexpected that the young man was nonplussed, but opened his eyes very wide, said good day in a hurry, went home and ransacked all the available grammars, appeared fresh and blushing before his teacher next morning and asked

the privilege of studying Old Kirkham again!

Mr. J. P. Miffleton presented us with an armful of smoking tobacco the other day.

"And now it gives us consequence to see the smoke rolling around our majesty."

Milk.—On and after the 1st of November, 1877, I will deliver milk at 30 cents per gallon.

MRS. E. G. HAMMOND.

## AUBURN NEWS.

Col. Hull and wife are visiting his mother, Mrs. Cochran.

Frank Wilson and wife have moved to Bowling Green; quite a loss to the society of Auburn.

One of Mrs. Tillotson's little sons, in jumping from a wagon last week, fell and dislocated his arm at the elbow.

We noticed several very fine ears of corn in Mr. Finley's store. The corn harvest here will be good, both in quality and quantity.

Your Millwood correspondent, accompanied by Mr. Geo. Elder, enlightened our sanctum last Monday evening. They report Millwood as flourishing.

We hear some of the farmers complaining of the fly in the wheat, and also considerable complaint of grasshoppers eating the wheat. One gentleman told us of two fields where they had eaten the wheat off entirely.

John Finley, while going to Wentzville last week, came near meeting with a sad accident by his buggy being turned over. Horse, buggy and John all went down an embankment about ten feet, and, strange to say, no damage was done other than breaking the shafts of the buggy.

Our druggist, John Mounce, who from constant confinement has impaired his health, has been rusticated for several days, and customers of that establishment are now greeted by the genial smile of Dr. Downing.

Madam Rumor again whispers in our ears the glad intelligence of two more heirs that in the near future are to be in unison, but don't be frightened, Sol, we won't tell yet.

## EMPORIUM OF FASHION.

Mrs. Robinson has just returned from the city with a full stock of Millinery Goods—Hats, Bonnets, Plumes, Flowers and Notions of all kinds, all of the latest style. Particular attention paid to Dress Cutting for ladies and children; also stamping for braiding and embroidery. Ladies would do well to give her a call and examine her goods before purchasing elsewhere.

## Farm for Sale.

I offer my farm for sale, situated three miles south of Troy. It contains 182 acres; 100 acres in cultivation and 25 acres good bottom land. House with 5 rooms, well in the yard, good orchard. Any one who wants a good farm in a good neighborhood, come and see.

W. T. POWELL.

## Keep Comfortable

And save wood and work by buying one of those excellent Heating Stoves of B. S. Crews & Co. 'Tis simply wonderful how cheaply they are selling them.

## How it is Done.

The first object in life with the American people is to "get rich;" the second, how to retain good health. The first can be obtained by energy, honesty and saving; the second (good health), by using GREEN'S AUGUST FLOWER. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constipation, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottles 10 cents. Regular size 75 cents. Positively sold by all first-class druggists in the United States.

Woolfolk & Hand received last week, direct from the manufacturer, a very large stock of Boots for men's and boys' wear. They offer them at reduced prices. Every pair warranted.

## Down to the Bed-Rock.

Having determined from and after this date to bring our business to a CLOSE CASH BASIS, we announce to our friends and patrons that we have abandoned the ninety-day system, and will sell goods ONLY AT NET CASH PRICES. We propose to keep our stock full up to the standard, and WILL NOT BE UNDERSOLD.

According to our terms heretofore all accounts for the current year are now past due, and we hope that our customers will make it convenient to call and make settlement to date.

## Astounding Success.

It is the duty of every person who has used BOSCHKE'S GERMAN SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 40,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the GERMAN SYRUP can not be too widely known. Ask your Druggist about it. Sample bottles in try sold at 10 cents. Regular size 75 cents. For sale by Woolfolk & Co.

Ladies Shawls, Hosiery, Gloves, Felt and Balmoral Skirts at low prices.

WOOLFOLK & HAND.

Clifford's Febrifuge—Palatable, Powerful, Antiperiodic and Tonic.—Nature's remedy for Fever and Ague. Never known to fail in a single case. This popular remedy differs from all other Ague Cures, in being free from all poisonous effects on the system; it enters into the circulation and destroys all malarious poison, and thus eradicates the disease without producing any of those distressing after-effects, such as fulness and pain in the head, ringing in the ears and partial deafness. Try it once and you will never be without it.

J. C. RICHARDSON, Prop'r, For sale by all druggists. St. Louis.

The excellent condition of the ground and the well matured wood makes this fall an excellent time to plant nursery stock. Those in need of anything in that line will find it to their interest to examine the advertisement of Buffalo Nursery in another column. Nice apple trees at the nursery at \$10 per 100.

A. M. SHULTS.

Despondency, if allowed unchecked, will often produce a morbid condition, so that the least unsatisfactory affair that happens will swell into terrifying proportions. The mind being warped often imparts torpidity to the body, all of which more frequently is the effect of inaction of the liver than from any other cause, and by resorting to Simmons' Liver Regulator the mind will often find relief with the body.
