At the time when Napoleon said this he was largely right. Physicians in those days dealt out obnoxious and drastic drugs that did violence to every fiber in the body. Since that date medical science has made wonderful strides. Dr. Pierce's Golden Medical Discovery is a medicine composed of native medicinal roots that do no violence to nature. Its action is gentle and natural. It simply promotes the natural processes of secretion and excretion. It restores the lost appetite, corrects all disorders of the digestion, makes the assimilation of the food perfect, invigorates the liver, purifies and enriches the blood, builds new and healthy flesh tissue, tones the nerves and gives sweet and refreshing sleep. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of all diseases of the air passages that lead up to consumption. It is a wonderful medicine for all diseases due to insufficient or improper nourishment of body or nerves.
