Round-Robin Dinner Great. (Continued from Page 1.)

ferns that were in evidence everywhere, depleted grandeur, eloquence and splendor for the evening. Before serving the first course, which consisted of Fruit de Cedar, the host, Mr. C. A. Dickson, who is a native Buffalonian, and who has visited Nashville once before, welcomed the guests and gave them his idea and purpose for giving such a dinner. He said: "It has always been my policy in life not to allow anybody to do for me, what I would not willingly and cheerfully repay, whether it be financial, deeds of kindness, or courtesies. In other words, gentlemen, I feel indebted to every one of you here for some social courtesies extended to me while I was in the city several years ago, and I am taking this opportunity to repay you. I want each and every one to feel at home and to feel that in accepting this courtesy tonight you are only receiving what is justly due you. Remember that every one present has been invited to sit at my right hand during one course before the evening closes and that you are to continue around the table until you return to your present seats. This is to be done before the dinner is finished. I am also going to ask that each of you sign on the second line your own signature in the space prepared for autographs. I will head each page, so that I will know in years to come that these men have dined with me on this occasion. I need not say to you that my stay here on my first visit was a pleasant one and that I seem deeply interested in you as personal friends. In the language of a portion of the Scripture that I have read once, I will ask that each of you "Eat and be merry, for when this is gone there is no more." The host called upon Dr. Clark, who pronounced the grace. The Misses Marie L. Boyd, Eleanor Alfreda Battle and Katie Albertine

Boyd, then passed the first course of the evening to the table, and the dinner was on. As the evening grew old, and the conversation drifted, steering clear always to what the host admonished, the host announced that he had prepared a surprise which was not on the program. Miss Katie Albertine Boyd was then introduced and delighted the guests with a reading, Miss Eleanor Battle next beautifully and charmingly sang "The Rosary," captivating the host and guests. Miss Battle sang without instrumental accompaniment. Miss Marie Boyd then held all spellbound when she read a selection. When the dinner was about half finished many thought it was over, because there was a break in the menu where the dash appeared, but according to the host's interpretation, "We have just begun, gentlemen; take your time, there is no hurry." Finally at 11:30 the last course was on the table and dinner was over, the guests congratulating the host and wishing him a long and pleasant stay in Nashville.

AN INVALID THAT HAS GROWN WEARY OF LIFE. One more dreary winter, To wait and hope in vain And watch the endless days drag by, Will spring ever come again?

Life is but a fleeting phantom, Like one beholds in a dream, Now I long to be at peaceful rest, Where radiant faces shall always beam.

Oh, that I were only sleeping, Within the silent solemn grave, Unconscious of life's cruel misfortunes, There my heart never more would crave.

Once as great life passed me by, I heard or seemed to hear, A youthful song upon the air, In a bold voice loud and clear.

So if I must remain an invalid, Still the battle is not yet won, I shall know that God has willed it And the Lord God's will be done.

Composed and written by J. Rosegrant Mayberry, Jr.

Thursday night, December 21 when all was quiet and peaceable an alarm was made at the residence of Dr. G. L. Jackson, Jr., and on opening the door a great multitude of members of St. James Church of course, were there and in a few minutes the tables began to rock and floor to groan from the amount of provision and fruits of all kind that were put upon there, after singing a few songs of Zion, the multitude departed leaving the doctor and family very much excited and unable to express their joy.
