Relief Club Entertains.

One of the most interesting social events of the seasin, was the entertainment given by the members of the Relief Club at the residence of Mr. and Mrs. H. S. Cannon, 635 Allison St. last Friday evening. Mrs. Cannon assisted by her daughter, Mrs. Henry Rye threw open the doors of their beautiful home in a most hospitable manner. The guests began to arrive promptly at 8:30 and Mrs. Lizzie Mere dith served to each one, a glass of punch. And by nine o'clock, the house including sixty guests, besides the members of the club, was packed to its utmost capacity.

This marks the celebration of the club's tenth anniversary. Aside from being one of the oldest clubs in the city, it ranks high as one of the most charitable, organizations of its Kind, having rendered many deeds of kindness to suffering humanity. Too much cannot be said of Mrs. Susan Johnson, for it was through her consolidated efforts and great activity as President that has made the club what it is to-day. Great credit is also due Mrs. Blanche Smith, the Secretary, and other members of the club for their exquisite taste in decorating and the artistically arranged program which was carried out through the entire evening. At ten o'clock the guests were invited into the dining room, where a beautiful table laden with many delicious delicacies was spread. On the beautiful centerpiece stood a glass candlestick which indeed was a work of art. Eloquent speeches were made by the President, followed by other speakers of prominence. After feature of the occasion was the paper that the Negro was well versed into the great war preparedness. At a late of a plan to secure this desired interhour the guests departed, each ex-
