SELECTED THE WRONG PLACE.

Dr. H. H. Crippen who murdered his wife in London has been hanged. He selected the wrong place to commit the crime. He should have killed her in the United States, where he would have been sent to the asylum, and then, as likely as not, have escaped from there.—Glasgow Republican.

MARKETS

CHICAGO, Dec. 2.—WHEAT—

Nobody considers the crop condition serious in the southwest, and the scare at this time is regarded as premature, but the trade brought wheat on it at the last hour yesterday. Leaders are expressing the belief that the bulls will find a grist of bad crop news from Kansas and other States and probably will make further effort at advancing prices. At least two or three million bushels of wheat came on the market around top prices before the close. It was a nervous excitable trade and even those who were bearish are not making much opposition, waiting for the present flurry to subside and counting on a chance to take the selling to good advantage when present buyers attempt to realize.

CORN—With fine weather and large movement in the near future, present temporary swell is not likely to last. Firmness in corn has been helped by the bull turn in wheat by a tighter country movement than expected and rather firm cash market. The shorts have been forced to cover.

OATS—Stiff cash premium very light receipts and strength in other markets the features which have caused moderate upturn in oats.

PROVISIONS—Gelt says 22,000 hogs against 20,000 last year are on the market. Looks like packers are willing to take the hogs at present prices. Any let up in the hog movement certainly ought to give us a sharp turn in prices in both hogs and its product.

ONE-HALF OF PADUCAH'S SALOONS MAY BE CLOSED.

Inability of Proprietors to Give Real Estate Bonds and Mayor's Power the Cause.

PADUCAH, Ky., Dec. 3.—With the dawn of New Year it is now apparent that half of Paducah's saloons will quit business unless the General Council immediately passes a new ordinance revising the license-revoking ordinance.

At present the Mayor has the sole power to revoke licenses, and he has done so in two or three cases. A surety company on the bonds of two proprietors for their obedience to the law recently was compelled to pay the city \$800 forfeiture, and now the bonding companies refuse to become surety for any more saloon proprietors unless they give real estate security in return.

About half of Paducah's saloon proprietors are unable to do this. With half the present number out of business the city treasury would suffer a loss of about \$20,000.

Original "Jingo" a Woman. The terms "jingo" and "jingolism" were voluminously applied to Secretary Blaine and to President Cleveland, and to their attitudes as Americans by foreign newspapers in their attempt to show that the Americans were spilling for a fight. The words evidently come from the Amazonian empress of China, named "Jingo," who made a furious oral onslaught on Korea in 204 A. D.
