James T. Shackelford has the best looking field of corn in the county, out at the old Embry place on the Big Hill pike.

Glance at the statements of the four National Banks in Richmond, published in to-day's CLIMAX. Individual deposits, $1,869,078.

Hon. S. D. Pinkerton, brother of Prof. J. J. Pinkerton, has been nominated by the Republicans for Representative of Woodford county, against Hon. S. H. Morse.

Mack Phelps was in town, one day last week, so happy that some of his friends feared he had been imbibing too freely; but not so—it is a girl and weighs seven pounds.

What ten of the magistrates in Madison county want to vacate their offices? There are eighteen of them, and the new constitution doesn't allow but eight to a county.

The "Cheerful Workers" (a society of girls in the First Presbyterian church working for their Sunday-school) will give a lawn fete social at Mr. J. W. Bales' residence in the West End, Thursday evening, beginning at 8 o'clock. All are solicited to attend, old and young.

Mason Walker and Ezekiel Field have on exhibition at the store of M. B. Arnold & Co. a fine specimen of lithographic stone from their lands in Rockcastle county. This stone is found in only a few localities in the world. We hope the gentlemen have a rich find.

Sale of Lots.

The valuable business and residence lots of the Bronston estate near Three Forks depot are to be sold publicly. See advertisement and attend the sale.

Entertainment.

About two weeks hence, the ladies of the Episcopal church will give an entertainment at the Court-house for the benefit of the rectory.

Mrs. Shelby Irvine has ordered a $200 reception outfit which will add immensely to the attractions. Everybody should be ready to go and keep on the floor for the day and date.

Copy of New Constitution.

County Clerk Hill kindly furnished us with a thousand copies of the new constitution, sent to him by the State Distributing Agent. They are in pamphlet form, well printed in clear type, and very convenient for perusal and reference. We send them to our county subscribers with this issue of the CLIMAX. Read and decide.

For Farmers.

W. Evans & Son have several parties who desire to purchase Madison county farms. Parties having such to sell do well to consult these gentlemen. They also wish to issue a descriptive catalogue of all real estate for sale, in order to send it out by the middle of June. They will take pleasure in advertising these farms, and think they can make it profitable to all parties.

Voluntary Assignment.

J. M. Pope, dealer in hardware and farming implements, made a voluntary assignment, yesterday, to H. C. Harris. Mr. Pope takes this step as a short way of settling up his business. Last years accounts, and so far for this year are outstanding uncollected, with no immediate prospect of settlement, so he decided to take time by the forelock, by doing something "dropped." He will pay 50 cents for dollar and have a couple of years to stand left.

Jack The Biter.

Jack got on last Tuesday and Wednesday and he killed many things in the vegetable and flower gardens. Even where the vines and plants were covered with newspapers, they were considerably injured. In covering such growths, care should be taken not to allow the covering to touch them. A stick slightly taller than the flower, vine, or plant, will support the cover and prevent damage. It is feared that the peaches generally are killed. Many forest trees were more or less damaged.

Us to Irvine.

Superintendent Sullivan with two engines and trains and a force of workmen went yesterday the laying of rails on the Three Forks railroad east of Richmond. The material—rails, ties, plates, bars, and spikes—is at the depot in Richmond. One train will carry the supplies while the other does the work. Construction will go steadily on until Irvine is reached. At present, not more than half a mile a day will be laid, but more is to be increased. The road-bed is in good condition, and excellent work will be done. Work could have been in progress for several weeks past, but the condition of the ground and a disabled engine prevented.

Four Ears.

It is that unfortunate time of year when books do most abound. The ever-present four-legged chicken and double-headed calf stalk boldly through the land with impunity. It often happens that a man will travel five or ten miles to see one of these slips of nature—so as not to be even a freak—to an aunt, and forget that his mother or some relative has just died, the house burned, or something equally distressing happened.

J. D. Davis, living near Red House, had real curiosity of the lusus naturæ kind. It is a Poland-China pig with four ears. But strangely enough it cannot hear as a street-car driver. As the papers say, "it hath ears but hears not."

It is alive and well, and "hopes these few lines may find you enjoying the same great blessing."

Former Richmond Editor Killed.

C. O. Cunningham, who started the Item in Richmond, twelve years ago, resided here two or three years, fell from the fourth-story window of the Anchorage Lunatic Asylum, on Saturday, May 2nd, and was so badly injured that he died Tuesday. The remains were to Louisville, Wednesday, going to Richfield, and the fact of the accident only became known. He had been confined in the asylum only a few days, and was sitting in the window and fell out, a distance of sixty feet, striking on his head.

Deceased returned to Springfield from Richmond and made a race for Congress. Removed to Kansas City and began the practice of law. Married, in Missouri, a young lady who had visited relatives in Richmond, while he lived here. The union was not a happy one. Finally, we hear, there was a separation, and Cunningham, finding little in the practice of law, got a position on one of the Kansas City papers. Heavy work and financial embarrassment bore too hard upon an already erratic mind, and he was brought back to Kentucky by a brother with the hope of restoration, but he grew worse and was sent to Anchorage.

A Well Armed Squad.

Mr. A. C. Buchanan, this place, recalls a bit of war experience that was unusual, and at the same time had its humorous as well as serious passes. Marshall had come in from Virginia with his army, and upon the return suffered the separation at Mt. Sterling of his artillery from his army. One hundred men with twelve cannon started out by way of Jackson and Campton. They were unacquainted with the route, and captured, "Buck" as a guide. They went into camp about a mile from a high mountain. Buck felt entirely safe, as a dozen guns, half of them 12-pounders, were certainly enough for a hundred men. Before daylight, a citizen came into camp and informed them that five hundred Home Guards were gathering on the high mountain, and at sun up would attack the camp. When the morning was sufficiently light, the officers brought their glasses to bear on the point in question, and true to information, Home Guards were there. The Captain ordered six cannon trained on the enemy and they were fired in a volley. Gewhillikins! The whole earth shook, and tree tops fell as if a tornado were in progress on the mountain. One discharge was sufficient. By the time the guns were re-loaded, there was nothing to shoot at. Mr. Buchanan carried the squad through without further war, except garden truck, poultry yards and the like. After all, he enjoyed his captivity.

An Old Time Race.

Apropos of the candidacy of Hon. John Young Brown, for Governor, we chronicle the fact that in 1831—40 years ago—Archibald Dixon, the father-in-law of Mr. Brown, visited Richmond as a candidate for Governor on the Whig ticket. Gen. Cassius M. Clay was the anti-slavery candidate, and Lazarus W. Powell the Democratic candidate. Powell was elected by only 850 votes, and Gen. Clay got 600 votes in Madison, mostly Whigs, thereby reducing Dixon's vote. Gen. Clay received 3,600 votes in the State.

Hon. Robt. N. Wickliffe, of Lexington, uncle of Rev. D. L. V. Moffet, of Richmond, was the Democratic candidate for Lieutenant Governor, and was defeated by 6,145 votes.

Dickson made a speech at the Court-house, and there being considerable flux hereabouts, of which he was afraid, he went home with Capt. P. P. Ballard, who then lived at Russell Spring, and spent the night.

Russell Spring is twelve miles south of Richmond and is named in honor of the man who had the contract for furnishing the stone for Gen. Green Clay's house at White Hall, eighteen miles from the Joes Lick Knob Quarry, probably a century ago. The spring is a mile or two from the Knob. The editor of the CLIMAX with his lunch basket and Capt. Ballard as a guide dropped in on the spring, last Sunday, and ate dinner at this pioneer spring. The water is abundant and cold. A grapevine twenty-seven inches in circumference, grows up into two cedar trees that stand over the spring.

This was the first election under the present Constitution.

The Edwards Estate.

The CLIMAX is informed that the Robt. Edwards estate in New York City of which mention has been made in the CLIMAX, comprises Trinitity church with thirty-five acres in the city, taking in part of Broadway on both sides. It is valued at two hundred and twenty-six million dollars. The direct heirs to this estate, we are told, are Rev. J. J. Edwards, of Estill county, father of Mrs. M. H. Pigg, of Richmond, and others of Madison county, G. F. Edwards and sister, and Mrs. Gideon Taylor near Richmond. Also Mrs. H. H. Fowler, of Meadville, Pa., who visited relatives here last year.

Concerning the Edwards estate, a resident of Richmond, one of the heirs, says:

The Robt. Edwards heirs are to meet at the Willard Hotel in Louisville, Ky., on Thursday, May 21, 1891. Among the heirs that we are posted on are W. T. Edwards, G. T. Edwards and their sisters, the two Mrs. Pigg, all of this place, C. T. Edwards, of Whitewright, Texas; Mrs. H. H. Fowler, of Meadville, Pa.; Rev. J. G. Parsons, Louisville, Ky., and J. G. Taylor's family, of Madison county.

The Rev. James Jesse Edwards, the father of the Richmond heirs, is a son of Dr. George Edwards, of Virginia, and he was the son of Jesse Edwards and brother of James Edwards, now living in Jonesville, Va. Jesse Edwards was the son of Baker Edwards, who had only two children, the said Jessie and Bettie. Bettie married a Knight. Here is where Mrs. Fowler comes in as a close heir.

Before the Revolutionary War, Baker Edwards, Robt. Edwards and John Edwards, brothers, came from Wales and settled on Manhattan Island, where New York City now stands. About the time the war broke out, Robt. Edwards leased between 80 and 90 acres of that Manhatton land to the Colonial Government for ninety-five years, and went into the army and was lost at sea in a naval engagement. The lease has expired and the most valuable portion of New York City now stands on the land, and reverts to Robert Edwards's heirs, according to that lease. It is expected that the whole thing will be explained at the meeting in Louisville. A lot of valuable old records will be shown.

THIN COLUMN.

Editor Thin Column:—I beg leave to have a slight misrepresentation corrected. A year ago, or more, the CLIMAX wrote me up at length and gave my age at 113. I had a wife then and didn't care how old I was. But things have changed—my good wife has gone to the great beyond, and I am—well, you know how it is with a widower, and that is what makes me say what I do—of course no young, good-looking woman wants to marry a man who is 113 years old. And I am not that old. I am sure I can't be more than 55 or 60. The Register writes me up every week, of late, and I want it to don't—at least till I can get married some more. Seems to me, any way, that if I were really 113, the subject would be yours by right of discovery. And again, I don't see why the Register wants to write me up three or four weeks in succession. More than that, I I used to, in slave times, belong to the Tiptons and I sort o' like to stand in with them yet. I wish you would kind o' norate it around among the women—the good-looking young ones, that I'm on the turf again—or the carpet, whichever is right—and help me to lasso one of 'em. I'll be everlastingly obleeged to you.

Truly,
MANYOS OLDHAM.

HORSE NOTES.

The Lexington Stock Farm has an article entitled "How to lay off a mile track." We can tell in three words how to do it—"employ an engineer."

General Garfield, the trotting stallion, record 2:25, was sold at Youngstown, O., to William Sly, of Cleveland, for $3,500, the price to be increased if he gets a mark better than 2:20.

A special from Nicholasville says: "The large stables of S. C. Lyne, situated near Brannon, on the Cincinnati Southern railroad, were destroyed by fire late last night, and five valuable horses were burned. His stallion, imported Deceiver, which cost him $7,000, was so badly burned that he may die."

The bay horse that Dr. H. R. Gibson bought of Wm. Gentry, this county, and sold to Mr. Bayless, of Paris, for $400, has been re-sold for $1,000. He was out of a plain mare, and by King Richard, one of Stone & Arbuckle's stallions now making a season near Richmond. King Richard has perhaps sired more high priced horses than any stallion that has ever made a season in the county.

Among the commendable things that were done by the Chicago Convention was the recognition of the pacer in the charter of the new Register Association. That instrument provides for the registration of trotting and pacing horses. It was proposed that a similar provision be inserted in the by-laws. A delegate suggested that the pacer was "secondary to the trotter." Major Campbell Brown, of Tennessee, wittily retorted, "not always." The provision in the charter was deemed sufficient, however, to authorize the insertion of pacing pedigrees.—*Stock Farm.*

The Pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

What is called a "tariff picture" shows that the wages of jewellers in Protectionist Germany are only 90 cents a day, while in free-trade England they amount to $1.50. The teachings of this "picture" obviously is that tariffs or their absence do not regulate wages.

Sunday, while at Capt. Boyton's exhibition at Switzer, Mr. Smith's brother, Mr. Ed Smith, saw a negro man wearing the locket and paid him $5 for it. He claimed to have bought it from another man."

Taylor rests in Kentucky, Pierce in New Hampshire, Buchanan reposes in Pennsylvania, Lincoln in Illinois.—*The Cadet.*

The Allen County Bank, of Scottsville, which assigned Tuesday, owes its depositors $20,000 and creditors $55,500 additional. The members of the banking firm made individual assignments, and the crash has carried down several of the most prominent business houses of the place. Scottsville suffered greatly within the last few months, and was nearly destroyed by two fires. In the last one the bank building burned. It is thought the bank will pay its creditors in full.

The Court of Appeals has affirmed the judgment of the lower court in sentencing Will Jennings, the pal of Wilson Howard, the outlaw of Harlan county, to imprisonment for life. Jennings and Howard were charged with the murder of John Bailey in Harlan county, and besides this crime they committed numerous others, which gave them a terrorizing notoriety in that part of the State, requiring the presence of the militia to keep the peace during the court trials. Howard was in the California penitentiary recently, and taken thence to Missouri, where he is under trial for killing a deaf mute.

The Carlisle Mercury, says J. Curtis Smith, of Louisville and R. M. Parks, representing Louisville, Cincinnati and Lexington capitalists, have secured options on Col. T. S. Parks' farm, the Decoration Camp grounds and adjacent property, and it is the intention of the parties interested to make a big thing of Park's Hill and the grounds round about. It is contemplated to build hotel and a sanitarium on the hill, with pleasure grounds adjoining. A fine race track, splendid grand stand, stables, &c., will be made in the magnificent bottom occupied by Col. Parks' farm. The sanitarium will be supplied with Blue Lick water from the Upper and Lower Blue Lick Springs and shipped to all parts of the country. The undertaking has long been talked of and if successful will be a great thing to Nicholas county. The Louisville and Nashville is said to be interested in the success of the scheme.

A mad dog played havoc in the neighborhood of Atoka, Boyle county. He first made his apperance upon the farm of W. A. Caldwell, where he bit a fine jennet valued at $1,000. The jennet will die. The dog reappeared near the same place next morning, and near the blacksmith-shop of Joseph Vanarsdall, attacked Vanarsdall's little son and badly wounded his right wrist. After that he attacked and bit five dogs, four cows and three steers, all of which will have to be killed. The animal then laid down in a field and W. A. Caldwell came up with a shot-gun. The first shot failed to kill the brute, and it made for the man, and received the second load at short range. Late yesterday afternoon he also bit a son of Wm. Leathers. Both of the boys bitten were taken to Junction City, and a madstone applied to their wounds, but their friends are fearful that they will contract hydrophobia.

Kentucky State Weather Service, in co-operation with the U. S. Signal Service, for the week ending May 9th, 1891.—The weather of the past week was characterized by excessive sunshine, deficient precipitation and the lowest temperatures on record for the season. Very severe and general frosts were reported throughout the State on the 6th and seventh. In the Northern and Eastern counties, minimum temperatures at, and below freezing point, were recorded. The greatest damage from these freezes appears to have occurred in the sections referred to. In all parts of the State however, the results are very serious to fruits and gardens. In the vicinity of Louisville, grapes are almost totally ruined. The injury to peaches and other large fruits, may not be so great as it is now thought to be. The frost caused much of the fruit to fall from the trees, but, as they were too heavily laden, this may be beneficial. There are some reports of damage to wheat and corn, but it is confined to low ground. Some time will be required to form an approximate estimate of the damage done. Tobacco plants are reported to be very plentiful and of fine quality. Rain is very badly needed, and this combined with the cool weather has greatly retarded growth of all vegetation.

DR. E. A. GRANT, Director.

A Pleasant Resort.

Last week while in Lexington we dropped in to see our old friend J. C. Bryant, on the corner of Mill and Main streets, who has one of the finest and most elaborately equipped drug stores in Central Kentucky. He has lately refurnished his house throughout, and among the attractions is a large and handsome soda fountain, where, at all times, one can procure a cooling draught of this delightful beverage. His stock of toilet articles and fine perfumes is complete, and the ladies will find this at all times a pleasant place to call. 1t.

Gas Turned Off.

Notice to consumers is hereby given that the gas will be turned off from all houses where the gas bill is not paid on or before May 15th. The time expires Friday.

DIED.

Miss Lula Peyton, daughter of John H. Peyton, died in Madison county, on Thursday, May 8th, 1891. Buried in Richmond cemetry.

Mrs. Mary Cornelison, wife of Alexander Cornelison, died suddenly and unexpectedly, near Richmond on Wednesday night, May 6th, 1891, aged perhaps 65 years. Was buried in the cemetery. She had been seriously ill, but was much improved.

Frank White died on the 14th of April, at 4 o'clock in the morning. He was in his 80th year, and had been in very feeble health for several weeks and then took the grippe which soon put an end to his sufferings. He was a brother to Bob White, at one time assessor of this county, and a man whom every one liked and respected. He was buried at the graveyard near Judge Chambers' on Wednesday. The family have the sympathy of that entire section.—*Beattyville Enterprise.*

Frank White lived for many years at Four Mile Ferry in Madison county, and was a son-in-law of James Isom, who lived at the same place, and was nearly a hundred years old when he died.

Tribute of Respect.

WHEREAS, It has pleased the Almighty God in his infinite wisdom, to remove from our midst our beloved brother, Albertus Parke, who departed this life May 1st, 1891, in the 37th year of his age. He was a consistent Christian gentleman, having been a member of the Baptist church for several years. Also a worthy member of Bush Union No. 1728 F. & L. U. and was buried by the honors of that order the following day of his death at his home. And while we mourn his loss we bow in humble submission to His will knowing that He doeth all things well. That our loss is his eternal gain. Therefore be it

Resolved, That in the death of brother Parke we sustain a great loss; his wife a kind and loving husband; his children an affectionate father; the church a true Christian; the vicinity a model farmer.

2nd. That we cherish his memory in our hearts and extend to the bereaved ones our heartfelt sympathy and commend them to Him who doeth all things well.

3rd. That the members of Bush Union wear a badge of mourning for thirty days.

4th. That a copy of these resolutions be presented to his family, one spread on the Secretary's book, one sent to the CLIMAX, and one to the Home Journal for publication.

Louisville Tobacco Market.

By Glover & Durrett Louisville Tobacco Ware-House.

Sales on our market for the week just closed amount to 2,515 hds, with receipts for the same period of 1,057 hds. Sales on our market since January 1st, amount to 60,316 hds. Sales of the crop of 1890 on our market to this date 39,398 hds.

The characteristic feature of our market this week has been its irregularity, necessitating an unusually large per cent of rejections, at the same time, some remarkably fine sales have been made of the good and fine grades of leaf, and all grades with color have been higher in the past few days than at any time during the year.

The following quotations fairly represent our market for new burley tobacco.

Trash (Dark) or damaged tobacco $2.00 to $3.00.
Colory Trash $3 50 to $8.00.
Common Lugs not colory $3.50 to $5.50
