

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cod's livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

P. S.—If you have any skin trouble try Sazo Salve. We guarantee it.

The Reason Fewer People Take "Salts"

We find the use of salts and other harsh physics is becoming less every year because more and more people are using Rexall Orderlies, which we and they firmly believe to be the best bowel remedy ever made. They taste so much like candy that even the children like them. At the same time they act so easily and naturally that there is no purging, griping or pain. They promptly remove the constipation and, by soothing the bowels, make it less liable to occur again. We have the utmost faith in them. We know what they are made of and the pleasant, beneficial results that always follow their use.

You needn't take our word for it. If Rexall Orderlies don't help you—if they don't entirely relieve all your bowel troubles—come back and tell us and we'll give back your money. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only at—Perry's Rexall Drug Store, Richmond, Ky.

How to Organize and Build Up Country Life.

Great Gathering of Rural Folk and All Who Are Interested in or Dependent On the Open Country, Louisville Ky., April 7, 8, 9, 10, 1914.

Men everywhere are awakening to the possibilities of country life and its inefficiency, and everyone has numberless suggestions and volumes of advice. Too much and unseasoned advice causes confusion, revision and the job lot is characterized by the countryman as risky, "fake," and the latter state of that farmer is worse than the first.

Do not hesitate to go to the Country Life Conference at Louisville. What is said there will also be done there, right before your eyes. The "show how" principle is the bed-rock of the Conference. It is primarily a co-operative demonstration of co-operation—co-operation in growing and selling orchard, garden and farm products; co-operation in hauling and marketing poultry and eggs; co-operation in breeding and selling live stock; co-operation in the dairy business; co-operation for efficient schools, living, serving churches and better homes. Co-operation in production, in distribution and in living.

All this means organized life in the country, where it is needed most and succeeds least; organization in every phase of living, from corn, and poultry clubs to applied religion. "Love thy neighbor as thyself" shall not be said in vain.

STUDY OF THE PROGRAM:

How to Organize and Conduct a Farmers Club.

How to Organize and Conduct a Co-operative Marketing Association.

How to Organize and Conduct a Co-operative Egg and Poultry Association.

How to Organize and Conduct a Co-operative Association for Growing and Marketing Vegetables, Fruits, etc.

How to Organize and Conduct a Country Breeding and Stock Selling Ass'n.

How to Build and Manage a Silo.

How to Organize and Manage a Co-operative Creamery.

Demonstration on the Country Home.

Conference of and for Country Women.

Conference of Country Preachers and Doctors.

Conference of Editors and Business Men.

Demonstration of All Kinds of Boys' and Girls' Clubs.

Demonstration of a Model Rural School.

All this with an eye single to the just betterment of life in the open country. How can you persuade yourself that you and your children do not need this fortification against the forces that beset country people in all places, not alone in the country? What assurance have you that you, even you, shall not need this very information in this generation?

Write Dr. A. Bourland, Executive Secretary, 222 Southern Building, Washington, D. C., for complete program. Do it now.

Wise Sayings.

When a man gets old enough to take advice and wise enough to give it, he is not on earth to profit by either.

It's a modest man who doesn't think the photographer could have made a better looking picture of him if he'd only tried.

Things go so fast nowadays that the "model" husband of 1914 is hopelessly out of date by the time Spring gets here.
