When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do. If your skin seems ablaze with the very burning itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and reach far and near, and you cannot find a blood remedy that approaches S.S.S. for real efficiency.

The proper treatment is through the blood. S.S.S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S.S.S. For expert advice as to the treatment of your own individual case, write today to Chief Medical Advisor, Swift Specific Co., Dept. C, Atlanta, Ga.

The Only Reliable News Agency.

Celebrations were held all over the country yesterday on the strength of a fake report sent out by a certain alleged news agency to the effect that the German envoys to Gen. Foch had signed the armistice and that the war was over. The affair proved to be the biggest hoax perpetrated since the report some months ago that the German Crown Prince had been captured together with 200,000 of his men, when every one ought to have known that there wasn't a chance of getting one of the Kaiser's sons close enough to the fighting for him ever to be taken prisoner or hit by a bullet. The Associated Press quickly gave the Daily Register the true facts about the rumor yesterday and it has since developed that the fake was sent out by another news agency, which attempts to compete with the Associated Press but as this indicates, without avail.

The Daily Register's phones were kept ringing all day long with anxious and hopeful inquiries. It gave its friends the true facts just as they had been wired by the Associated Press, and in consequence there was no hysterical celebration here, to fall flat later.

When the Associated Press says a thing is so, it is, and if there is any doubt or question, the A. P. will tell that too. Daily Register readers are getting the true facts each day about the big events of the world, from the Associated Press dispatches and its constantly increasing list of readers goes to show that it is appreciated.
