The first compulsory primary election in Kentucky has passed into history. The smoke of a hotly contested family battle has cleared away and before us stretches the outlook for a splendid democratic victory in November. It now behooves every democrat to bow to the inevitable, to cherish no animosity because of the fact that "his man" failed to land the nomination, to put his shoulder squarely to the wheel and aid in the greater struggle that is before us.

The struggle of last Saturday was a friendly one throughout, a striving to place in nomination the person to whom we were each and everyone of us most favorably inclined, a struggle to advance the interest of our friends, but after all it was a family affair and to be treated as such, and every good democrat should and will now forget that there ever was a struggle as to who should bear the party standard, will gird on his armor and go forth to do battle in the cause of democracy against the common enemy.

The various candidates in this district, both congressional and judicial, were good men and true, men with whom we may safely intrust the cause of democracy, and who were prepared to give a faithful account of their stewardship, the means of determining just who should unfurl the standard at the November election was new, a recently enacted law and one which we fully believe is a wise, just and impartial one, a law calculated to safeguard the rights of each and every man who seeks office at the hands of his party, and which we believe at this, its first trial, has proven a great success.

Every democrat in the district had his choice as to who should be given the nomination for the various offices and they had the opportunity to express that choice at the polls, if the outcome did not prove to their liking, there should be no sore spots, and we believe there will be none, but that the party in the district will be united as it was never united before and each and every democrat who voted at the primary in August will be a cheerful participant in the victory in November.

Mr. Helm has served his district in a most creditable manner and will continue to do so, and while we supported Mr. Sullivan for the nomination, yet we are greatly rejoiced over the fact that while our choice did not receive the nomination, we are to be represented by a democrat, and by as good a one as can be found in the old Commonwealth. The opposition to Mr. Helm, if at all is scarcely noticeable, both parties seem to have a tendency to hold aloof from Mr. Dinsmore, in fact they do not seem to know exactly where he stands, whether he is a Stand-patter or whether he is a Bull Moose, but be this as it may, we can never tell what may develop, and while the opposition may not, nor do we believe it will, amount to anything, yet it is the duty of every democrat in the district to give his unqualified support to Hon. Harvey Helm, the nominee of the Democratic party, to take no chances on the superior strength of our party, or to underestimate the strength of the opposition, vote for him and then you take no chances.

As for Mr. Puryear, he will have no opposition, but at the same time vote for him too, for it is a bad habit to fall into, that of not voting the straight ticket, and if we just go in and "put it under the rooster", then we are giving their dues to everybody.

While in some cases in the district races there is no opposition, and in others it is but meager, yet we are to have one great struggle at the coming November election, the struggle to elect a Democratic president, and the most flattering prospects for success that the party has faced in years. For this reason there must be no sulking in the tents among the democrats, there must be no wounds received in petty races to heat, any ill feeling engendered must be put aside and all must labor together in the great common cause. The democratic party is united as it has never been in years on national issues and in behalf of the national standard bearer, Woodrow Wilson is acceptable to the great masses of democracy as no democratic nominee has ever been in years; the enemy is divided against itself, has we might say too separate and distinct parties with Teddy leading one and Taft the other, both we firmly believe headed for ignominious defeat, divided with no possible chance of being reunited, as far apart in their ideas as are the democratic and republican parties, can their be any doubt but that defeat stares them in the face. It is all up to the democratic party, victory is within their grasp for the taking, all that the democratic party has to do now is to stand solidly together and support their splendid nominee and we shall see a glorious victory.

Therefore again let us warn every democrat to put aside any ill feeling that may have been engendered in the primary that would have a tendency to make us even do our duty in a half hearted way, get busy now and give every assistance in your power in furtherance of the great democratic victory that is to be ours in November.

Flying Men Fall.

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. Its folly to suffer when the first remedy will help you from the first dose. Try it. Only 50 cents at R. E. McRoberts & Son.

Rev. Chas. Connor Beloved Pastor Of The Local Presbyterian Church

Tenders Resignation And Will Enter Evangelistic Field.

On last Sunday Rev. Charles Connor Brown tendered his resignation to the elders and trustees of the Presbyterian church as their pastor, to take effect on or about the 15th, day of September. Bro. Brown's resignation will in all probability be accepted though with a feeling of the deepest regret. He was designated by the late Presbytery for evangelistic work in Eastern Kentucky and will have his headquarters in Lexington, the principal field of his labors being in and around Buckhorn.

Rev. Brown has been the pastor of the local church for six years, he has been a zealous worker in the Master's cause, and under his charge the church has made splendid progress. He has always been found at the front in all religious and charitable work and has endeared himself, not only to his own congregation, but to the entire community, and it is with a feeling of reluctance upon the part of everyone to see him leave. He and his estimable family will be sadly missed in the community and the well wishes of his host of friends and admirers will follow him to his new field.

Helm And Puryear Sweep The County. The Former Majority Being 547, The Latter 277.

The first compulsory primary election ever held in Garrard county went off quietly, there not being a brawl of any kind throughout the county. The vote was heavier than was expected. Harvey Helm for Congress defeated Jere Sullivan by a majority of 547 votes, while Emmet V. Puryear carried the county over W. S. Burch by a majority of 277. J. W. Dinsmore republican candidate for congress without opposition received only twelve votes in the county. It was tacitly understood that while Dinsmore's name appeared under the Log Cabin, that he was a "Bull Moose", and the adherents to that faith would not support him because his name appeared under the republican emblem, and the old line republicans withheld their support because of his alleged support of the Progressive ideas, so he caught it going and coming. Following is a tabulation of the county vote:-

Precinct	Helm	Sullivan	Burch	Puryear
Court House	138	51	89	101
East Park	178	35	115	94
West Park	77	24	42	58

U. S. Government Accepts Option On Local Property To Be Used As Site For Federal Building.

The U. S. Government has for some time held options on several pieces of local property to be used as a site for the Government building; they at one time decided upon the Park in the center of the Public Square as the site, but owing to the differences existing between the town and county as to the ownership of that property they abandoned the idea of utilizing it, and last week they notified Mrs. Emma P. Grant that her property, upon which they held an option would be accepted as the site for the proposed site. The price to be paid Mrs. Grant is \$4500, and in addition to this about 25 or 30 front feet have been purchased from the Presbyterian church for which the sum of \$500. will be paid the two pieces of property will give a frontage of 150 feet on Danville street and the lot will be 200 feet deep to the alley. The deal is closed with the exception of the abstract of title which the Government requires, and when that is prepared and accepted, the money will be paid, the appropriation having been made some time since for the purchase of the site. There is regret felt by some at the failure to place the Federal building in the center of the square, but there are a great many people who strenuously object to its being located there, however, there is a general feeling of delight that a site has actually been decided upon as this means that we are surely to have a building, just when we are unable to say, but its ultimate erection is assured.

Cost Of Big Ditch.

The estimated cost of the great Panama canal, now nearing completion is \$400,000,000. This in round numbers, would be about four dollars to each man, woman and child of our population, or say \$20 for each family in the country to pay. Can they afford it? Would be a fair question. What the canal benefit us to that extent? What will this canal do for us? It is expected to reduce the cost of freight and therefore the price, on products of western South America, the islands of the South Pacific and of China and Japan.

Mr. Henly V. Bastin Ill.

Mr. Henly V. Bastin was taken ill Sunday and is confined to his home with an attack of malarial fever. Mr. Bastin was chosen as a delegate to the Progressive Party convention in Chicago at the district convention held at Danville last Saturday, but his illness prevented his attending.

Hon. Harve Helm Wins Democratic Nomination For Congress Over Judge Sullivan By An Unprecedented Majority.

The result of the primary election on last Saturday in the eighth congressional district was the nomination of Hon. Harve Helm of Lincoln county over Hon. Jere Sullivan of Madison by a majority of between 7000 and 8000 votes, Mr. Helm carrying every county in the district including Madison Judge Sullivan's home county.

In the race for Commonwealth's Attorney Judge E. V. Puryear of Boyle defeated Hon. William Burch of Lincoln by between 500 and 600 votes.

The election was quiet through the county and a much heavier vote was polled than was expected. J. W. Dinsmore of Berea, republican candidate for Congress received only 12 votes in the county.

A Lincoln county race in which Garrard county people was interested was that of Circuit Clerk, to succeed the late lamented "Uncle Josh" Swope, and for which office Mr. Jesse D. Wearren, a former townsman was a candidate, he was defeated by James F. Holdam by about 175 votes.

Modern Political Methods Adopted To Prevent Action By City Council In Hubble Telephone Matter.

At the regular monthly meeting of the City Council on last Monday night means usually adopted as a last resort in the U. S. Senate, and savoring very much of the much talked of "steam roller" tactics, were resorted to by the Hubble Telephone Co., from gaining entrance into the city. In behalf of the Hubble Telephone Co. a regularly organized corporation with a capital stock of \$2500., one half of which is paid up. Mr. G. B. Swinebroad asked the City Council to grant this corporation the right to enter the city and establish three pay stations, guaranteeing in behalf of the Hubble people that they would furnish to the people of Lancaster a first class metallic circuit telephone service at the fixed rate of \$1. per month, and further granting the City Council the right to remove them at any time that they might seek a franchise, or that they might seek just cause for their removal. They asked for only three pay stations within the City. Councilman Gregory moved that their request be granted and was seconded by Councilman Zanone. Councilman William Herndon promptly put up a strenuous objection to their entrance and a plea for the Bastin Telephone Co., and made the point that the Council had no right to allow the Hubble people to enter. City Attorney, R. H. Tomlinson was appealed to for a legal opinion and he ruled that the City had not the right to allow the Hubble people to enter with three phones as they had no franchise, the question was then asked if the Bastin people had a franchise and his reply was that they did not have, he was then asked how it was that the Bastin people were allowed to maintain a telephone service in the city of Lancaster without a franchise and that the people of Hubble were not allowed the same privilege, this question Mr. Tomlinson has not yet answered. Seeing that a vote upon the question was inevitable Councilman Herndon fearing it would be in favor of the Hubble people, and plainly favoring the Bastin Telephone Co., to the exclusion of all other telephone companies or promoters, deliberately left the Council chamber, thereby breaking the quorum and rendering any action in the matter impossible.

County Attorney, Joe E. Robinson Was Present, Not In His Capacity as an Attorney Nor as the Employee of any one but to assist in the conservation of the peoples rights, and made a strong plea that the Hubble people might be allowed the same privileges that are vouchsafed the Bastin Co.

Mr Robinson called the attention to one fact which is perhaps yet vivid in the recollection of the citizens of Lancaster, namely, that the present City Council was elected upon a platform pledging them to a conservation of the peoples rights in the telephone matter, and pledging themselves to give the people \$1. telephone service. Just how well this pledge is being carried out may be readily seen.

The Record would earnestly advise the citizens of Lancaster, and of the county as well, that they attend the future meetings of the City Council, see who is carrying out pre-election pledges, see who is standing for the rights of the people as against a grasping corporation, a small one we will admit, but nevertheless a grasping one, and we believe that their very presence will have a moral influence that will perhaps strengthen up the backbone of the "City dads." If it does not, you will surely go home wishing that the "recall" was in force in this municipality.

In next weeks Record we propose to give a copy of the platform upon which the present City Council was elected, together with a few pertinent comments.

THE PALM THEATER.

"We are proud to have a theater like this in our town. The owner, Mr. T. F. Van Arsdale, has spared no expense in fixing up this property. The building has cost over \$4,000, and is equipped with all the latest improvements, electric fans and opera chairs, and seats 240 people. It is under the management of J. L. Anderson and L. G. Weddle. The theater opened Saturday evening with an overflowing house. The show will continue every night. Mrs. G. C. Clark is pianist and Ralph Wright the operator. J. L. Anderson is one of our leading groccymen and L. G. Weddle our assistant postmaster. These two are wide awake, and we hope they will succeed in their undertaking."
