### KENTUCKY GENTLEMAN

No. 5167 A. S. H. R.

is a handsome chestnut with beautiful mane and tail; is 15.3 hands and will weigh about 1,150 pounds; has the very best of feet and legs; good flat bone, troad sloping shoulders; short, stout back and a horse of the most wonderful endurance. He is an impressive horse, standing still and is more so in motion; sets himself just right, never touches himself any where and has exceptional speed at the rack and trot. He was ony of the most successful horses nown last year. He was shown at three fairs and won the combined stallion class at Phone 53-R. each place

Kentucky Gentleman has the qualities that are necessary to the produc tion of a perfect horse-color, size, style, speed, action, and endurance, and ideal broeding. He is sized by Chester Peavine 3184, by Rex Peavine 1796, by Rex McDonald 873. Dam, Flora Carter 8419, by Red Squirre: 53. by Black Squirrel 58, by Black Eagle 74, by King William 67.

In offering the services of this grand young horse to the public, I feel that I am giving them their money's worth. Give him the same class of marcs and I do not believe there is a horse in the State that will beat him producing high class colts (no matter how high the service fee.) Breeding to Kentucky Gentleman is no longer an experiment. Bring him a good mare and he will get you an extra good colt. Do not take your mares thirty or forty miles to breed when you have just as good a horse right at home and for less than half the money.

Kentucky Gentleman will make the season at my home, one mile from Stanford, on the Danville pike at \$20.00 to insure a living colt. Money due when colt is foaled. I Care taken to prevent accidents, but not responsible should any occur.

J. NEVIN CARTER.
