week

CONN BROS

In these days we are surely living  
history.

Bale ties for sale.

Hudson, Hughes and Farnau,  
Ballard, Wheat Flour, Corn Flour  
and Kilm dried corn meal.

Hudson, Hughes and Farnau.

The two most popular words in  
America just now are "unconditional  
surrender."

Could there be a pleasanter oc-  
cupation than raking leaves on a golden  
Indian Summer day?

Whereas the opinion of America  
seems to be that war is the best  
peace agreement we can make.

The dominating thought of official  
Germany just now is "Peace with its  
victories no less renowned than war."

The destiny of Germany is either  
one thing or the other. She will cer-  
tainly be in peace or in pieces soon.

Miss Phoebe Snow must be trav-  
eling wildly through the world trying  
to find the Road of Anthracite now-  
days.

And now suffragists are picketing  
the Senate. President Wilson doubt-  
less offers the senators his heartfelt  
condolences.

Politics may have been adjourned  
for the duration of the war, but this  
is not true of statesmanship. Con-  
gress please take notice.

The secret of military success ap-  
pears to be simple enough. All that  
is necessary is to get the other fellow  
running and to keep him so.

The slogan of the tank service is  
said to be "Treat 'em rough". Cer-  
tainly there is not much of the pink  
tea element about tank life.

Spain might have kept her influ-  
ence to herself. Perhaps she would  
have been less generous in that case,  
but she would have been far kinder.

The Germans have evacuated the  
Ladies' Road (Chemin des Dames).  
It may be no place for a lady at pre-  
sent, but it is an excellent location for  
doughboys.

The saying "few die and none re-  
sign" does not apply in Germany.  
Many are dying at the front and re-  
signation seems to be the favorite oc-  
cupation in official circles.

The people who love to pay over  
\$12.00 for their shoes will have that  
privilege until after the first of next  
June. They had better take advan-  
tage of their opportunity.

It is stated that at the beginning  
of the war the women of America  
were carrying about 30,000 tons of  
steel in their corsets. Could this be  
characterized as a corset waste?

Having moved two doors below the  
Baptist church on Richmond street,  
I am now ready to take boarders,  
also a furnished room and a good  
barn for rent. Mrs. John Bogie.

Secretary McAdoo has had time to  
run the Treasury and the railroads  
and speak for the Fourth Liberty  
loan too. Where did the gentlemen  
find so much more time than the rest  
of us have had?

The people who have been seeking  
for years to reduce ought to be very  
much obliged to Mr. Hoover for each  
successive set of his rules. Reducing  
is now an involuntary rather than a  
voluntary matter.

## THE PRESIDENTS WISH. (Editorial)

With near six hundred of our best young men of this county either in camp preparing to go immediately or already at the battle front in France we are convinced that the folks at home want and are anxious to do those things that will be the most helpful to them and the country at this time. The success and accomplishments of this country under the direction of President Wilson not only satisfies us all but is the marvel of the world, and for that reason the people of this nation regardless of political faith have the utmost confidence in the President and his administration.

They want and desire to follow his lead. On November 5th, the day of the regular November election the voters of this state will act in a matter of vital importance, one in which President Wilson is deeply interested. The result of this election will determine whether the senate of the United States will be Democratic or Republican, whether the party of the President will be in control or his opponents will direct the affairs of that important body. Realizing the importance of having the Democratic party in the majority, so that he may be assured that his plans and policies may not be overturned at an important time like this, President Wilson has addressed a letter to the people of this state urging them to send Governor Stanley to the Senate instead of Dr. Bruner the Republican candidate. Why should any unprejudiced voter in this county hesitate to carry out the presidents wishes and support the candidacy of Governor Stanley. He is an experienced and able legislator and executive. He has promised to stand with the President and his administration on all his war programs, and Governor Stanley has never failed to make good his promises. With a member of the senate endowed as is the Governor with natural gifts and broad experience in Washington, he can be of the greatest service to his country and to the present administration in carrying to a successful conclusion the huge undertaking now in hand. But says some opponent of Stanley that Dr. Bruner will assist the President in these big things. Can the President rely upon him? It is very natural and pertinent question. We think not.

It was only a few days ago when Germany asked for an armistice and a peace conference, the President was called upon to make answer. The Presidents reply is now history. Without waiting a moment the results, Republican leaders all over the country, including Senator Lodge of the Senate, Congressman Fess of the House, and ex-President Roosevelt began a systematic criticism which was harsh and uncalled for, now admitted. What would Dr. Bruner have done in this instance had he been in the Senate? What did he do at home? No one has heard of him disapproving of the action of these Republican leaders. Every voter in this county knows that Governor Stanley would have stood by the President and met these criticisms as did the other Democratic Senators from Kentucky. The issues are plain. If the voters desire to uphold the hands of the President, if the winning the war is the all important matter for this country at this hour, then vote for and send Governor Stanley to the Senate. Support the President. Follow where he LEADS.

## Dr. Byrne Locates In Danville.

It is very gratifying to the friends and patrons of Dr. J. J. Byrne, to know that he is to locate in Danville. He having recently moved there where he expects to locate permanently. He will still make his usual trips to Lancaster as heretofore and is expected to be in Lancaster for ten days or more during the month of November. His practice in Central Kentucky has become unusually large, and by locating in Danville, brings him nearer his patrons.

## Northcott Sells Poultry Business.

Owing to ill health, Mr. H. B. Northcott, who for the past twenty-five years has conducted one of the most successful poultry and egg establishments in Lancaster, has sold out his entire business, including his good will, to the Harrodsburg Poultry Company and the change will take effect next Monday morning.

No business man in Lancaster has made more friends in Garrard and surrounding counties than has Mr. Northcott and all will bear of his retiring from business with a tinge of regret, yet hope that a change will prove beneficial and that he will regain his health and strength and live many years in Lancaster to enjoy the friendship of his host of friends.

## Mill Closed For Profiteering.

For profiteering in the sale of mill feeds, the Crab Orchard Milling Co. was on Oct. 22 closed for 30 days and allowed to make a compromise settlement by donating \$100 to the Lincoln County Chapter of the American Red Cross. The amount was paid to the county food administrator and delivered to the Red Cross Chapter and the following receipt taken: "Received of J. N. Saunders, County Food Administrator, \$100 paid by Crab Orchard Milling Co. for profiteering, Oct. 22, 1918. Wm. Severeance, Chairman Lincoln County Red Cross."

The mill is closed with a notice placarded on its door showing why, and the key to the establishment held by M. M. Perkins, Deputy Food Administrator. Interior Journal.

## American Troops Great To Laugh.

John Kendrick Bangs, American humorist, has just returned from a trip to France where he lectured, many times within range of the German guns, under the official "Daddy" of one American division, and came home full of renewed enthusiasm for the A. E. F. "They're all bucked up and as long as they are that way they will be irresistible," was Mr. Bangs' verdict. "The easiest place in the world to arouse a hearty laugh is among the American troops overseas."

## Robert Long Farm To Sell Wednesday

The D. A. Thomas Realty Company will sell the 280 acre farm of Mr. Robert Long next Wednesday. This is considered one of the best and stone farms in the county and admirably adapted for the raising of the prize tobacco, for which Garrard county is so well noted.

The farm will be sold in several different tracts, to suit the purchaser, dinner will be served on the ground and valuable presents will be given away. That prince of auctioneers, Col. W. T. Davis, will be on the block and will cry the sale.

## Mr. McWhorter Sells Farm.

Mr. E. C. McWhorter, one of the best farmers in Garrard county and an all round gentleman, has recently sold his splendid farm near Paint Lick, containing 330 acres, to Clark and Riddle of Jackson county, for \$50,000. He will give possession about January 1st. In a few weeks Mr. McWhorter will sell his entire herd of live stock, farming implements, etc, due notice of which will be given in this paper. He doesn't know just yet what he will do in the future, but his friends are hoping that he and his estimable family will never leave Garrard county.

## Notice.

All property holders in the city of Lancaster are hereby requested to call at my store and list their property for City Taxes.  
J. R. Mount, City Assessor.

## GARRARD COUNTY ORGANIZATION.

### United War Work Cam- paign, November 11th to 18th.

The following organization for the United War Work campaign from November 11 to 18, to raise Garrard's quota of Ky's, \$1,770,000, has been perfected and is ready for the big job of raising \$9,495.50, the quota for this county:

County Chairman—G. B. Swinebroad; County Secretary—P. H. Hopkins; County Treasurer—J. Randolph Harris; Vice Chairmen who are directly responsible for the different affiliated organizations: Y. M. C. A.—W. A. Wheeler; Y. W. C. A.—Mrs. W. B. Burton, also the County Chairman of the Woman's Campaign; N. C. W. C.—Len Miller; J. W. B.—Mrs. Elizabeth Joseph; W. C. C. S.—W. F. Champ; A. L. A.—Mrs. Emma Kauffman; Chairman of Publicity Bureau—R. L. Elkin; Chairman of Speakers Bureau—L. L. Walker; Chairman of Boys' Campaign—J. R. Moorman; Chairman of Girls' Campaign—Miss Martha Kavanaugh; County Chairman of Colored Campaign—J. J. Green.

The following precinct chairmen have also been selected: Court House—W. A. Doty; East Park—L. G. Davidson; West Park—James A. Beasley; Buckeye—Oscar Ray; East Bryantsville—J. Hogan Ballard; West Bryantsville—Mike Kennedy; Walker School House—Mrs. Tom Cotton; Paint Lick—R. H. Ledford; Union—Mrs. Woods Walker.

On the authorization of President Wilson, the United War Work campaign has been organized under the direction of Dr. John R. Mott, chief executive of international Young Men's Christian Association, to raise the sum of \$170,000,000 to be apportioned among the various organizations for army welfare work, the greatest part going to the Army Y. M. C. A. The campaign starts the 11th of November.

Lieutenant Colonel Wheeler said: "Give me 999 men who have a Y. M. C. A. and I will have a more effective fighting force than if I had 1000 men without it." 999 men and Y. M. C. A. equals 1000 men.

General Pershing said: "A sense of obligation for the varied and useful service rendered to the army in France by the Y. M. C. A. prompts me to join in the appeal for its further financial support. I have opportunity to observe its operations, measure the quality of its personnel and mark its beneficial influence upon our troops and I wish unreservedly to commend its work for the army." Millions for Morale is what the campaign means. Will GARRARD COUNTY raise its quota of \$9,495.50? "No sacrifices we can make are comparable to theirs"—President Wilson.

## No More Sugar Permits For Canning Purposes.

No more sugar can be secured for canning purposes. Federal Food Administrator Fred M. Sackett has issued an order that the issuance of Saturday should be the last, and similar regulations have been promulgated by every Food Administrator in the United States. Exceptions will be allowed only in cases where a county administrator reports to Mr. Sackett that a particular lot of fruit will go to waste if not canned with sugar, and even then the sugar cannot be secured without written permit from Mr. Sackett. Merchants over the State are instructed in Mr. Sackett's order to turn in for redemption all their canning certificates.

## Generous Youth.

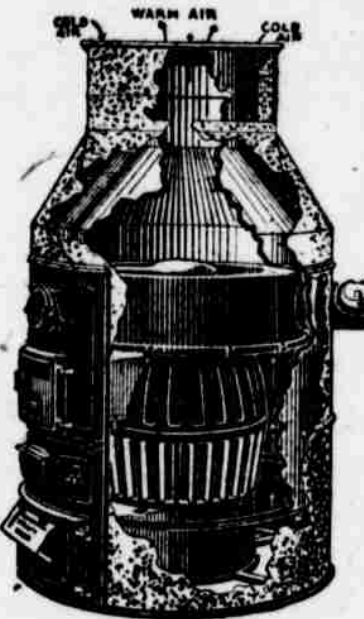

Victor Mahan, the ten year old adopted boy, of Mr. and Mrs. W. M. Mahan, will sell his pet calf, "Billy," next Monday, county court day, to the highest bidder and the entire proceeds of the sale to be divided equally between the fund being raised to build the Gilberts-Creek church and the local Red Cross Chapter of Lancaster.

The good people of Garrard county will see to it that the young calf of Victor's will bring a good price, and this generous young man is to be congratulated upon the interest he is showing in donating to these worthy causes. (The money derived from the calf for the benefit of the church will be turned over to Mr. W. L. Morris, or J. W. Elmore and the other half to the local Red Cross. Persons interested in these two movements should be on hand and at least give as much as Victor.)

THE ORIGINAL PATENTED PIPELESS FURNACE

This same circulation of the air is taking place through your entire house. The warm air rises to the ceilings and through doors, transoms, stairways and passageways, travels to the furthermost corners of every room on each floor. Every time the warm air enters the room it replaces cold air which is sent down to the Caloric to be heated and made pure. This is so simple that it sounds like mere theory, but 50,000 Caloric-heated homes were kept warm ALL OVER last winter, when old style furnaces and stoves caused parlors and spare rooms to be shut off, to keep the rest of the house warm. We KNOW that the Caloric makes good. It has been used by enthusiastic owners for years, heating homes thru-out, and saving many dollars on fuel bills.

MORE  
HEAT  
LESS  
FUEL  
MORE  
COMFORT  
LESS  
WORK

Come in and let us show you what the Caloric Furnace is doing in thousands of other homes. We will study your heating problem and advise you whether or not you can profitably use a Caloric. Come in and talk to us about this remarkable method of heating.

## Clark County Sale

We are carrying in this issue the advertisement of one of Clark county's land sales, being promoted by Col. Boliver Bond, of Versailles.

The farm consists of 455 acres and adjoins the city limits of Winchester. It will be sold in six different tracts to suit the purchasers and is said to be very productive. Read the description on another page.

## Good Selection.

The Walnut Street tobacco warehouse at Danville has recently changed hands and in the future will be known as the FENNER'S Warehouse announcement of which appears in this issue of the Record.

Mr. Charlie Anderson will be one of the representatives in this county and a better selection could not have been made. Charlie knows practically everyone in the county and it will be mighty hard to get by him if you are thinking of taking your tobacco to another market.

## Harvey Helm in Town.

Hon. Harvey Helm paid Lancaster a pleasant visit yesterday and was has many friends here who are always ready to go their full length for given a very cordial welcome as he him. Mr. Helm has stayed loyally by the President and has been "on the job" constantly at Washington, this being his first visit to Lancaster for many months. He has served his country with fidelity and efficiency. He seems more interested in the election of Governor Stanley to the United States Senate, than he is in his own race and wants to see Garrard county roll up a large majority for both he and the governor. He is highly pleased with the flattering prospects which assure him that Garrard will turn out a nice democratic majority and says he never saw the party better united in the county than it is at present. He expects to return here in a few days and if the epidemic of influenza will permit, may make a few speeches for Stanley before the election of November 5th.

Re-cleaned seed wheat, seed rye and barley. Hudson, Hughes and Farnau.

## Painting Tower.

The painting of our water tower is now being executed by our local painter, Mr. R. S. Moore, and is attracting much attention from the populace below, as he moves about the top of this huge reservoir, with the same ease as if he were on the ground. He has a swinging basket, manipulated by ropes, which gives him access to the lower part of the tower, which is 165 feet from the ground.

## Novel Picture.

Mr. Clarence Wilder, one of our local salesmen, is quite proficient with the kodak, and has just completed some pictures of the town and public park, which he took from the top of our water tower, 165 feet from the ground. Our park from that distance looks about the size of a large size washing tub, and many when shown the picture, thought it might have been taken from an aeroplane.

## Buys Many Mule Cols.

Mr. Bowen G. Fox, of Danville, a mighty clever gentleman and one of the most liberal mule colt buyers in Kentucky has purchased a number of the young hybrids within the past month for different parties throughout country. He told us of the following purchases: At Shelbyville last Monday he bought twenty-four top mare mules at an average of \$85; at Lawrenceburg twenty-three, all mares but two, costing from \$75 to \$100; these were purchased for Col. R. G. Evans and William Durham. At Springfield last Court day he bought fifty-two head, two-thirds of them being horse mules that averaged \$54.00; at Harrodsburg, on September court day he bought 87, costing from \$40 to \$65. These were purchased for F. G. Jones, of Cleveland, Ga. On another day at Harrodsburg he bought for Kendig, of Penn., ninety head at an average of about \$60.
