KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Continued from page 1

have it. She also testified that he took the money with her consent and that of her grandfather's. Another witness for the plaintiff was her guardian who said Tabeling handed the money over to him.

The defendate did not take the witness stand, but his Attorney, Claude Mercer made the plea that the defendate was not guilty of larceny or taking the money unlawfully, that it was merely a brotherly act and a mis-apprehension on the part of the plaintiff. As the evidence was not strong enough against the defendate both attorneys agreed to dismiss the case.

It is stated that about \$30 of the \$104.91 which Miss Tabeling said was in the trunk, had been raised by public subscription from the L. H. & St. L. shop men and the citizens for Miss Tabeling and her five younger sisters who were left orphans. Mr. Luther Pate was appointed guardian for the Misses Tabeling.

Little-Known Hero.

Of the many stories of heroism during the war on which official records are silent but which are being brought forth with relaxation of the censorship is that of Captain Larcombe of the antiaircraft defenses of the London (Eng.) district. His job for four years has been to find and dispose of German aerial bombs that failed to explode when dropped on London.

After each air raid, and in the early part of the war there were many, Larcombe and his men would go about the city seeking the "duds." It was dangerous work extricating them from wherever they happened to drop, transporting them out of the city and exploding or otherwise destroying them. During the excitement after a raid few people thought of the bombs that failed to "go off," but all of them have ceased to be a menace to the city.
