Suffered For 12 Years But Now Feels as Well as She Ever Did in Her Life.

"I have actually gained twenty-four pounds in weight in the last few weeks," and but for Tanlac I don't believe I would be alive today," said Mrs. Gertrude Gartree, of 528 1-2 Broadway street, Toledo, Ohio. "For the last twelve years I have

been in a terribly poor state of health and getting worse all the time. My appetite was so poor I just had to force down everything I ate, and always after meals I had sharp pains in the pit of my stomach and a burning there that felt like a coal of fire, and I suffered agonies from the gas that

was always forming.
"I was so nervous I shook like a leaf, I had almost forgotten how it felt to lie down and sleep quietly all through the night. There was a swelling in my feet and legs that bothered me a great deal, and I was so weak I would break down if I tried to get through my house work. I was just about half dead, and had taken so much medicine that did me no good I had despaired of ever being well

"But to see me now, nobody would think I had been through all these with me now, and I have gained so in weight and strength I feel as well as I ever did in my life.
