PROF. C. T. KIRKPATRICK.

Now Principal at Dick White College, at Fayetteville, Tenn.

Prof. C. T. Kirkpatrick, formerly connected with the Hopkinsville Public Schools, is now the principal at Dick White College, at Fayetteville, Tenn., a co-educational training school established nine years ago. The next session will begin August 23rd. The property is owned and controlled by the Cumberland Presbyterian church in Fayetteville, but the school is unsectarian. The total number of pupils last year was 131.

This position was offered to Prof. Kirkpatrick before he left Hopkinsville, but he had not formally accepted the place.

The Professor's many friends in this city will note with pleasure his advancement in the profession he has adopted as his life-work. He is a young man of a high order of ability and scholarly attainments and the three years of experience he had in the schools of this city has fitted him well for the discharge of the duties of the higher position he has been called upon to fill.

MATT WALL'S BURIAL

Took Place This Afternoon from
Mr. J. T. Wall's.

The remains of Mr. Matt H. Wall, of Clarksville, were brought to this city last night and taken to the home of his cousin, Mr. J. T. Wall.

The interment took place at 2:30 o'clock this afternoon at Hopewell cemetery. A large number of the friends of the deceased followed his body to the grave. Mr. Wall was 38 years old and unmarried.

Mr. Wall was a son of B. J. Wall, Sr. and was born in Cadiz, Ky., in 1862.

He had fine business qualifications and at one time amassed a fortune of \$30,000 in Wichita, Kan., but lost it when the boom collapsed in that town. He was liberal with his money and though he made a good deal he spent it about as fast as he made it and leaves no considerable estate.

Among his relatives from out of town who attended his burial were Mrs. Titia Wall and Mrs. Tom Amoss, of Cobb; Mrs. Dr. Clarence Anderson, of Princeton; Mr. and Mrs. T. J. Wall and Mr. and Mrs. B. J. Wall, of Gracely.

FIFTY RESPONDED.

The Wheelmen Met and Psraded
Last Night.

The invitation of the wheelmen of the city to meet at Moss' bicycle store last night was accepted by about fifty of the bicyclists.

After a general conference and discussion, it was decided to organize a League in the city and 26 charter members enrolled their names.

The organization was not completed, but was postponed until next Thursday night, when another meeting will be held.

After the business of the meeting was concluded, about 45 of those present engaged in a ride over the principal streets of the city; with their lamps burning and bells ringing, the crowd made quite an imposing parade.

SEVENTY-FIVE CONVERSIONS

Have Been Had at the Revival at
Hickory Point Church.

Rev. T. W. Noland, of this city, is conducting the most successful revival ever known at Hickory Point church, in the Fifteenth district of the county, says the Clarksville Times. Up to date there have been seventy-five conversions, and congregations numbering as many as 600 attend the meetings nightly.

Capt. Mc J. Davis, who has been quite sick for several days, is much better and is now able to be up.

THE GROWING CROP.

A Fine Report From Over the Tobacco Growing District.

Reports received from all over the county concerning the growing crop of tobacco is to the effect that the weed has a most luxuriant growth in most sections and the prospects are that the full crop will be housed. In North Christian the crop is looking well and there is no complaint of "frenching", owing to the fact that the rains have not been so heavy as in other sections of the dark tobacco district. In some sections of South Christian, where the plants were set on very low land, there has been considerable "frenching." Taking the growing crop as a whole it looks now as if it will be about the best that has been raised in the county for several years. There is no complaint of worms, and the suckers are being managed by regular hands employed at the beginning of the year to raise the crop.

TWENTY-TWO UNSTAMPED.

Marriage Licenses at Clarksville
Cause Trouble.

The Clarksville Times says 22 marriage licenses issued since July 1 in that city are illegal by reason of having no revenue stamp upon them. The County Court Clerk is very anxious to have the interested parties return the licenses as early as possible and correct what may prove to be a very serious mistake. As there have been several couples of Kentucky elopers married in Clarksville in that time, some of them should go back to Clarksville to investigate. They may not be as tightly tied as they think they are.

HALF A HUNDRED

Colored Recruits Sent Out From
Hopkinsville.

Lieut. W. T. Johnson returned to Louisville last night after mustering in and sending to Fort McPherson 25 colored recruits for the 10th cavalry. Regimental Clerk, Geo. H. Keller, col., left for Memphis and will then return to Clarksville to enlist recruits.

This lot makes nearly 50 colored recruits Lieut. Johnson has enlisted here and sent South.

Wallis' Grocery has furnished two of the number, a porter and a driver, and Mr. Wallis says he will be ready for the next war with more recruits.

SIMPLY AWFUL

Is the Situation of the Army
at Santiago.

The Immediate Withdrawal of All
the Troops Imperatively Nec-
essary, Say the Generals.

Washington, Aug. 5.—(Special.)—The following statement of the condition of affairs at Santiago has been received in a report from the various commanding officers made to Gen. Shafter. It was written by Col. Roosevelt and endorsed by Gens. Kent, Bates, Chaffee, Sumner, Ames and Wood.

"Maj. Gen. Shafter—Sir: In a meeting of the general and medical officers, called by you at the palace this morning, we were all, as you know, unanimous in view of what should be done with the army. To keep us here, in the opinion of every officer commanding a division or a brigade, will simply involve the destruction of thousands. There is no possible reason for not shipping practically the entire command North at once. Yellow fever cases are very few in the cavalry division where I command one of the two brigades, and not one true case of yellow fever has occurred in this division, except among the men sent to the hospital at Siboney, where they have, I believe, contracted it. But in this division there have been 1,500 cases of malarial fever. Not a man has died from it, but the whole command is so weakened and shattered as to be ripe for dying like rotten sheep when a real epidemic like the present, strikes us, as it is bound if we stay here at the height of the sickness season, August and the beginning of September.

"Quarantine against malarial fever is much like quarantining against the toothache. All of us are certain, as soon as the authorities at Washington fully appreciate the conditions of the army, to be sent home. If we are kept here it will in all human possibility mean an appalling disaster, for the Surgeons here estimate that over half the army, if kept here during the sickly season, will die. This is not only terrible from the standpoint of individual lives lost, but it means ruin from the standpoint of the military efficiency of the flower of the American army, for the great bulk of the regulars are here with you.

"The sick list, large though it is, exceeding 4,000, affords but a faint index of the debilitation of the army you command. Not 10 per cent. are fit for active work. Six weeks on the north Maine coast, for instance, or elsewhere, where the yellow fever germ can not possibly propagate, would make us all as fit as fighting cocks, able as we are eager, to take a leading part in this great campaign against Havana in the fall, even if we are not allowed to try Porto Rico.

"This army must be moved at once or perish. As the army can safely be moved now, the persons responsible for preventing such a move will be responsible for the unnecessary loss of many thousands of lives.

"Our opinions are the result of careful personal observation, and they are also based on the unanimous opinion of our medical officers with the army, who understand the situation absolutely."

The report created a profound impression and the dispatch of the sick soldiers home will begin at once.

IMMUNE

Regiments Ordered to Relieve
Gen. Shafter.

Immediate Removal of the Sick
Soldiers From Santi-
ago de Cuba.

Washington, Aug. 5.—(Special.)—The following official statement was issued yesterday evening:

"War Department, Adjutant General's office, Washington.—The secretary of war has ordered Gen. Shafter's troops relieved from further duty in Santiago as fast as transportation can be provided and the transfer of Spanish prisoners will admit of reduction of the garrison.

"American transports now at Santiago are as follows: Catania, 800 men; Gate City, 600 men; Grand Duchess, 1,200; Miami, 90; Matewan, 720; Vigilance, 800; Olivette, 500; Berkshire, 250; total, 5,770. These will sail for New York as fast as they can be comfortably embarked.

"The rest at Montauk Point, L. I., will prepare these seasoned troops for the campaign against Havana, in which they will probably take part. The first transport left Santiago yesterday. The movement is expected to be completed by the 20th of the month. Five United States volunteer regiments, immunes, have been ordered to Santiago for garrison duty; the first has already arrived, the others are being pushed forward as rapidly as transportation can be furnished."

He Is Still Absent.

A reward of \$25 has been offered for the arrest of Monroe Bullard, who absconded with about \$100 collected from Clarksville saloonist belonging to the Pabst Brewery. No trace of him has been discovered so far.
