Six Americans Wounded

In a Brush at Guayama.

Washington, Aug. 10.—(Special.)—Companies A. and C. of the Fourth Ohio volunteers narrowly escaped destruction in an ambush near Guayama Monday afternoon. The companies constituted a reconnoitering party, and the news of the attack created great alarm at Guayama. Reinforcements were rushed to the scene and the men dragged a dynamite gun five miles. The Spaniards could not face the dynamite shells and they fled in disorder after the first shot. Six of the reconnoitering party were wounded. It is believed the Spaniards are preparing to offer desperate resistance to the American advance on San Juan.

WEATHER BULLETIN.

Crop Situation in Western Ken-
tucky From Official Reports.

Christian County Makes a Good
Showing—Fine Week for
Growing Crops.

General Review.

The warm, showers of the past seven days were very favorable for all growing crops. Corn continues in excellent condition, is maturing rapidly, and, in some sections, a heavy yield is already assured. The tobacco crop shows great improvement, though there is still some complaint of frencing. A number of correspondents comment upon the remarkable scarcity of the injurious tobacco worm. The threshing of wheat and oats is not yet entirely completed, owing to rains, and complaints continue of the grain rotting in shock and stack. All minor crops, gardens, and meadows have been benefited by showers. The ground is in unusually good condition, and plowing for fall wheat is progressing very well.

Western Section.

Ballard—Corn and tobacco doing well; unthreshed wheat damaged by excessive rains.

Caldwell—Plenty of moisture, good growth and splendid prospects; corn in roasting ears; tobacco is good; no worms.

Calloway—Rain has improved corn and tobacco very much; crop prospects excellent.

Carlisle—Wheat nearly all threshed; tomatoes ripening; plowing for wheat progressing; tobacco very good, some frencing; some damage from winds and rains.

Christian—Corn doing well with splendid prospects; tobacco also; no worms.

Graves—Warm weather with less rain has improved crops greatly; late tobacco advancing rapidly.

Hancock—Corn maturing; tobacco looks well and is nearly all topped; very few worms.

Henderson—Wheat threshing delayed by rains; dry in localities; corn in condition.

Hopkins—Good rains and good crops; tobacco is exceptionally good and corn has improved very much; threshing about over.

Logan—Crops of kinds are doing well; seed clover very good; some localities need rain; some chinch bugs at work.

Marshall—Tobacco on highlands improved; corn slightly damaged by winds; a heavy corn crop is assured and tobacco will be better than expected; plowing progressing.

McLean—All crops growing rapidly; threshing nearly finished, and meadows all saved.

Muhlenburg—Less worms than ever; tobacco promises a large crop of good quality; corn is earing well and will be a good crop; some are plowing for wheat; large crop of turnips sown.

Ohio—Rain needed in localities; tobacco doing well.

Trigg—Large yield of corn assured; tobacco growing too fast and not spreading properly; too much moisture.

DIED IN JAIL.

Mrs. Jno. T. Orr Suicides To-day
Shortly After the Lynching

Of Five Negroes, Her Accompl-
cis Were Hanged
By a Mob.

Clarendon, Ark., Aug. 10.—(Special.)—Mrs. John T. Orr died in jail to-day shortly after the lynching of Will Saunders, Dennis Riccord, Mance Castle, Rilla Weaver, and Susie Jacobs, negroes employed by her to kill her husband. She took morphine. Rachel Morris, Mrs. Orr's friend, has disappeared.

Mr. Orr was shot through a window and instantly killed last Saturday night. No clew could be found to the murderer but the Sheriff was very busy for a short time. He found several negroes who said Mrs. Orr had offered them money to kill her husband. The Sheriff acted promptly and arrested Mrs. Orr and five negroes.

Mrs. Orr, after being in jail for some time, confessed that she had procured the commission of the murder because she could not live with her husband no longer on account of his cruelty to her.

The coroner's jury returned a verdict of death at the hands of Will Sanders, and that Mrs. Orr, Mrs. Morris, a young Jewess who was chum of Mrs. Orr, Mance Castle, Will Weaver, Dennis Riccord and Susan Jones were accessories.

Circuit Court was to be convened in extra session but the mob thirsting for blood took the five negroes out of jail and lynched them.
