## Report of Grand Jury April Term Rockcastle Circuit Court

The Jury having completed its session reported on Wednesday May 1.

That report is a matter of record but a general report not required by law we believe, might be of interest to the public.

In the first place it is gratifying to find so many men representing the best citizenship of the county, anxious and willing to impartially investigate all complaints of violation of law brought to the notice of the jury.

It would be more gratifying if there had been no cause for finding anyone guilty of lawlessness.

It will be found that a large majority of the cases in which indictments were found was due largely to improper use of intoxicating beverages. We believe that the unlawful sale and use of alcoholic beverages had been eliminated, there would have been but little need for the grand jury of this session and certainly for not exceeding three days.

It is to be regretted may deplored in shame and sorrow, that so many of our neighbors, bright young men, of amiable disposition young men whom we like, should allow themselves, for pleasure or profit, to engage in the unlawful use of liquor in any form.

Most of the apparent violations are committed by irresponsible men, from other places, unknown to the general public, who go from place to place to supply the demand for liquor. Again we deplore the fact that some of our older men, who are willing to lend themselves and their influence, and aid, to assist in the "Blind Tiger" business.

While the laws remain as they are every man can "order" for himself the drinks required, for his own use without resorting to the practice of, becoming the agent for the liquor sold or given away in the county.

The saddest feature however of the whole business is to see how low some of our boys have permitted themselves to be led, by the example and influence so glaring and frequent in town, out of town at public gatherings for worship or otherwise.

Another regrettable, and deplorable fact, is the bitter prejudices manifested, by religious people and people of no religion, church members, and citizens, men and women, who have no church relations against their neighbor, and fellow citizens, because of their different views of doctrine, and mode of worship.

There is no religion nor christianity, in quarling and disputing with our neighbor, as to his views of the teachings of the bible, or his mode of worship. Each of us claim for ourselves, apply it in our every day lives accordingly or reject it in toto.

This writer rejoices in the fact the liberty, of conscience, the freedom of speech, and the right to worship God, according to the dictates of our conscience, is the right of every individual, and of every religious sect or denomination, provided such speech, and such worship does not override the laws intended for the best interest of humanity.

An appeal to young men and boys who have wittingly of their own choice, engaged in violations of law would seem to be of no avail. An appeal to old or young who are not conscious of violating any law of nature, of God or of man would be as futile as it is vain.

If our sense of moral and religious obligations, have become so blunted, and perverted, or if

we have not yet become awakened and aroused to a sense of our danger the most urgent appeal will be of no avail.

We do not believe this is true. We believe that our officials desire better things, a quiet decent regard, for enforcement of law, for advancement in morals, and education, for the improvement of our citizenship in every respect and favor every movement designed for social improvement. In a word we trust that we are beginning to see and feel the necessity, of setting our faces against the pernicious habits that ruin our boys and girls, that bring poverty disease and shame to so many homes. We need not point out specifically what they are—any one blind to these evil temperances and their results are hopeless, blind and deaf to their own and the welfare of humanity.

In conclusion, it should be said that the inspection of our county jail revealed a condition creditable to our jailer, and he is to be congratulated on the seeing sanitary conditions of the jail and premises but some improvement to the jail itself, and the dwelling portion of it, would doubtless add to the comfort of the prisoners and the jailer and his family.

The foreman.

### THE WOMAN'S CLUB.

The Woman's Club will meet in regular session with Mrs. Annie Miller, Friday, May 10th, at 7:30 o'clock:

#### PROGRAM

Business, Parliamentary Drill, Current Events, Mrs. J. W. Brown. Literature—Eminent Day Poets and Humorists, in charge of Literature Committee, Miss Kefauver Chairman.

Walt Whitman, Mrs. Gentry Mark Twain, Mrs. Franklin Paul Lawrence Dunbar, Miss Watson James Whitcomb Riley, Miss Dodson Eugene Field.

Paper—Landscape Gardening, Miss Cleo Brown. An open meeting of the Woman's Club was held at the home of Mrs. W. J. Sparks on Friday evening, May 2nd. In addition to an enjoyable social hour during which ice cream and cake were delightfully served, a program was presented and several matters of business attended to.

The ten dollar prize so generously offered by Judge R. G. Williams, of Covington, has been divided by the vote of the club into two prizes to be awarded to the most attractive premises in Mt. Vernon, with special reference to the greatest improvement made during the summer. The club gave a hearty vote of thanks for the generosity and courtesy of Judge Williams.

The program presented by the club was especially appropriate to the season, being on the subject of birds. A duet by Mrs. Anna Miller and Miss Oskamp, and a solo by Mrs. Miller, added especially to the pleasure of the evening.

A pike from the Laurel county line to the Lincoln county line is the next thing in order. Let us all join hands and go to work to get it. We have a Fiscal court composed of progressive men and men who are willing and ready to act and do for the county, but like all other individuals they want to know that they have the support, cooperation and backing of the people on matters where the county finances are involved. The columns of this paper are open to those who desire to give expressions. With a million dollar cement plant starting in the county and many other enterprises soon to follow, it is up to the county to wake up and do something. Let's bestir ourselves and go to work to get two pikes, one from Laurel county line to the Lincoln line and one from the Big Hill to the Pulaski line. All go to work to get it, and just as sure as night follows the day, victory will crown our efforts. We would like to have an expression from every man in the county, and bear in mind that long windy articles are not what we want, but simply expressions from the people signifying your desire or position.

A "Good Roads" campaign looking forward to the building of these roads is what we want and need, so let's start such a campaign and keep it going until our efforts are crowned.

The Autopiano

## Dont Deny Yourself The Pleasure of Having Good Piano Music in Your Own Home

The piano is the greatest of all pleasure instruments for the home and it is no longer necessary to be an accomplished musician in order to play it.

Human Ingenuity has made it possible for anyone to play a piano by means of perforated music rolls—thus eliminating years of tedious practice—and placing the responsibility of correct playing on the piano rather than on the pianist.

## The AUTOPIANO

Has every device necessary to make the piano "human," but you will realize this only when you hear it played. That is why we want you to let us demonstrate The Autopiano. It's just like going to hear some great pianist play—only there is no admission charge.
