One tremendous expense being borne now by American taxpayers that will be lifted in the event of the election of a Democratic President and Democratic House is the cost of governing the Philippine Islands, which is being done against the desire of 95% of the Filipino people. Ten years ago Senator Hoar stated in the Senate that up to that time the cost had been \$600,000,000. Since then we have kept in those islands an average of 12,277 troops. It cost the government \$1,500 annually to maintain each soldier. The cost alone of maintaining the military forces in the Philippines last year was over \$26,000,000. It is safe to affirm that the sum which would be annually saved, were the United States to relinquish sovereignty over the Philippine Islands, would not fall short of \$50,000,000. Democratic success means the divorcing of the islands and Republican success means their retention.

Theodore Roosevelt, candidate for a third term as President, said recently: "Taft now represents the bosses, and the Republican party is composed of them and the vested interests of the country."

And President Taft said: Roosevelt is not a Republican, but represents a one-man party whose chief advisers are the harvester and steel trust magnates."

Senator LaFollette, of Wisconsin, also a Republican, says both Taft and Roosevelt are telling the truth about each other. And LaFollette has had enough experience with both Messrs. Taft and Roosevelt to know what he is talking about.

The answer is: WIN WITH WILSON!

The Government now has in its vaults gold to the amount of \$1,221,000,000. A large part of this is in coin or bullion held against gold certificates scattered through the country. Of what is known as "free gold" there is in the treasury probably \$200,000,000. Under any adequate banking system this "free gold" would be at the service of the business of the country. If there were a stress and it was decided that the government should come to the rescue the only means of utilizing this hoard would be for the Secretary of the Treasury to deposit it in the banks. Who should it not be at the service of the country at all times?

There would be more people at the top if it wasn't so easy to slide back again.

The Governor of the State has proclaimed Tuesday, October 8th, 1912, as "clean-up" day in Kentucky. This is a matter of the greatest importance to the public, as a united effort in this direction will surely reduce the fire waste, and in time the fire rate. Occasioned by this, an exchange very truthfully says:

"October 8 has been officially designated as a clean-up day in Kentucky for the purpose of reducing fire dangers.

If this day were religiously observed throughout the Commonwealth there would be fewer fires to record within the next twelve months to come. The general removal of rubbish in and about business houses, factories, residences and other places would amount to a big reduction in fire hazard. The putting in order of houses and premises in advance of winter would save many losses that are sure to come otherwise through defective flues, stoves and other heating arrangements and through the neglect of those precautions which, while simple and easily practical, are of much importance to personal and general welfare."

If it takes Montgomery county as long to go dry even after the victory at the ballot box is proclaimed as it has Powell county, there will be many a wet day yet in Mt. Sterling. The saloon people find their business very remunerative even if they do sustain a perpetual lawsuit in addition to the regular license fee.

Whiskey was sold here for several years after the first decisive vote was taken. To finally carry it dry three votes were taken and two of them thoroughly tested out in the courts.

H. G. CRABTREE & COMPANY.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dol-

lars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Ointment Cure.
