

**Out of State Paper Stock**

For the first time in twenty-five years The Times is printed by us on white paper stock that came from out of the State. For so, these many years The Times has believed in patronizing Kentucky firms and factories. Thus we have ever bought our paper from Louisville jobbers. It happened that the Louisville concern that has been supplying us with print paper was out when we last ordered it, so we ordered from another house in Louisville which also has a warehouse in Cincinnati. Our paper was shipped from Cincinnati, presumably because the Louisville stock was exhausted.

We sincerely believe in Kentuckians patronizing Kentucky concerns for the sake of Kentucky development and religiously try to carry out our beliefs along this line by persistent practice.

"United we stand, divided we fall."

**Farmers up With Their Work**

Most farmers of the county are through planting corn and otherwise well up with work. Corn is coming up well. The warm weather just suits it to make it grow. Meadows and oats are suffering from the dry weather. Nothing but short crops will save the farmer and make prices high, if then. Altogether, the farmer is harder pressed today than ever before known, and his condition in this county is not so bad as in other places.

**Tired Out?**

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

**Foley Kidney Pills**

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 29th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and gas floating through before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble disappeared. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

**Tharp Beats Them All**

R. M. Tharp, game warden for the 9th district which embraces Powell county, made more arrests and collected more fines than any of the wardens in the state during the month of April. Mr. Tharp was very active in Powell county during April, where he made several arrests and collected considerable fines.

**Church Ladies Busy**

Both the Methodist and Christian church ladies sold ice cream show day. Each did a splendid business and realized nice returns for their trouble. They supplied nice cakes and candies with their ices which was enjoyed very much by the public.

**More Bathers Than Fish**

The river, since the warm days, is apparently fuller of bathers than fish. The sport is fine they say and greatly helps to bring down the temperature when diving in the shady stream.

**Court Inspects Road**

The Powell Fiscal Court went over the new Powell-Clark road Saturday and pronounced it O. K. They also viewed the work on the community aid road and found it also very satisfactory. In fact as much so as the State aid road though it did not cost near so much. This court is a sure enough good roads court and should be encouraged in their splendid work.

Keep your eye on the Community Aid project.

**Crude Oil Drops Further**

Another drop in crude oil further depresses operations in the oil field, throwing many out of employment. Refined oils and gasoline do not drop in proportion. But this is an era of one-sided operations altogether with the rich getting the better end of it. Well, labor and farmers have held stiff upper lips for several years, and we guess speculators think time about is fair play.

**Why Papers Were Late**

Last week all out of county papers were several days late, but this was unavoidable on our part. We had only three hundred sheets and we took the list as we came to it, resulting in several offices in the eastern portion of the county and all out of the county lists being held up until Monday when we received a shipment of paper stock and the rest of the list printed and mailed.
