

Write Ideas for Moving Picture Plays

YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY

We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

You Will Earn \$100.00 Monthly for Spare Time Work.

FREE Send your name and address at once for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your future.

The November Recessional.

For half a year we have been fed on nervous excitement. We have lived with politics and baseball and football, with war and with murder, till the mind is slightly weary of the glare. That period of high excitement is ending. The tumult is dying in a long receding roar. The torches of the political redeemers and their marching men burn out. The clean turf of famous fields lies buried under leaves and the early snow. Bleachers and grand stands are as empty as the heart of SCROOGE. From their recent frenzy, the people return to steadfast ways. Now, as always, men build their homes out of love, and, by the hard work of their

hands, safeguard it against change and loss. That is the stuff of history, under the drums and trampings of the conquests. Then, as now, men turned to the age-long striving, lighted for a little by youth's romance, and warmed through, after years of sag and weariness by the steady comforts of the home. Always men live in these invisible values, and go about their ancient work.

If you get more pay than the man who works with you, you must do more work. Employers don't pay for good looks. Another thing employers appreciate: clean work—work that no one is compelled to do over after you.

Clippings From the Snagtown Torchlight.

As Mayor of Snagtown, Captain Jack Barnett, who is also editor of this paper, placed the money appropriated for the new town hall on Wilson to win, and won enough money to build the hall and pave the streets.

Snagtown, with a population of 403, has 316 applicants for the job of postmaster so far, but others will surely press their claims. As Mayor of Snagtown we are praying night and day that there will be enough offices to go 'round.

Captain Jack Barnett, editor of the Snagtown Torchlight and chairman of the county Democratic committee, has just returned from an inspection of the White House. He reports that the building is in a perfectly satisfactory condition.

"Bobbie" Ellis, poet laureate of Ryestraw Valley, had a love song for breakfast yesterday, and if his strength and the kerosene holds out he'll have a heavy Ode for dinner tomorrow.

There will be a shortage of sorghum molasses around Chidding Switch this winter, but Steve Sovish says we still have Miss Frizzie Alsop left.

Columbus Alsop, who got his ears frost-bit last fall while out stealing corn, has learned that it pays to do right and if he goes out at night any this fall he will wear his earmuffs.

"Dad" Lindsay spent Tuesday over at Musket Ridge moonshine still, trying to miss his chill.

The patrons have complained so about the constant change of school books that the Teacher of the Wild Onion school has deemed it advisable to cut down expenses by closing the school until the scholars forget all they have already learned so he can take them through the same books again.

You can't cash in a grudge for what you may think it's worth.

To Consumers of Natural Gas.

In answer to many inquiries, the management of this company is pleased to state that the plans which were made public last fall, for extending its main lines across the mountains of Kentucky to the West Virginia gas fields, have been put into execution; the work of constructing the line has been vigorously prosecuted—although from the nature of the country it has been a difficult and costly undertaking—and we are absolutely sure of its completion in ample time to furnish all consumers with a full supply. We deem it proper and fair to give our consumers this information so that they may know how definitely our company is faithfully performing its promise to use every effort to furnish them with a full and dependable supply of natural gas for many years to come; and also to notify them that after the regular reading of meters in the month of December, 1912, the rates will be advanced five (5) cents per thousand cubic feet.

War in the East.

Few conflicts have exceeded in fierce fighting those waged between the Bulgarians and the Turks. The reason is not far to see. The battles between the opposing forces have been personal conflicts. Every Bulgarian saw red when he faced a Turk. He went into the fight with a personal hatred, not only against Turkey as a nation, but against every individual Turk. He would have liked to settle the matter in a personal combat. He personally had suffered from Turkish oppression and he personally longed to square things by assault on the person of a Turk. This is the reason why the Bulgarians fought with such Berserker rage, such reckless courage, such entire abandonment of self. The oppressed at last had a chance to even things up with his personal oppressor. And the war is, where the individual Bulgarian soldier is concerned, a war for a woman. On the border no Bulgarian maiden was safe. When the morning dawned she awoke happy over her betrothal to some sturdy Bulgarian lad. When evening fell she graced some Turkish harem and the sturdy lover, killed by Turkish soldiers, lay in the field which was to furnish them means for a little home. Religion also plays its significant part in the strife. It would be a beautiful fact, of course, if one could correctly picture the Bulgarian as the ideal Christian, faithfully following the dictates of the Master. The Bulgarian, however, is probably like the average man everywhere else. He takes his religion as passively as he goes to bed every night. Let a man try to prevent him from the more or less formal exercise of his religious beliefs, however, and he becomes like a lioness about to be deprived of her whelps. Anyone who visions the Bulgarians as the ideal Christian because he is now fighting for Christianity would meet with a rude shock if he lived for a while among the fierce enemies of Turkey.

Thousands of women owe their youthful appearance to Herpelide's Herpelide. SMOKELESS
OIL HEATER

is the result of years of scientific study and experimentation. It is today the most efficient and yet the most economical heating device obtainable.

The Perfection Heater burns nine hours on one gallon of oil. A simple, automatic device prevents smoking. Easy to clean and re-wick. It is ornamental (nickel trimmings, with plain steel or enameled turquoise-blue drums). Inexpensive. Lasts for years.
