NOT IN FEAR OF AN ATTACK

**Huerta Smiles at Suggestion
That Rebels Will Try
to Capture Him**

SPENDS MUCH TIME IN RAILROAD COACH

**Military Companions, Not So Con-
fident. Extend Outposts Guarding
Puerto Mexico—Zapata Causing Ap-
prehension.**

PUERTO MEXICO, July 20.—Gen. Huerta today shrugged his shoulders and smiled contemptuously at the idea that the constitutionalists, known to be but a few miles from here, would dare to attack the city. His military companions did not display the same degree of confidence, and plans were made for extending the outposts, to prevent the constitutionalists from approaching nearer. Huerta passes most of his time in the railroad car in which he came from Mexico City. The ship which will take the women and children away was expected to reach here today, but it is not thought likely that any of the refugees will embark before tomorrow.

WASHINGTON, July 20.—While government officials here feel that the Mexican problem is rapidly shaping itself for solution and that the constitutionalists and Cardinal government soon will reach an agreement for the establishment of a new administration, much apprehension is manifest over the possible opinions of Zapata's forces.

Dispatches from Mexico City and Vera Cruz, which declared the followers of Zapata were dangerously near the capital, are confined by advice to the state department.

Officials here for some time have been cognizant of the strength of the Zapata troops, but the American government has been able to exert its influence with Zapata to prevent an attack on Mexico City.

Emissaries from Gen. Carranza are now in communication with Zapata and it is hoped through these parties to bring the military operations of the revolutionists under one head.

Constitutionalist forces are being hurried southward to help maintain order at the capital. The efforts of the American government are directed toward influencing a quick settlement between Carranza and Cardenal so that a stable government may be set up without loss of time.

BALLOONS LAND IN WALES.

Three of 24 Competitors for Paris Prize Nearly Blown Out to Sea.

LONDON, July 20.—Exciting landings were made on the Welsh shores today by three out of the 24 balloons which started from Paris in the annual race for the grand prize of the French Aero club. These balloons, after crossing the English channel, were obliged to descend to escape being driven out to the open sea. One of the pilots fractured a leg and sustained other injuries in landing, and another party managed to jump clear, but lost their balloon, which was blown out to sea.

In Paraguay there is found a "rail" which is a kind of glow-worm, which emits a strong red light from head and tail, but also a green light along each side of its body.

Base Ball LEAGUE GAME Tuesday, 3.30 P. M. Keene VS Brattleboro

Jumping from the cellar to third place in one week is going some—that's what happened last week.

If Brattleboro wins from Keene Tuesday we will be in second place.

COREY'S FIRST WIFE DUCKWORTH'S BRIDE

**Manager of Estey Organ Co.'s New
York Office Married in Noroton,
Conn., July 10.**

The quiet wedding at Noroton, Conn., on Friday, July 10, of Mrs. Laura Cook (Corey) and Lonn A. Duckworth, general manager of Estey Organ Co.'s New York office, is the latest episode in a remarkable life drama which began in Pittsburgh on Dec. 1, 1883, with the boy and girl wedding of Laura Cook and Bill Corey.

Young Corey, he was only 17 then—was earning only \$40 a month. But he and his bride cheerfully went to housekeeping, while fate started weaving the threads that were to bring millions of dollars, the presidency of the United States Steel corporation and the life of a nation, to a young couple in San Francisco, to disband in later years the peace of the Corey home.

Probably no woman under similar circumstances received more world-wide sympathy than did Mrs. Corey. From the time that rumor first linked the name of William Ellis Corey with that of Isabelle Gilman, the actress, through the period when she was obtaining her divorce until, on May 11, 1907, Corey and Miss Gilman were married.

Corey, before marrying the actress, made a settlement with his first wife, and the New York papers state that the payment made to her was \$3,000. Corey's first wife has made her home with her mother, Mrs. Frank Campbell of Swissville, Pa., since the divorce. It was while on a visit to New York that she met her present husband. Whenever Mr. Duckworth went to Pittsburgh on business after the first meeting he called on Mrs. Corey.

Although their intimate friends knew they were planning to be married, they were said to be, as both Mrs. Corey and Mr. Duckworth had expressed a desire for strict secrecy.

While Mr. Duckworth was installing a pipe organ in the Noroton Presbyterian church recently he and the pastor, Rev. C. Carlos Martyn, became friends. A report that the marriage was an elopement was disproved by the fact that the couple had received five days' advance notice when applying for a license.

Mr. and Mrs. Duckworth sailed for Europe Saturday, and it is understood that they will remain abroad until fall. Mr. Duckworth is a widower between 45 and 50 years old. It is not expected that he will resume his position with the Estey company, with which he has been connected for 23 years.

CANOE DAMAGED BY THROWN STONE

**Dropped from Bridge to Spatter Can-
opas—Practice Will Furnish Po-
lice Business if Continued.**

The action of young men who station themselves on the Connecticut river to spatter water on occupants of canoes is getting to be serious business. On Saturday evening a stone was thrown that struck the edge of a canoe and not only splashed water on the occupants, but tore a hole in the canoe that was a serious matter.

Offenses on the bridge come within the jurisdiction of the New Hampshire authorities, and if they are kept up there will be some business in the Hildale police court one of these days with some Brattleboro persons occupying the center of the stage.

BUILDING COLLAPSED.

**One Seriously and Two Slightly In-
jured When Union Block Fell.**

NORTHAMPTON, Mass., July 20.—The Union block at the lower end of Main street collapsed at 3.30 o'clock today, after a storm of rain had badly injured and two young women slightly bruised. The escape of 50 or more persons in the building at the time of the collapse is nothing less than a miracle. The rear of the building is a mass of ruins, the wall having fallen into the alleyway, the central part having completely collapsed so that beams, floor and roof are in the Woolworth Five and Ten Cent store. Great havoc has been caused, for in the debris are the paraphernalia of the Red Sea, the furniture of the Polish Naturalization club and the stock of the Five and Ten Cent store.

As soon as it was realized what had happened a fire alarm was turned in from box 17 and the firemen responded. They were at once set at work digging in the ruins in the alleyway. They had not dug down far when they found a checker board over the chest of Leo Golax, a Polish young man of 19, who lives in Masonic street and works in the Bay State cutlery. He was sitting at the rear window in the Polish club rooms at the time of the collapse. Over him were two or three feet of brick and dust and when he was taken out he was unconscious. He was lying with his head down. A taxi cab rushed him to the hospital. It was reported that he was dead and that there were many others in the ruins. The hospital made ready for a large number of patients. The nurses were called and they responded with alacrity and things were in readiness for many.

The total loss from the collapse of the building and the destruction of other property is estimated at \$60,000. The very existence of some people would seem to disprove the theory that there is no effect without a cause.

CONFERRING WITH ATTY. GEN.

**New Haven Railroad Presi-
dent and Directors Talk
with McReynolds**

SUIT IS LIKELY IN SPITE OF EFFORTS

**Government Will Not Listen to Any
Action That Will Cause Further De-
lay—Disposition of E. & M. Stock
Causes Trouble.**

WASHINGTON, July 20.—President Rust of the New York, New Haven & Hartford railroad, Moorfield Storey of Boston, general counsel for the system, President Hadley of Yale university and DeWitt Cuyler, all directors of the road, conferred today with Attorney General McReynolds and Assistant Attorney General Gregory in the hope of reaching some agreement for the dissolution of the New Haven system without a trust suit. After an hour's conference the New Haven directors left to confer among themselves, while the attorney general took their proposal under advisement. The directors have not changed their position in regard to the disposition of the Boston & Maine stock, which has proved a stumbling block to the settlement. It was suggested that the question of the Boston & Maine disposition be held in abeyance for the present.

The outcome of the conference, it is believed, will be the filing of a suit in equity in the Southern District of New York, asking for the dissolution of the road. It is known that Mr. McReynolds will not listen to any suggestion which will delay action. Unless the directors agree to the terms of the enabling act passed by the Massachusetts legislature providing for the sale of the Boston & Maine stock, a suit will be instituted without further delay. No argument by the directors will change the determination of the government, it was said last night.

It is known that the state of Massachusetts will not agree to the sale of the Boston & Maine stock unless it is made with the expressed understanding that it shall revert to the state at any time upon due and sufficient notice. When Gov. Walsh was last in Washington he pointed out that the legislation already passed had the approval of the public utilities commission and himself.

President Wilson also favors it, and Attorney General McReynolds feels that he has given the directors every opportunity to avoid a dissolution suit, and he will postpone it no longer.

FUNERAL OF MRS. S. B. EMERSON.

**Was Largely Attended Saturday —
Rev. R. M. Houghton Officiated.**

The funeral of Mrs. Sumner B. Emerson was held Saturday afternoon at 2.30 o'clock in the home on Oak street, and was largely attended. Rev. Roy M. Houghton, pastor of the Centre Congregational church, officiated, and Frodoz C. Adams sang. The burial took place in the family lot in Morning-side cemetery. There was a profusion of beautiful flowers. The bearers were three sons, Harry L. Emerson of Brattleboro, Charles S. Emerson of Milford, N. H., and Kenneth B. Emerson of Nutley, N. J.; Clark C. Fitts, a son-in-law; and two grandsons, Sumner B. Emerson of Nutley, N. J., and Paul S. Emerson of Brattleboro.

The out-of-town persons present included Mr. and Mrs. Charles S. Emerson and three children and Mr. and Mrs. Fred Barnes of Milford, N. H.; Kenneth B. Emerson and son of Nutley, N. J.; Mrs. Alfred E. Turner and Miss Madeline P. Emerson of Waterbury, Mass.; Carl S. Emerson of Greenfield, Mass.; Mrs. Helen I. Russell, H. L. Emerson and Mr. and Mrs. William K. Emerson of Wilton, N. H.; Wallace K. Emerson of Acton, Mass.; Mrs. Wallace Boynton of Northampton, Mass.; Mr. and Mrs. Anstin Richards of Keene, N. H.; Mrs. Albert A. Gilson of Walpole, N. H.; Mrs. W. N. Bearstar of Souverville, Mass.; and Mrs. Crestor P. Bates of Leominster, Mass.

FUNERAL LARGELY ATTENDED.

**Former South Newfane Dressmaker
Buried in Locust Ridge Cemetery.**

The funeral of Mrs. Nellie A. Sparks, wife of Carlton Sparks of Springfield, Mass., was held Saturday afternoon at 2.30 o'clock in the undertaking rooms of Bond & Son, Rev. Roy M. Houghton, pastor of the Centre Congregational church, officiating. There was a very large attendance as Mrs. Sparks, who was a daughter of Henry and Emma Houghton Frost of South Newfane, spent her early life in that village and did dressmaking before moving to Springfield and had a large circle of friends here. The display of floral tributes was unusually large and beautiful. The burial took place in Locust Ridge cemetery.

DEATH SUNDAY OF MRS. DANIEL LONG

**Was Respected Resident of This Town
67 Years and Formed Great Love
for Land of Her Adoption.**

Mrs. Daniel Long, one of the oldest, best known and most respected residents of Brattleboro, died at her home, 25 Cedar street, yesterday morning at 11 o'clock. Mrs. Long was born in Ireland 83 years ago. She came to this country at the age of 16 years, settled in this town and had remained a resident of Brattleboro 67 years. She witnessed the growth and progress of Brattleboro from a comparatively small village to the present large and thriving town. She was possessed of a strong character, led an active and strenuous life, was progressive in her ways, and was much interested in the growth and embellishment of the town. Her memory of old residents of Brattleboro was remarkable, and she delighted in relating to her many friends and acquaintances incidents and experiences in the lives of many of the early and active citizens of the town, when the town itself was in its infancy.

Mrs. Long was of a bright, cheery disposition and had a large circle of friends and acquaintances. She was deeply Christian and a kind and charitable neighbor. Although born in Ireland she frequently expressed her great love for the land of her adoption and the American people. About 14 years ago Mrs. Long suffered a great blow in the death of a daughter, Ellen, and of her husband. From this she never fully recovered.

Mrs. Long was the mother of six children, James and Ellen, deceased, and four who survive—Miss Bridget Long, who lived with and cared for her mother during her invalid years, Mary E. Long, a resident of New York city, Daniel R. Long, superior, Wis., and Rev. Father P. J. Long of Proctor, Vt.

Although Mrs. Long has passed from life full of kindly deeds and ripe in years, nevertheless her death will be much regretted by many friends and acquaintances, and kindly memories of her will live in the minds and hearts of her relatives and friends for many years to come.

Funeral services will be held in St. Michael's Roman Catholic church tomorrow morning at 9 o'clock.

ROBINSON ON TRIAL.

**Murderer of Police Inspector at Bos-
ton Carefully Guarded.**

Lawrence Robinson was placed on trial at Boston today for the murder of Police Inspector Norton the night of June 19. Unusual precautions have been taken by the officers to prevent any demonstrations during the Robinson trial. The officials refused to admit anyone to the court room without identification and plans were made to keep the prisoner in charge of an armed guard day and night. Robinson will sleep in the court house during the trial, instead of being returned to jail at night, which would necessitate a short walk out-doors.

These precautions are being taken as the result of information which reached District Attorney Pelletier and Sheriff Quinn in regard to the possibility of the presence in the city of western friends of the defendant.

BRATTLEBORO LOCAL.

One case of scarlet fever was reported Saturday to Dr. Henry Tucker, the health officer, at 9 Valley street, in the family of John Dawson.

The Ladies' circle of the Universalist church will hold an important business meeting in the church parlor Wednesday at 8 o'clock. Every member is urged to be present.

John Bessett, proprietor of Bessett's restaurant on Main street, has bought a small hotel in West Springfield, Mass., taking possession today. He intends to retain the ownership of the restaurant for the present.

The Epworth League of the Methodist society will hold a lawn party and ice-cream and candy sale Wednesday evening at the home of Miss Doris Smith, 23 Western avenue. It stormy Wednesday evening it will take place Thursday evening.

Promptly at 2 o'clock this afternoon when the Walker place playground was opened there were nine children on hand, which was considered satisfactory so early on an hour. The ground will be open until 2 o'clock. Mrs. Daniel J. Stolle is in charge today.

About 125 members of the Bible school of the First Baptist church went to Central park Saturday for their annual picnic. The weather conditions there were ideal and the day was a round of pleasure, with games, races, music, luncheon and forms of amusement that make a successful outing of that kind. Some made the trip by automobile, but most of the party went by train, returning at 6 o'clock.

James Donovan and Arthur Hughes, employees in the street department, gave the driver of a wagon no time to understand Saturday that they intended to carry out the orders of Road Commissioner Walker. They were rearing the street from the Wells fountain to the top of the hill on Putney road when a man undertook to drive over it. They told him three orders were not to allow people to drive on the new surface. Just then A. B. Clapp crossed it with his automobile, and the man allowed that he had as much right on it as anybody. He was told that Mr. Clapp had no other exit from his premises. The argument kept up until the men turned the team around, and the driver drove off threatening to have some arrests made, but he probably has cooled down since then.

WOMAN'S BODY IDENTIFIED

**Ada Taylor, 42, Was the Vic-
tim Found on the Beach
at Winthrop, Mass.**

BROTHER HAD NOT SEEN HER IN YEARS

**Medical Examiner Thought Death Was
Due to Drowning, But Cause of
Bruises on the Body Is Being Inves-
tigated by Authorities.**

WINTHROP, Mass., July 20.—Leonard Taylor, after viewing the body of the woman found off Winthrop Beach July 14, expressed the belief today that it was that of his sister, Ada Taylor, 42. He had not seen his sister since she left Nova Scotia several years ago, but she had recently been employed as a maid in the family of Michael Sears of this town.

Although the medical examiner has expressed an opinion that death was due to drowning, the authorities are conducting an investigation to determine the cause of the bruises on the body, which they think may have been made before death.

KING GEORGE LEADS FLEET.

**English Craft Later Passes in Review
Before Royal Yacht.**

PORTSMOUTH, Eng., July 20.—The British home fleet, consisting of over 200 fighting ships and an equal number of auxiliary craft, including submarines, torpedo boats, torpedo boat destroyers, and seaplanes, was led out to sea today by King George in the royal yacht. At the entrance to the English channel the ships passed in review before His Majesty, while a fleet of seaplanes flew in review above the royal yacht. It took the great fleet two hours to pass the reviewing station.

TO RECOVER DIAMONDS.

**West Virginia Man Claims Those Found
on Alleged Murderer.**

BOSTON, July 20.—Henry J. Omlich of Huntington, West Virginia, brought suit in the superior court today to secure the possession of \$50,000 worth of diamonds and jewelry taken from Lawrence Robinson and Joseph Bailey, when they were arrested after the shooting of Police Inspector Norton the night of June 19. He claims to have identified much of the jewelry as that stolen from his store last March.

CHOSE WORKHOUSE TERM.

**I. W. W. Leader Sentenced for Incit-
ing Union Square Riot.**

NEW YORK, July 20.—Beckey Allison, a woman leader of the Industrial Workers of the World, was sentenced to serve three months in the workhouse for inciting a mob of her followers to riot in Union square last April. She was given the choice of a prison term, or release under bonds of \$300 to keep the peace, but elected to go to the workhouse. Her friends assert that she will enter upon a hunger strike at once.

BALL PLAYERS MAY STRIKE.

**Fraternity May Take Drastic Action
to Enforce Demands.**

NEW YORK, July 20.—Drastic action, possibly in the form of a strike or walkout of the baseball players in the National and American leagues is threatened by the Baseball Players' fraternity, in case the national baseball commission refuses to accede to the terms of the ultimatum presented by the fraternity in the case of Player Craft of the Newport club of the International league.

PERSONAL.

Mrs. Hugh Agnew has returned to her former position temporarily with Attorney E. W. Gibson.

Mr. and Mrs. Lloyd R. Robinson, Miss Etta Miner and John W. Howe were guests over Sunday of the latter's parents, Mr. and Mrs. J. C. Howe, in Walpole, N. H.

Mrs. Charles H. Colt has returned from a two months' visit with her daughter, Mrs. C. T. Whittemore, in Newton, Mass., and at the Whittemore summer home in Falmouth.

Mr. and Mrs. Ned Taylor, Mr. and Mrs. Charles Cross, Lloyd Anderson and Miss Helen Cross, who had been at Spofford lake for an outing of two weeks, visited in town Saturday before returning home.

F. W. Orkins, who went to Lowell, Mass., in January and has had a position as manager of one floor in Nelson's 5 and 10 cent store, moved his family there last week. They are pleasantly located two miles from the city.

PANAGETOPOULOS VS LATCHIS & SON

**Suit Brought in Judge Barber's Court
to Recover Balance of \$50 Claimed
to Be Due for Work.**

There was a hearing this forenoon in the municipal court before Judge Frank E. Barber in the case of John Panagiotopoulos against D. Latchis & Son. The plaintiff claimed a balance due him of about \$50 for work and the defendant claimed that the plaintiff had been overpaid. The plaintiff's claim was that he was to have \$30 a month and all expenses, which he claimed should include his room and laundry work for a period of 16 weeks, and that the contract expressly provided for his room rent. The defendant claimed that the plaintiff could have roomed at his house with other help but the defendants were not obliged to pay his room rent at some other place. There was some conflicting testimony as to when the defendant gave the plaintiff a raise from \$30 to \$35 a month. Judge Barber took the case under consideration. O. B. Hughes appeared for the plaintiff and A. F. Schenk for the defendant.

SEVERELY INJURED BY KICK OF HORSE

**John Stratton Taken to Melrose Hos-
pital with Fractured Breast Bone,
Ribs and Shoulder.**

John Stratton, son of Dr. John Stratton of South Newfane, was seriously injured Saturday afternoon in G. B. White's livery stable on Elliot street, where he is employed. He went into a stall to unhitch a horse owned by Liveryman E. E. Blood of Putney and the horse kicked him in the breast, throwing him across the stable, where he was found unconscious. He was taken to the Melrose hospital, where he was attended by Dr. E. R. Lynch. It was found that the sternum was fractured, three ribs on the left side were broken and his right shoulder was both dislocated and fractured. There was also some bleeding from the ear. Mr. Stratton will be unable to work for about eight weeks.

KILLED IN FENCE DISPUTE.

**Three West Virginians Dead as Result
of Family Feud.**

ALLINGDALE, W. Va., July 20.—A long contest over a line fence culminated in a shooting affray here yesterday, in which three men were killed and another seriously wounded. The dead are John Mammon, Joseph Fletcher and Ernest Bailey, all well-known farmers of Nicholas county. Maston Mammon is in a hospital. Patrick Dodrill, a brother-in-law of Fletcher, is in jail charged with being a participant in the shooting.

The Mammon and Fletcher families had been at odds over a fence between their farms for several years. The ill-feeling was intensified several weeks ago when Mrs. Fletcher was beaten severely by unidentified men. The two Mammons and Bailey met Fletcher and Dodrill at Allingdale yesterday and both parties opened fire. John Mammon and Fletcher were killed instantly. Bailey died in a hospital after making a statement implicating Dodrill.

A \$75,000 TIP.

**Boston Waiter Receives Legacy From
Man He Helped in New York.**

BOSTON, July 20.—How a waiter's attentions to an aged diner were rewarded became known Saturday when Frank R. Patterson of this city was notified that Arton H. Batchelder, an English manufacturer, had left him a legacy of \$75,000. Patterson said that while working in a hotel in New York two years ago, he waited on Batchelder, who was making his first visit to this country. The guest said he was homesick, and at his request the waiter accompanied him on a sightseeing tour. Patterson said he had heard nothing from the man for months until Saturday, although they kept up a correspondence for a time.

CREATED A SCENE.

**Miss Bell Sang and Struggled with
Court Attendants.**

LONDON, July 20.—The next bomb I explode will be in the police court, and I hope it will be this one. This was the parting shot at the magistrate at Westminster today by Annie Bell, the militant suffragette, as he committed her for trial on the double charge of attempting to destroy the Methodist tabernacle and the old church of St. John the Evangelist. Miss Bell enlivened the session of the court by singing the Marseillaise and shouting and struggling with the court attendants. The blowing up of a church does not count, even if it is blown out of creation," she said.

THE WEATHER.

**Fair Tonight and Tuesday; Slightly
Warmer Tonight; West Winds.**

WASHINGTON, July 20.—The weather forecast: Fair tonight and Tuesday; slightly warmer tonight; light to moderate west winds.

ARE FIGHTING THE PLAGUE

**City, State and Federal
Authorities Unite in the
Work in New Orleans**

KILLING RATS BY THE THOUSAND

**Additional Traps Are Being Set and
Experts from San Francisco Are at
Work—Three Deaths from Bubonic
Disease Have Taken Place.**

NEW ORLEANS, La., July 20.—With a total of seven cases and three deaths from bubonic plague in this city, the federal, state and city health authorities will continue their vigil this week for the extermination of the pest. The disease is supposed to be spread by the rats, and the rodents which are caught in thousands of traps are killed daily. Additional traps are being placed, and the force of men in the field killing rats is becoming more efficient under the direction of a score of expert rat trappers from San Francisco.

EDUCATIONAL BUTTER SCORING.

**Two in Series Have Been Held, Pro-
ving Popular and Instructive.**

(Special to The Reflector.)
BURLINGTON, July 20.—Two of the series of the educational butter scorings under the direction of the extension service of the University of Vermont and state agricultural college have been held. At the first, Jan. 28, 1914, 28 samples were received and scored and on April 23, 1914, there were 52 samples. The sender of the sample was in each case furnished with a statement of his score and the reasons for failure to score perfect in any report on methods of handling the butter to possible improvement. He also received a statement of the water and salt contents of his own butter and a summary of all scores, omitting names. The butter is sold after being scored and the proceeds, less the cost of carriage charges, returned to the owner. These butter scorings have proved very popular and instructive and justify the reputation which Vermont holds as a butter producing state. Their continuance will doubtless help to raise the standard.

Butter for the third scoring should be sent to the Extension Service, College of Agriculture, University of Vermont, Morrill Hall, Burlington, Vt., so that it will reach there not later than August 3, 1914, and should be accompanied by report on methods of handling the cream and butter. Banks and directions for shipping will be furnished free upon application.

SUMMONS CONFERENCE.

**English and Irish Leaders to Discuss
Home Rule Amendments.**

LONDON, July 20.—Premier Asquith, at the opening of the House of Commons today, announced that King George, in view of the grave political situation, had considered it right to summon a conference of the representatives of both political parties, both English and Irish, to discuss the important points of differences. The premier added that James O'Riordan, speaker of the House of Commons, would preside at the conference. In view of this development Premier Asquith said he would not ask for a discussion of the amendment to the Irish home rule bill. It is hoped that a meeting of those designated for the conference will be held tomorrow.

THREE VESSELS LOST.

**Two American Schooners Among Those
Ashore off Cape Breton.**

HALIFAX, Nova Scotia, July 20.—Of the three vessels which went ashore off the coast of Cape Breton Saturday and Sunday, none have been saved, although no lives were lost. The three-masted American schooner Harold Berger was breaking up off one of the islands today and at the other extremity the four-masted American schooner Clarence H. Benner, bound from New York to Halifax, had gone to pieces off Cape Sable.
