"The Devil's Garden"

A Journey Through the Valley of Temptation

He looked to his wife for the guidance of wifely purity, but found that the vortex had claimed her, too. While the woman atoned with years of patient love and service, the man struggled against forces that grew stronger and stronger and then flung him against irresistible temptation in his own home.

ACQUIT GIRL OF RUM-RUNNING.

Mrs. Stevens Given Clean Bill After Two Hours' Deliberation by Jury.

NEW YORK, Aug. 10.—Mrs. Edith Stevens, 19, was acquitted in the federal court in Brooklyn yesterday, on a charge of conspiring to violate the Volstead act.

The young woman, who was accused of engaging in a rum-running plot, and as a conspirator with Anthony Casese, of having superintended the loading of a cargo of liquor on Casese's yacht in the Bahamas, smiled when the jury's verdict was announced and asked the court's permission to "say a few words." "It didn't pay," she said. "It was the old story and I was deceived. Virtue and honor are more precious than money. I hope that my experience will be a warning to other young girls who may be induced to throw away those good things for a good time."

Presenting Attorney Blue, in summing up, called the jury's attention to this particular phase of the case, saying that the defendant has "brazenly admitted her fondness for a good time."

The jury returned its verdict after less than two hours' deliberation.

Why Worry?

(St. Johnsbury Caledonian.)
A recent investigator has discovered that Vermont farmers are losing money. One thing is certain: that they are selling milk in the Boston market for four and a half cents a quart less than the price to produce. What does he care if the cow doesn't kick? The average Vermont farmer should be the happiest man on the footstool, despite the milking stool.

Of so little account is woman considered in many parts of China that a father, if asked the number of his child, will probably leave out the girl in his reckoning.

The new Goodyear
Cross-Rib Tread Cord

Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth.

The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction.

In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30 x 3 1/2 Clincher.....	\$12.50	32 x 4 Straight Side..	\$24.50	33 x 4 1/2 Straight Side..	\$32.15
30 x 3 1/2 Straight Side..	13.50	33 x 4 Straight Side..	25.25	34 x 4 1/2 Straight Side..	32.95
32 x 3 1/2 Straight Side..	19.25	34 x 4 Straight Side..	25.90	33 x 5 Straight Side..	39.10
31 x 4 Straight Side..	22.20	32 x 4 1/2 Straight Side..	31.45	35 x 5 Straight Side..	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks
