4,000 Cases of Liquor — Has List of  
Hotel Keepers and Maps Showing  
Places to Meet Motor Boats.

NEW YORK, Sept. 14.—The two-masted schooner H. M. Gardner was brought into port today by the dry navy boat Taylor and 100 cases of liquor with \$56,000 in gold was taken to the customs house. The Gardner was seized last night off Scotland light.

Capt. M. C. Bettelheim, who said he was the Gardner's skipper, declared he was going from Nova Scotia to Nassau when the Taylor's crew boarded him. He said he had just delivered 4,000 cases of liquor and was taking the 100 seized cases back to Nassau because it had not been accepted by his purchasers.

Books containing the names and addresses of hotel keepers at Asbury Park, Atlantic City and Long Beach and a map showing points where motor boats could be met along the coast were found aboard, the prohibition agent said.

The Gardner, of British registry, is one of the largest vessels ever taken by the local prohibition navy. According to Captain Bettelheim, she was 27.5 miles off shore when she was seized. Bettelheim bootlegging on American shores.

PLOT TO BLOW UP  
STEAMER PRISONThree Hundred Sinn Feiners Interned On  
It — Republicans Recapture  
Ballina.

BELFAST, Sept. 14 (Associated Press).—The Ulster government, it was announced today, has discovered a plot to blow up or scuttle the steamer Argenta on which 300 Sinn Feiners are interned at County Antrim.

The object of the plot, it is declared, was the release of the interned Sinn Feiners. A letter found on a prisoner about to be released contained references to the sending of 14 pounds of gun cotton with a fuse and detonator to a friendly address in Larnoe and then to experts in explosives on board the vessel, who in blowing up the boat were expected to prevent injury to the prisoners.

Ballina, Northern County Mayo, has been recaptured by several hundred Republicans. The nationalists fought stubbornly and suffered casualties before they were dispersed. Several buildings are reported to have been burned.

SYRIAN GIRL GIVES  
LIFE TO SAVE THREE BOYS

BEIRUT, Syria, Sept. 14.—A remarkable story of self-sacrifice in which a 14-year-old girl gave her life to save three companions has been received here. While 500 children were bathing in the Mediterranean three small boys were carried into a dangerous whirlpool. Ruth Manogian, the only other person within helping distance, swam to the edge of the maelstrom and succeeded by almost superhuman effort in rescuing all the lads and carrying them to a rock. Then she collapsed from over-exertion and died before a life-boat could reach her.

BEGIN SEPARATE  
R. R. SETTLEMENTSExpected About 50 Rail-  
roads Will Sign Agree-  
ment Ending StrikePROBABLY BACK TO  
OLD JOBS SOONShoemen Return to Work Under Labor  
Board Wage Scale — Seniority Question  
Not Mentioned in Agreement —  
Arbitration Board Provided.

CHICAGO, Sept. 14 (Associated Press).—Members of the shoemakers' policy committee, who yesterday approved peace plans for ending the railway strike with separate agreements with separate railroads, today began separate settlement negotiations under the plans of the agreement. Instructions to various system federation officials to arrange agreements with their roads were sent out from union headquarters. Railroad systems counted among those expected to sign the agreement immediately or soon were said to number about 50 of the 202 class one roads of the country.

The text of the instructions to officials of system federations would remain confidential, it was said. Any list of roads which were parties to the agreement, it was added, would have to come from the railroads themselves.

Under the terms of the peace plan shoemen are to return to work under wage scales prescribed by the United States railroad labor board effective July 1, the date the strike began. The question of seniority was not specifically mentioned in the agreement. The agreement made no mention either of working conditions or of the contract system for "farming out" shop work which, with the wage controversy, were the original issues in the strike.

Disputes over the "relative standing" of employees and matters which might arise as outgrowths of the strike shall, under the peace terms, be referred to adjustment boards composed of six representatives of the carriers and six representatives of the employees. If disputes cannot be settled as an individual matter.

J. A. Franklin, president of the boiler makers, said a great number of shopmen will probably be back at their jobs within a week.

With the announcement that partial peace had been voted, came the first definite statement from S. Payne Ward, president of the Seaboard Air Line and representative of a railroad security company, said to control \$13,000,000 of stock, which showed he was favorable to the settlement.

The New York Central and Boston &amp; Albany are the only eastern roads involved in the settlement.

## Injunction Fight Continues.

CHICAGO, Sept. 14.—Despite the partial settlement of the railway shopmen strike the injunction fight on Attorney General Daugherty's application for a preliminary restraining order against rail strikers was continued today. Peace settlements would not alter the government's determination to finish its case, spokesmen for the attorney general said.

## Over Half of Mileage Ready.

WASHINGTON, Sept. 14.—Advices to the labor department today from its representatives in Chicago said that railroads representing approximately 35 per cent of the country's mileage had signified their intention of ending the shopmen's strike on the basis of the agreement. Peace settlements would not alter the government's determination to finish its case, spokesmen for the attorney general said.

SOMERSWORTH, N. Officials of the company said they had received no notification of the action that the mills were operating on the old wage scale and 54 hours and that operatives were gradually returning to work.

NUMBERS FOR MUSIC  
MEMORY CONTESTTwenty-Four Selections Familiar to All  
but Which Comparatively Few  
Can Tell by Name.

The committee on the music memory contest being sponsored by Brattleboro Community Service announces, through its chairman, Miss Izetta M. Stewart, the 24 numbers which are to be used. It will be seen that there are many numbers which are familiar to everybody through frequent hearing, such as Sousa's Stars and Stripes Forever, and that beloved Christmas carol, Silent Night. How many people know who wrote this carol which everybody knows?

Everybody has heard From the Land of the Sky Blue Water, and Beethoven's Minuet in G, but there are still many who, when they hear them, have to turn to their neighbor or consult the program to be sure of the name.

Such selections as Morning, from the Peer Gynt Suite, and the Pilgrims' Chorus from Tannhauser are frequently played in the moving picture theatre, but most people cannot give the names of the make the most beautiful serenade in mind when he wrote them.

It is the object of the music memory contest to make everybody who will take a little time familiar with all these 24 selections, and to make the complete list not be printed in the newspaper again, readers should clip this article and preserve it for reference. It will be seen that the selections are given—the name of the composition, the name of the composer, and his nationality.

The contest is a movement inaugurated to spread the knowledge and love of music through a contest in remembering and naming 24 famous compositions when they are heard. It is open to everyone without fee or registration. For further details telephone 200.

The Reformer in later stories will explain the contest selections.

The winners will be awarded prizes. Special prizes will be awarded those who make the most beautiful serenade based on the music memory contest. Following is the list of selections:

LEAVES DRY WOOD  
FOR NEXT CAMPERSParty at Free Auto Camp Also Writes  
Explanatory Message—Sets Good  
Example for Others.

An evidence of good sportsmanship, courtesy, and a knowledge of woodcraft is shown by the following impromptu message left at the free automobile camp at Broad Brook. Some wood had been cut and one of the tables and this note was nailed to it:

"We left this wood so don't forget. The other fellow who comes in wet. Leave some good dry wood for him. Otherwise his chances of fire are slim."

It was signed by W. C. Aggers, F. H. Flood, Thomas L. Lowe and J. Frederick Congdon of Bridgeport, Conn.

If all campers would show this spirit there would never be any trouble in running a camp and all campers could enjoy the automobile camp more. The above attitude is much appreciated by the Outing club.

TWO PRISONERS  
GOING TO NEWFANEOn Way Here from Boston  
in Car Stolen from  
L. D. TaylorONE IS REPORTED  
TO HAVE RECORDChief Wilson and Carl W. Henkel Left  
Boston This Morning—Patrolmen  
Entitled to Reward but May Not Be Al-  
lowed to Take It.

Information was received here late this morning that Chief George Wilson and Carl W. Henkel were on their way to Brattleboro with the Cadillac coupe owned by Maj. Linn D. Taylor which was stolen while standing on Grove street Monday night on the south side of All Souls church. With them are the two prisoners who stole the car, their names as given to the Boston police who captured them, being John Graham, 33, and Frank Stearns, 20. Both men were they were from Brattleboro although Stearns said his home was in Johnson, this state.

It was reported this morning to Major Taylor that one of the men has a record while in the case of the other man this is said to be his first offense. The men signified their willingness to return to Brattleboro without extradition papers.

Considerable interest is manifested as to the penalty which probably will be meted out to the two prisoners. The law states that they are subject to a term of imprisonment of not less than 10 years or a fine of \$500 or both. It is probable that the men will be taken direct to Newfane, where the county court is now in session, and it is expected that their cases will be presented tomorrow morning.

When asked this morning by The Reformer who would get the reward of \$100 which he offered, Maj. Taylor said it should go to the two patrolmen on the Boston police force who apprehended the men Tuesday afternoon. The names of the officers are Cullerton and Gilbreath. Maj. Taylor said he thought the two officers would be unable to accept the reward on account of a ruling which prevents officers from accepting contributions of any nature. In any case, Maj. Taylor will send a check for the amount to the Boston police commissioner with directions to turn it over to the police relief fund, in the event that the patrolmen cannot accept it.

It was learned also that the coupe was not damaged when taken in Boston, with the exception of slight damage to the rear wheel which probably happened when the car was backed into something. The two coats belonging to Dr. and Mrs. William W. Penn of Cambridge were found in the machine.

WALK ONLY SMALL  
PART OF JOURNEYTwo Young Men Given Lifts by Motor-  
ists Between Plattsburgh and Camp  
Devens—Here Over Night.

Fords piloted by traveling salesmen are responsible for a large number of lifts given pedestrians of the present day, according to the story of Thomas and James Cowen of Plattsburgh, N. Y., who started from Plattsburgh Monday morning to walk to Camp Devens. They arrived in Devens Tuesday, having covered only seven miles on their pedal extremities.

When they arrived in Brattleboro, where they remained over Monday night in the home of Allen Davis, they reported that they had walked six miles, getting lifts the rest of the way. Fords driven by salesmen were the chief means of locomotion. Word has been received here that the boys rode practically all the way to Devens from the Massachusetts state line, to which they were taken from here in Col. Ernest W. Gibson's Hudson car. The distance covered by the two boys was approximately 250 miles.

## DYING DEMONSTRATION.

To Be Given Tomorrow in Centre Church  
Chapel by Expert.

It will be especially interesting to the women of Brattleboro to hear about the new colors which will be most popular this fall and what the manufacturers are planning for the spring. Miss Sutcliffe, who is to give a demonstration of dying, is planning to include a talk on choosing the best of the new fall colors and on demonstrating the method of getting these newest shades on materials that have become faded or worn.

The decree of fashion is that "browns are the thing" but not the olive drab or dull browns that have been worn for many years. There are new browns with such enticing names as Chutney, spice, Bois De Rose, and many other tones from bitter sweet to a dull rich nut brown.

The demonstration will be given at 1:30 in the Centre Congregational chapel at Brattleboro Friday.

## BRATTLEBORO LOCAL

There will be a corn and weenie roast on Creamery flats tomorrow night under the auspices of the Dorcas society of the Swedish Lutheran church.

The Dorcas class of the Baptist Bible school and their friends, the party numbering about 200, enjoyed a corn roast last evening on Guilford street. The menu consisted of roasted corn, frankfurters, sandwiches, bacon, coffee and marshmallows. After the "feed" there was a general good time, with games.

Extensive improvements are being made by W. A. Shumway in his property at the corner of Putney road and Terrace street. The ell part on the west side has been torn down, and A. G. Gallup is making preparations to move the house east 35 feet and to raise it up. The house will be given an exterior finish of stucco.
