HEAD WITH BRICK

Held Out Left Hand of Friendship with Remark that Their Differences Were Over, Then Hurled Missile-Case May Go to Supreme Court.

Following a deliberation of 40 minutes, the jury drawn in the case of the state against Peter Lapan, a fireman on the Central Vermont railroad, who was accused of having broken a brick over the head of Theodore Austin of 26 Flat street, returned a verdict of guilty at 6.10 last night. Judgment of guilty was entered by Judge Frank D. E. Stowe, who reserved the passing of sentence until 10 o'clock this morning. Lapan recognized in the sum of \$200 and was allowed to go until this morning

In court this morning Lapan was fined \$100 and costs. The respondent's counsel gave notice that he would take an appeal to the supreme court, and would fill a bill of exceptions within 30 days.

The case was one of the most interesting that has been brought before the municipal court in many months. After considerable evidence had been offered, the case narrowed down to the question, 'Who threw the brick?" When arraigned yesterday morning

John Neil D. Clawson, pleaded not guilty and the case was continued to 1,30 in the Wolferstein. Americans-Joe afternoon for trial. Most of the after-Lewis, A. Clayton, R. Fisher, F.
