The President at Work.

I happen to know something of President Arthur's habits. He is a great right worker, and very careful of details. During the day he receives nearly everybody who comes...

Our Coal Supply.

When figures go above a few thousand how little we comprehend their real meaning! When we say the amount of coal mined in the United States in 1881 amounted to 70,122,000 tons...

Scientific and Useful.

PRESERVATION OF LEMON JUICE.—A correspondent in Mon. de Med. et de Pharm. Mill. says, after various experiments and the test of eight months' exposure to the sun and heat of summer...

The Art of Cooking.

To be a good cook one needs a light, firm hand, an accurate eye, and a patient temper. One needs, too, a few rules and a trustworthy recipe-book...

The Effect of Heat on Flour.

It frequently happens that wheat or rye flour, in spite of the greatest care in baking, yields an inferior loaf, and the failure is commonly attributed to adulteration...

PANCAKES—Ingredients.

EGGS, flour, milk; to every egg allow one ounce flour, about one milk, one-eighth salt-pepper-salt. Mode—Whisk the eggs well in a basin...

"A Clean Sweep."

"I suppose there is not a housekeeper," says Hope Ledyard in an exchange, "who, when she is engaged a new girl, does not go through the form of asking, 'Can you sweep?'"
