F. J. Somerville of Fayston goes to the head on laying hens. From January 11 to September 2 he sold ninety-three dozen from seven hens. A large amount of grain has been badly damaged by the continued wet weather. Potatoes are yielding uncommonly well and are of excellent quality.

Many farmers say "it does not pay to bother with poultry," but here are a few figures given by one of our Waitsfield farmers: From his flock of seventy hens he has sold, during the eight months from January 1 to September 1, 1890, 736 dozen eggs, which brought him the neat little sum of \$117.65; besides which he set ten or twelve hens and raised about the usual number of chickens.

A steel gas retort burst in Dr. Hoffman's dental rooms last week, which would have been fatal to Mrs. Hoffman if it had hapbeen fatal to Mrs. Hoffman if it had hap-pened half a minute sooner. She had just risen from her chair and passed into the waiting room when the explosion occurred. A piece of the retort went straight through where she was sitting, and cut off a leg of the table. A kerosene stove was knocked into bits and the kerosene set afire, but Mrs. Hoffman promptly smothered the fire with clothing and water. Three win-dows were cleaned out, two of them sash and all, and pieces of the retort went 150 feet into the street. The doctor estimates feet into the street. The doctor estimates the damage at \$250, but doesn't mind that so long as Mrs. Hoffman was so miracu-lously saved. Her remarkable presence of mind saved a large fire.

At the Grange fair in the town hall, September 26, there was a large variety of fruit and vegetables on exhibition, and the quality was excellent. Mrs. P. A. Kemp showed as fine a collection of house plants as are ever seen, and a small potato of the crop of 1802 in a good state of preservation. The produce was given to the grange and sold at anction. The art department was well supplied with work from the pencil and brush of Miss Rozzie Kelley, who is at home on a vacation. At the close, there were readings and selections by the Indies and speeches from N. A. Kelley, H. W. Collier, Isaac Wheeler and others. The audience was enlivened by song at intervals.

Dr. Watson thinks we have a second visitation of the grip here. Mrs. Aaron G. Martin has been one of its late victims, though now convalescent.

P. Elliott has begun housekeeping in one of Mr. Schofield's new houses. Charles Nixon was to occupy the other, but can not easily get release from granite work in Concord, N. H.

Rev. F. W. Hamblin, now of West Ran-dolph, goes a second time to Burlington for surgical treatment of his eyes. The opera-tion will be excruciatingly painful, as he

cannot use anesthetics. The "Seers" of our place think a vital need here, just now, for the future growth of the place, is more houses in our village. It is claimed that it would mean more stone sheds and granite works.

A noteworthy and somewhat significant fact, for granite towns, is that there is a great and unsupplied demand for granite-workers all over the country. A Scotchman tells us that in his native land there is also a better demand for this kind of labor.

Rev. Loren Bixby, son of the late Eben-ezer Bixby, accompanied by a stater from Hinois and another from Tunoridge, re-cently found himself, in the hospitable home of the Messrs. Jacob and Orlando-Flint, one of a company of nine persons whose united ages are considerably over 700

A recent visit to our several stone-sheds revealed the fact that our granite-dealers are having plenty of work. Asking them what special advantages our place offers for their work, one of the leading ones said that, in his own case, he could live here and have good health, a thing he had not always been able to get.

Business Hotices.

Ma. C. B. Jones of Spring Hill, Iowa, says: "I have used Chamberlain's Pain Balm for severe and painful burns with better effect than anything else I have ever tried. It relieves the pain instantly and cares without leaving a scar." Pain Balm is one of the most useful medicines that any family can be provided with, especially for rheumatism, lame back, sprains, bruises, toothache, earache and like allments. One application will relieve the pain and a fair trial insure a cure. Fifty-cent bottles for sale by C. Blakely, Montpelier, Vt.

WE want every mother to know that cronp can be prevented. True croup never appears without a warning. The first symptom is hoarseness; then the child appears to have taken cold or a cold may have accompanied the hoarseness from the start. After that a peculiar rough cough is developed, which is followed by the croup. The time to act is when the child first becomes hoarse; a few doses of Chamberlain's Cough Remedy will prevent the attack. Even after a rough cough has appeared, the disease may be prevented by using this remedy as directed. For sale by C. Blakely, Montpelier, Vt.

Costiveness is the cause of the intolerable "bad breath" of multitudes. Dr. Henry Baxter's Mandrake Bitters remove the cause and prevent the evil, and cost only twenty-five cents.

Don't want a doctor! I have tried them, and they have only swindled me. I have figured up what they cost me for the last four years; it was just \$524.31. If I had it now it would be a fortune for me. This year my bill for medicine was only five dollars, for which I purchased six bottles of Sulphur Bitters. They cured me of secofula after suffering four years.—P. J. Cummings, Troy, N. Y.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep, by freeling the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, requiates the allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoa, whether arising from teething or other causes. Twenty-five cents a bottle.
