TO ALL THE WORLD WHO USE LEATHER IN ANY FORM.—OIL OF TAN, OR LEATHER RESTORER; a new Chemical Discovery. Most people know that Skins and Hides are converted into Leather by the use of a Tannin extracted from certain bark &c. When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. To restore the life, softness, moisture, strength, smoothness, &c., use the OIL OF TAN, which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the finger, it is put at once a state that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water, particularly boots, shoes, carriage tops, harness, trunks and in fact all things made of leather, giving a splendid polish and at least doubling its wear and durability, in whatever manner the leather is used.
Now, granting these things are true, the discovery is of infinite value to the world, and the wisest thing then to prove it is to call and purchase a bottle, at the

THE PATENT GALVANIC RINGS, & MAGNETIC FLUID.—This remarkable discovery has received the universal approbation of the Medical Profession of Great Britain, and has been sufficiently long before the American public to give a fair trial of its power and efficacy. The PATENT GALVANIC RINGS have been found to answer all the purposes for which ordinary Galvanic Battery or Electric and Magnetic Machines are used, but are without any of the injurious shocks which accompany the applications by those instruments, and in many other respects are more safe and certain in accomplishing the desired object.
The Galvanic Rings have been used with great success in all cases of Rheumatism, acute or chronic, applying to the head, face or limbs; Gout, the Dolorous, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Stiffness, Swelling, and Lameness, Neuralgia, General Debility, Deficiency of Nervous Energy, and all Nervous Disorders. In cases of confirmed Dyspepsia they have been successful. Their extraordinary effects upon the system must be witnessed to be believed; and as a certain preventive for the above complaints they are equally to be recommended. The Galvanic Rings are in every way perfect, safe, and are sold at prices that are within the reach of all. GASTRI & MAGNETIC RINGS are used in connection with the Rings, to render their efficient action certain, and to direct the Galvanic influence to the particular portions which are affected.
For numerous certificates of the highest character, and the efficacy of the Galvanic Rings and Magnetic Fluid, reference is made to former advertisements, or they may be seen at the office. Only Agency in New York, 134 Fulton street, (Sun Building).
To guard against fraud, Dr. Carter appoints but one Agency in each of the Cities of the United States. The only Agency for the City of Norfolk is M. A. SANTOS, for Portsmouth, Va., CHAS. H. HEINTSH, Agent.
