THE SELECT COUNCIL

Anti-Spitting Ordinance Badly Crippled in that Body.

Holt Street and Ghent Bridge Resolutions Adopted—Tripoli and Wolf Street Condemnation Committee Make Their Reports.

The Select Council took a shot at and crippled the anti-spitting ordinance last night.

After the prolonged labors of the Sanitary Commission, of which His Honor, the Mayor, was chairman, to get into shape a law which would put a stop to the defilement of the sidewalks by expectoration, that branch of the Council mentioned by an almost unanimous vote struck the word "sidewalks" from the ordinance. The motion to strike out this word was made by Mr. Jacobs and it was supported by every member present with the exception of President Greenwood.

The ordinance now goes back to the Common Council which passed it last week. As it stands now it prohibits spitting in public conveyances, public halls and elevators. The action of the Select body in striking out sidewalks kills the main effect of the ordinance. A like effort was made in the Common Council, but failed. Its fate now is problematical.

There were present at the meeting President Greenwood, Messrs. Marx, Karn, Pannill, Vail, Bonney, R. B. Bonney, W. A. Consovo, Spann and Holland.

The action of the Common Council in passing the resolution for the appropriation of \$500 for completing the improvements on the market building was concurred in.

The report of the Finance Committee, disapproving the petition of the United States Express Company, for the reduction of license, was adopted.

The ordinance relieving retail merchants of the specific tax of \$25 on the sale of meats was passed.

The resolution appropriating \$150 to the City Morgue and for the appointment of a keeper for the Morgue at \$5 per month was passed.

The resolution to appropriate \$1,865 to the Board of Health to meet contingent expenses was passed.

The resolution appropriating \$4,000 for improving the Holt street bridge was passed. One-half of this amount is to be paid by Brambleton Ward.

The City Treasurer's report was adopted.

The ordinance appropriating \$600 for the almshouse was passed.

The report of the Finance Committee refusing membership in the League of American Municipalities was adopted.

The Ghent bridge resolution was passed. This gives the Finance Committee authority to make terms with the street railway and the Atlantic City Ward as to what proportion they will pay in the repairing of the bridge.

The resolution appropriating \$400 to repair the dome of the City Hall with galvanized iron, was adopted.

The petition for a crossing at the intersection of Main street and Commercial Place was referred to the Street Committee.

The report of the Tripoli Street Condemnation Commissioners was presented, and also the report of the Wolf Street Condemnation Commissioners.

The total award in the former case amounts to \$85,642.50; in the latter \$54,875. Both reports were referred to the Street Committee.

The application of Brambleton Ward for \$1,500 to pay the expenses of keeping down contagious diseases was referred to the Finance Committee.

ROOF GARDEN OPENING.

THOUSANDS VISIT THE ROOF OF THE MONTICELLO LAST NIGHT

The opening of the Monticello Roof Garden last night was a success in every particular, and this spot bids fair to be a very popular resort during the summer. While it was not enough below for fans, up in the roof garden a cool breeze swept by that made the place delightful.

The Naval Post Band, of seventeen pieces, rendered a fine program of popular music that greatly pleased the large audience composed of Norfolk ladies and gentlemen and visiting railway men and their ladies.

The garden was filled to its capacity, but the tables were so arranged that one could promenade from one end of the garden to the other.

At the tables were seated ladies and gentlemen, and they greatly enjoyed the cooling beverages provided for them. It is estimated that about three thousand people in all attended the opening, as the coming and going were continual until 11 p. m.

While the concert progressed above, Prof. Kruger's fine Monticello orchestra delighted the throngs in the lobby and on the second floor, rendering a very fine program of choice, popular music.

A unique feature in the lobby is afforded by the numerous typewriter displays, a number of manufacturers having sent representatives here to bring the merits of their various typewriters before the freight agents of America.

The Monticello management is to be congratulated on the success of the Roof Garden opening, and the Norfolk public is to be congratulated on the addition of this charming resort to the features of our summer life.

Excursion to Richmond.

This young church is struggling to erect a more imposing and commodious house of worship than the one now in use, and they hope to meet with the liberal patronage the enterprise so richly deserves. The train will leave Norfolk at 8 a. m. Returning, will leave Richmond at 8 p. m. Tickets for the round trip, \$1.00.
