

WRECK OF THE PORTIA. CREW AND PASSENGERS, WITH ONE EXCEPTION, SAVED. (By Telegraph to Virginian-Pilot.) Halifax, N. S., July 11.—The steamer Portia, which struck on Big Fish Shoal, fifteen miles east of Halifax, last night, filled and sank during the night. The only victim of the wreck was a 12-year-old Assyrian lad, known by the name of Basha, who was traveling second class from New York to St. John's, N. F., where his mother lives. The others on board the steamer, including 70 passengers and a crew of 31 officers and men, who were landed safely at Sambro Island, were cared for there during the night and were brought here to-day. The accident, which happened about 7 o'clock p. m., and which is believed to have been due to a dense fog which prevailed at the time, probably ends the career of the Portia, which was an iron vessel of 732 tons, 15 years old.

A DANGEROUS LOCALITY. The locality in which she struck is very dangerous and even before she went down it was apparent that she was badly damaged. It is considered probable, however, that attempts will be made to reach parts of her cargo and the baggage of her passengers. The accounts of the wreck which have reached here last evening indicated that the passengers and crew escaped from the ship with comparative ease, but later reports show that the work was not accomplished without considerable difficulty.

BROKEN AND FILLING. The steamer had mounted the rocks with a shock that was felt in every part of her hull, and all on board knew immediately what had happened. The next moment the heavy southwest swell lifted the steamer and forced her forward. A hurried inspection showed Captain Farrell that his ship had been broken and was filling, and also that she was in danger of being forced across the shoal and thrown into deep water beyond.

THE RESCUE. He ordered the boats to be made ready at once. This was done and the passengers, including about thirty women, fled then without confusion, although the dangerous swell added peril to the proceeding. As the passengers took their places it was discovered that the Assyrian lad was missing. A hasty search of the vessel was made, but the boy could not be found. When last seen he was seasick and it is thought he had crawled into some obscure corner to lie down and thus escaped observation when the searchers tried to find him.

RELIEF STEAMERS. The shipwrecked men and women all were landed on Sambro Island, which was hardly two miles from the place where the steamer lay. They were cared for there during the night, although the accommodations were meagre. The inhabitants of the island gave up their homes and the provisions, which were scanty. The steamers A. C. Whitney and Boyer were dispatched from here as soon as possible after the news of the accident reached here, bearing food for those at Sambro. The arrival of the steamers early to-day brought great relief to the shipwrecked men and women, as well as those who live on the island.

At daybreak those who had come on the Portia were taken on board the two steamers from Halifax and they reached here this morning. None of the passengers saved their baggage and a number reported that their money and jewels had been lost. Captain Farrell, who left the Portia last night to look after the safe landing of the passengers, returned to the scene a few hours later on a Sambro lobster steamer. It was found that the Portia had been carried entirely over the shoal and sunk in 9 or 10 fathoms of water, a short distance on the other side, only the topmasts being visible above the surface.

SEARCHING FOR GOLD. DETHRONES THE REASON OF A PHILADELPHIAN. (By Telegraph to Virginian-Pilot.) Seattle, Wash., July 11.—Mr. Fleming, of Philadelphia, who arrived here last night from Port Wrangle, Alaska, on the steamer Rosalina, is a living witness to the suffering of the prospectors who rushed to the Yukon gold fields over the Edmonton route. Mr. Fleming has gone through great physical and mental sufferings. The successive attacks of fever, scurvy, pneumonia and dropsy have left him in a critical condition, both physically and mentally.

RETURNED TO DIE. After all his sufferings in the north he has returned to civilization to die. At a late hour last night he was unable to leave the steamer. His mental condition was such that he could not tell a connected story of his experience. From his rambling sentences it is learned that in February, 1898, he started for Dawson from Calgary with a party of fourteen, which was made up at Calgary. The party had eighty horses, and it was captained by John Mason, an old Californian.

DROWNED AND SHOT. Mason was drowned in the Nelson river. A Bulgarian named Welley was accidentally shot and killed by a Frenchman at Hell Gate, on the lower Laid river. Three of the party died at Dumez Lake of scurvy. Fleming could not recall the names, neither could he give the names of any of the party. The surviving members of a trail through the underbrush. For four months they lived on short rations. Nearly all of their horses died and much of their equipment was lost.

Paymaster General Carey. (By Telegraph to Virginian-Pilot.) Washington, July 11.—Brigadier General Asa B. Cary, paymaster general of the army, will be retired to-morrow, having reached the age of sixty-four years. He will be succeeded as paymaster general by General Alfred E. Bates, recently military attaché of the United States Embassy at London.

Rumor (Plot Discovered). (By Telegraph to Virginian-Pilot.) Paris, July 11.—It is believed that the police reports regarding the royalist plots are exaggerated. Comte Boni de Castellane, Paul Deroulede and Jules Guerin, the Deputy, all deny the statement of the police concerning them. Nothing is known here of any contemplated duel between Comte Boni de Castellane and the Prince of Monaco. The latter's residence in Paris is closed and the whole household it away.

EDUCATORS MEET. NATIONAL EDUCATIONAL ASSOCIATION OPENING DAY. (By Telegraph to Virginian-Pilot.) Los Angeles, Cal., July 11.—The city is en fete to-day and the music of bands is heard on every hand. The New York delegation to the National Educational Association, the Raymond and Hitchcock party from Eastern ports; the special with the Ohio delegation, the special bringing the Pennsylvania contingent, two Philadelphia specials and a special from Vicksburg, bringing delegates from Southern points, arrived to-day. The special that was in collision with the freight train in the northern part of the State, also arrived, bringing the Missouri and other delegates, except the injured, who have stopped over at San Francisco. The delegates arriving to-day number fully 3,500. When the last special arrives from Chicago to-morrow it is estimated that there will be over 12,000 teachers in the city.

ARBITRATION COMMENDED. The Board of Directors of the National Educational Association, at their meeting to-day, unanimously passed the following resolution, offered by Dr. Nicholas Murray Butler of New York: "Resolved, That the president of the National Educational Association be requested to send the following telegram of congratulation in behalf of the association to the American delegates to the Peace Conference now in session at The Hague: "Andrew D. White, Chairman of the American Delegation to Peace Conference:

The Hague, Holland: "The National Educational Association, in convention assembled, tenders to Peace Conference heartiest congratulations on success which has attended the noble effort in behalf of the principle of arbitration."

CALLED TO ORDER. At 3 o'clock this afternoon Hon. F. Q. Storey, chairman of the local executive committee, called the opening session of the convention to order in the pavilion. The building seats 5,000, but the audience numbered far in excess of that. Short addresses of welcome were made by Governor Henry T. Gage, State Superintendent of Public Instruction, T. J. Kirk, Mayor Eaton, and Superintendent of City Schools J. A. Fosbury, and responses were made by N. C. Dougherty, superintendent of schools, Peoria, Ill.; Dr. Emerson E. White, Columbus, O.; and J. H. Phillips, superintendent of schools, Birmingham, Ala.

THE PRESIDENT'S ADDRESS. After the orchestra had played Mozart's overture to "Don Juan" President Eliphant Oran Lyte, of Millerville, Pa., delivered his address. Referring to the late war he said: "Our history has demonstrated that we have no need of a great standing army. It has demonstrated that in every State may be found an army ready at a moment's notice to defend our flag against every foe. And this army is not marshaled by military chiefs, but by educational chiefs. A strong nation is made, not by barracks for troops, but by school houses for children; not by recruiting officers, but by school masters; not by rifled cannon and Mauser bullets and war vessels, but by books and newspapers and churches.

A NATION'S STRENGTH. "That nation is strong whose citizens obey the law without seeing a standing army behind the law. That nation is strongest whose laws are based on civil law and whose citizens obey both divine and human laws, because they are right. "A child obeys his teacher, who to him is the law. The child law must be concrete, as the abstract is the result of a higher form of thought than the concrete; so a republic is a higher type of government than a monarchy. We may need an army to subjugate the Philippines, but the United States would be distinctly lowered in moral tone if it should ever become necessary to maintain permanently within the United States a great standing army to secure to its inhabitants the blessings of peace. If this is true, how great is the responsibility of the American school teacher. Patriotism is in the air; it is the normal condition of living under our flag."

This evening's session was as largely attended as had been the one in the afternoon. Dr. W. T. Harris, U. S. Commissioner of Education, delivered an appropriate and interesting address on "An Educational Policy of Our New Possessions." Henry S. Townsend, Inspector-General of Schools of Hawaii, made a thoughtfully conceived address on the subject, "The Educational Problem in Hawaii."

ANOTHER CRISIS. CENTRAL AMERICA IS GETTING READY FOR THE USUAL EVENT. (By Telegraph to Virginian-Pilot.) San Francisco, Cal., July 11.—Mail advices from Guatemala confirm the reports of an approaching crisis in the Central American republic. That the dissatisfaction will lead to a revolution against the administration of President Cabrera seems hardly likely, in view of the fact that there is no money in the country to organize anything approaching a formidable insurrection. Uprisings in the cities are, however, expected, and, while they may not result in Cabrera's downfall, they will cause great loss to invested capital. It is by no means unlikely that foreign governments, especially the United States and Germany, and possibly England, may be called upon to interfere, if they have not been requested to do so already.

Numerous tales of political prisoners being shot to death by their guards, acting under orders, are being circulated. It is said that five thousand refugees in Salvador, and as many more in Mexico and Honduras, are ready to take up arms against Cabrera.

The Texas Flooded District. (By Telegraph to Virginian-Pilot.) Washington, July 11.—The Life-Saving Bureau has received the following telegram from Superintendent Hutchings, at Galveston, Texas, who, with a force of life-savers, has been operating in the flooded districts: "Have rescued 512 people. Seven to fifteen feet of water over the cotton and cane plantations. Some drowned. Many narrow escapes. Have surf boat and borrowed boat and seven men operating now under keepers."

ROYALTY BEREAVED. DEATH OF BROTHER OF CZAR OF RUSSIA. (By Telegraph to Virginian-Pilot.) St. Petersburg, July 11.—Three months' court mourning for the death of the Czarevitch, Grand Duke George of Russia, brother of the Czar, who died yesterday of consumption at Abbas Tuman, in the Caucasus, has been ordered.

IMPERIAL MANIFESTO. St. Petersburg, July 11.—The Official Messenger to-day publishes an imperial manifesto, worded as follows: "Our beloved brother and heir to the throne, the Grand Duke George Alexandrovitch, died at Abbas Tuman, June 23 (old style). The illness which attacked him might, it was hoped, yield to the treatment initiated, and the influence of the southern climate, but, God willed otherwise. In submitting without a murmur to the decree of Providence, we call all our faithful subjects to share our deep sorrow with us and to offer fervent prayers for the repose of the soul of our departed brother.

Henceforward, and so long as it may not please God to bless us with a son, the right of succession to the throne devolves, according to the precise definition of the law of succession, upon our beloved brother, the Grand Duke Michael Alexandrovitch. (Signed) "NICHOLAS." THE DEAD CZAREWITCH. The remains will be brought here and interred in the Cathedral of the Forthright.

Telegrams of condolence have been received from Queen Victoria, King Humbert and other sovereigns. The late Grand Duke was an English scholar and an earnest student of naval matters. He once translated Captain Alfred T. Mahan's "Influence of Sea-Power Upon History."

PRESIDENT M'KINLEY CONDOLES. Washington, D. C., July 11.—The President has sent the following message of condolence upon the occasion of the death of Prince George, of Russia: "To His Imperial Majesty, Nicholas II, Czar of Russia, St. Petersburg: "I tender to Your Majesty in my own name and in behalf of the American people sincere condolences by reason of the affliction that has befallen Your Majesty and the Russian nation in the death of your brother, His Imperial Highness, the Grand Duke George. (Signed) "WILLIAM M'KINLEY."

CAUSED BY CIGARETTES. FIVE PERSONS FATAALLY BURNED IN NEW YORK. (By Telegraph to Virginian-Pilot.) New York, July 11.—Fire in a crowded five-story tenement in Monroe street early to-day resulted in fatal injuries to five persons and the overcoming by smoke of eight others. The fatally injured: Mrs. Rebecca Bask. Rose Bask, her daughter, 12 years old, inhaled fire. Mrs. Tillie Silver, burned on head and body. Miss Silver, her daughter, 6 years old, burned on head and body. Sam London, who boarded with the Silver family, burned on head and body, and inhaled flames. The other, who were severely injured, will probably recover.

The fire started in the apartments of Max Pinsky, a coat operator, who lived with his family, and a boarder named Jacob Kaplan, on the fourth floor. All of this household escaped. There were sixteen families in the house. It could not be determined just how the fire started. Pinsky admitted going to bed "having the lamp lit and a box of cigars." The firemen believe that the man must have gone to sleep with lighted cigarettes in his mouth, and that the bedding caught fire. Pinsky's hair was singed by the flames. The damage is slight.

YELLOW FEVER. IN THE ISTHMUS OF PANAMA AND CUBA. (By Telegraph to Virginian-Pilot.) New York, July 11.—According to the Colon Starlet of June 29th, which reached the city to-day by the steamer Pinar, it has been many years since the Panama Isthmus has been visited with such an outbreak of yellow fever as had been prevailing in the city of Panama. From May 24 to June 13th there had been thirty-four cases of the disease, of which eighteen had been fatal. On June 24 there were thirteen new cases, two of which proved fatal. At the time of publication the fever was on the decrease, and in the city of Colon there had not been a single case notwithstanding the daily intercourse between the two cities.

SITUATION IN SANTIAGO. Washington, D. C., July 11.—Surgeon General Sternberg has received two cables from Major O'Reilly, chief surgeon at Havana, regarding the yellow fever situation. In the first he says: "Havana, at Santiago, telegraphs reported list to-day showing 123 cases with 24 deaths, including four officers, McLaughlin, Glendon, Fabrics and Heatwood; also twenty civilian cases and five deaths. No cases in camp in last three days. Headquarters ordered to interior." The other dispatch reports two additional cases of yellow fever at Manzanillo, five in all.

THE FLIGHT HANDICAP. PLENTY OF SPEND AT BRIGHTON BEACH. (By Telegraph to Virginian-Pilot.) New York, July 11.—There was plenty of sport to-day at Brighton Beach, the chief event of the card being the Flight Handicap, in which Imp, the winner of the Suburban and Brighton handicaps, tried to take up 125 pounds and give a besting at six furlongs to a lot of good ones. As good as 6 to 1 was laid against her. Bendoran was a slight favorite over Fire Arm. They got away in good order, with Bendoran first to show. He opened a gap of a couple of lengths on the back stretch and the upper turn, but in the stretch Fire Arm came after him, wore him down and won by a couple of lengths with something to spare. Imp was a badly beaten fourth. Summary: First—One mile: May Hempstead, 3 to 1; second, Maximo Gomez, 7 to 2 and 7 to 5; third, St. Clair, 5 to 1, third, Time—1:42 1/2.
