As the conclusion of his remarks, M. M. Beaton, E.q.,
arose from the audience and called the speaker to account for his reference to cadets, saying that his remarks were of a personal character. It may be remarked here that Mr. Beaton had a sog graduating at

Ool Finnell next spoke, and was not sparing either in decouncing the unpatriotic people of Kentucky for allowing the volunteers of other States to come seroes the Ohio river to fight for their wives and families, while they stayed as home idle and ind if rent. The gentle man stated that he hast just returned from an efficient with the Govern of Ohio, to request aid to meet the threatening foe of Kentucky, and he blushed to say that he was a uppelled to do so. But Ohio would noby respond, and history would write it to her credit and to rapond, and history would write it to her credit and to K nucky's shame.
