## SEVENTY-FIVE DIE IN ONE DAY IN GOTHAM

TERRIFIC HEAT CLAIMS MANY MORE VICTIMS IN NEW YORKS POORER CLASSES

## PARTIAL RELIEF

THUNDER STORM CAUSES A LOWERING OF RECORD BREAKING TEMPERATURE

NEW YORK, July, 19.—After a night of sweltering heat spent by thousands in the streets, in the public park, on piers along the river front and in every vacant place that promised a breath of air, the condition that confronted the people of New York this morning were terrifying. The sun rose in a cloudless sky and hour after hour the heat grew more intense. Every ambulance was kept busy and by noon the hospitals were crowded with sufferers.

Although the midday heat was everywhere terrific, it was broken by scattered thunder storms, many of a very violent character, and toward evening the temperature fell rapidly. With this welcome relief came the announcement from the weather bureau tonight that the abatement in the heated term had been general and that moderate temperatures would probably prevail for several days in the middle Atlantic and New England states.

In New York the highest temperature recorded was 95, one degree lower than that of yesterday, when the highest record of the season was reached.

Among the distressing incidents of the day was the killing of her infant in Brooklyn by a young woman who was suddenly driven insane by the heat. She stabbed the child to death and then made a vain attempt on her own life.

City	Temp.	Deaths	Pros.
New York	95	75	40
Philadelphia	95.8	10	167
Baltimore	92.2	4	5
Washington	92	1	14
Boston	94	1	25

## WOMEN VINDICATED

She Can Go Through Her Husband's Pockets if She Wants to—Ancient Privilege Cannot be Condemned

KANSAS CITY, July 19.—Judge Slover today scored a hit with the women in the courtroom when he declined to frown upon the act of a wife searching her husband's pockets while he slept.

"I cannot condemn the ancient privilege of the sex to take money out of a husband's pocket at night," said the court.

William N. Harding was suing Ida M. Harding for a divorce. Harding testified to the extremely jealous disposition of his wife and said she constantly accused him of lack of affection, and then told of his losing money in the night time. Judge Slover promptly ruled this out.

"I think you have sufficient cause for divorce without interfering with the prerogative of women," he said. "I'll grant a divorce on the other evidence."

## Japs Win Light Engagement.

TOKYO, July 19.—Vice Admiral Kamimura reports as follows:

Our destroyer flotilla was shelled by the enemy of Yukiwan. The flotilla responded, silencing the enemy and forcing the cavalry to retire. Later our flotilla discovered a mounted patrol and shelled it. The cruiser Chihaya shelled the enemy's guard north of Gekabe.

## FIRST SESSION OF THE ZEMSTVO CONGRESS

MEETING IS ATTENDED BY TWO HUNDRED AND TWENTY-FIVE DELEGATES

## POLICE INTERFERE

TAKE NAMES OF ALL PRESENT AND SEIZE DOCUMENTS--WILL SIT THREE DAYS

MOSCOW, July 19.—The zemstvo congress opened at midday today in the residence of Prince Dolgorukoff. The congress was attended by 225 delegates. Count Hayden, leader of the deputation representing the congress recently received by the emperor, presided.

M. Golovine, president of the organizing committee, had barely started a statement dealing with the obstacles placed in the way of the congress, announcing that Governor General Kozloff had promised that there would be no recourse to extreme measures, when the chief of police with numerous commissaries and officials entered the room. The chief announced that the prefect had prohibited the meeting of the congress and ordered seizure of the documents. Count Hayden protested against the proceedings, but the chief of police began taking the names of delegates. Then cries were raised of "Write down the whole of Russia". Many persons present who were not delegates to the congress requested that their names also be taken. The police then departed in order to draw up summons, and the session was resumed.

It is expected that the congress will sit for three days.

An extensive smuggling ring is operating on Puget Sound and the government is making a special effort to suppress the illegal traffic in opium and Chinese coolies.

DENVER, Colo., July 19.—Charged with receiving gold ore knowing that it was stolen, six assayers in the Cripple Creek district, were placed under heavy bonds.

## JUSTICE BREWER TALKS ABOUT CRAFT

DELIVERS AN ADDRESS BEFORE ASSEMBLAGE OF LIFE INSURANCE MEN

## LAUDS ROOSEVELT

PRAISES HIS EFFORTS TO MAKE PUBLIC LIFE PURE AND HONEST

MILWAUKEE, July 19.—Justice David Brewer of the United States supreme court delivered a short address before a large assemblage of life insurance agents in the Masonic building in this city tonight. He devoted most of his talk to modern graft, and praised President Roosevelt in his efforts to make public affairs pure and honest.

"This has been a year which may be characterized as one of great insurance upheaval," he said. "The result has been prejudicial to the interests of a certain company and also to the interests and business of others. I believe this will result in great benefit in insurance throughout the world."

"The moment private pecuniary gain is sought through the advantage of a trust someone is guilty of grafting."

I have reference to the more insidious ways that the one holding public office is carrying on his duties of that office for his own gain or the gain of his own ends.

"Take the president of the United States. Along in the winter Santo Domingo put itself on a financial footing. Suppose the president had acted secretly and advised his friends to buy up Santo Domingo bonds. Wouldn't that shock the people of the country? Yet the government would lose nothing and some would be private gainers. Suppose the United States supreme court justices would give out information in advance of certain decisions. Would not you revolt at such a transaction? It would be unworthy—this would be grafting."

## To Allot Lands.

NORTH YAKIMA, July 18.—The secretary of the interior has selected Superintendent Jay Lynch, Engineer W. H. Redman and Superintendent of Allotment Casson as members of a commission that will adjust the land affairs of the Indians at the Yakima reservation. This work is preparatory to throwing the reservation open to settlement, and when it is completed it is said there will be no land of any value left for the whites.

It is now the purpose of the department to place all the timber on the reservation within the Rainier forest reserve. This move has been recommended by the government agents who have gone over the ground.

## Temporary Relief from Heat Wave.

PITTSBURG, July 19.—The torrid spell was broken today by a thunder storm, which caused the mercury to fall 19 degrees within a few minutes. At 2 o'clock the thermometer registered 68 degrees.

NEW YORK, July 19.—Promise of at least temporary relief came at 3 o'clock this afternoon, when a heavy rain storm accompanied by high winds broke over the city. The temperature began to fall rapidly. The storm was of brief duration, however, and the relief which it brought was not lasting.
