SHEEP RANGE IN CASCADES IS CROWDED

Estimated That There are Now 250,000 Head of Sheep in the Foothills in the Vicinity of Leavenworth

Leavenworth, Wash., June 18.—There are now grazing in the Cascade mountains, mostly in the vicinity of Leavenworth, about 250,000 head of sheep. These have wintered in the counties of Douglas, Adams and Franklin and are driven here for summer grazing. Sheepmen report an unusually wet season and are prevented on that account from going into higher sections, causing a congestion in the foothills. Sheep owners have been increasing their flocks on account of the unusually high price of wool and mutton, but it is generally believed that the limit has been reached, on account of lack of summer grazing.

The Washington forest reserve would stand much closer grazing, in the opinion of sheepmen, than is allowed at present. There is much excellent grazing ground on the west slope of the Cascade mountains, but at present is partially inaccessible. The government charges a fee of 6 and 7 cents per head for grazing privileges. It spends no money in building trails or bridges. These the sheepmen have to do themselves.

The wool alone from sheep now ranging between the Wenatchee river and Chelan will be worth a sum aggregating \$500,000 annually.

PRESIDENT WINS ON MEAT INSPECTION

Washington, June 18.—A conclusion was reached today by the house leaders whereby the meat inspection bill, the pure food bill and the immigration bill are to be passed next week in the order named. This understanding was arrived at as the result of the demand for a Republican caucus to decide whether the pure food bill or the immigration bill should have the right of way.

No caucus will now be necessary and legislation will be expedited if necessary, by special rules limiting debate. It is announced that the president will obtain all the terms he wishes incorporated in the meat inspection bill.

AUCTION SALE OF CASSIE'S DRESSES

Cleveland, O., June 18.—In accordance with the wishes of Mrs. Cassie L. Chadwick, who is now confined in the Ohio penitentiary, all her personal

effects which were exempt from seizure by creditors when she was declared a bankrupt, will be sold at public auction here next Wednesday. Mrs. Chadwick's wardrobe, consisting of three or four hundred dresses, including many suits of the most elaborate design and expensive material, will be included in the sale. Many rare and valuable furs will also go under the hammer, as well as a number of Vernis Martin cabinets and bedsteads.

It is said to be the purpose of Mrs. Chadwick to apply the funds received from the sale to the liquidation of debts incurred during the trial.

NEW STAR ADDED TO OLD GLORY

Washington, June 16.—Another star was added to the union today when President Roosevelt signed the bill admitting Oklahoma and Indian territory as one state.

The measure also provides that Arizona and New Mexico may be admitted to statehood as the state of Arizona, provided the people of the territories vote in favor of admission on the terms submitted by congress.

The signing of the measure was made the occasion of an interesting ceremony. Senator Beveridge and Representative Hamilton, chairman of the senate and house committees on territories, who have worked long and hard for the measure, were present as also were Delegate McGuire, of Oklahoma, and a number of residents and others.

The president used two pens in signing the measure, writing the first name, "Theodore" with a solid gold pen presented by the people of Arizona, his family name, "Roosevelt," with an eagle's quill taken from an eagle in Oklahoma.

After signing the bill President Roosevelt congratulated Senator Beveridge and Representative Hamilton on the completion of their long and arduous labors in connection with the measure.

He also expressed the hope that the people of Arizona and New Mexico would avail themselves of the opportunity to come in the union as a state.

From every point he said he regarded this as the wise thing for them to do, as the opportunity might not come again in a score of years. The president said that he has a personal interest in the admission of Arizona and New Mexico, as many of the members of his regiment, the Rough Riders, resided in those territories.

FEDERAL AID FOR SAN FRANCISCO

Washington, June 18.—President Roosevelt this afternoon went over again the suggestion for giving financial aid to San Francisco. Senator Perkin and Flint were at the White House for an hour, during which time the President repeated his earnest desire to do something to start the building of homes for homeless working people in San Francisco.

Developments today seem to indicate that Senator Flint's scheme to authorize a \$10,000,000 deposit with the San Francisco banks for a term of five years may have a chance of approval by Congress. Senator Aldrich, who is opposed to any form of legislation that will provide a direct loan to the stricken city or its 200,000 homeless residents, may be persuaded not to fight the Flint resolution. It is intended to put a rider on the sundry civil bill which will permit the secretary of the treasury to make the time deposit.

On Monday the Senate finance committee will give a hearing to the San Francisco commission.

DISORDERS ARE RIFE IN RUSSIAN EMPIRE

Streets of St. Petersburg are Filled With Crowds of Dissatisfied Workmen--Strikes Spreading and Agrarian Troubles Arise

St. Petersburg, June 18.—The general situation is hourly growing more disquieting and the country seems to be on the verge of another gigantic upheaval. In St. Petersburg and Moscow the populace is greatly excited, and nothing is talked of except a general political strike which would bring the government to its knees. The proletariat leaders, who have been preparing for months for a blow, believe the moment has come to strike. The agrarian troubles now are sufficiently extended and disorders the army are rife. The government has openly refused to accede to the demands of parliament, and a rupture is imminent there.

The ultimate plans of the leaders depend upon the success achieved, but if the government is brought down it is not doubted they have determined that they and not parliament shall take over the reins of government and forever enjoy the fruits of victory.

The strikes in St. Petersburg and Moscow, with which the movement was started, while based ostensibly on economic grounds, really are political.

The committee of unemployed is only a revolutionary organization, like last fall's committee of workmen, in disguise. The bakers of St. Petersburg and adjoining towns struck today and only the black bread eaten by the poor was sold.

The streets were filled with crowds of workmen.

A monster meeting of 15,000 social democrats and workmen held his afternoon at Terioki, Finland, was addressed by members of the group of toil of parliament, and every revolutionary utterance was frantically applauded. Heavy patrols have been placed in the streets and the railroad stations are occupied by troops, but no action has been taken to stop the agitation. The emperor is reported to be spending most of his time playing tennis at Peterhof.

It is significant as indicating the progress of the revolutionary sentiment that a general strike is expected to be inaugurated on the Nicholas railroad between St. Petersburg and Moscow, which was the only line out of Moscow that was not affected during the uprising last December.

WHEAT CROP LOOKS GOOD

Colfax, June 18.—The recent rains throughout the Palouse country have practically assured a good crop for this year, especially in the western part of the county, where the grain is much earlier and much of it is in head already. In the eastern part of Whitman County, the grain will probably yield much better, as the dry weather a few weeks ago did not damage it at all, while in the western part of the county it was injured to some extent.

The lawn social which was to have been held Tuesday evening at the home of Mrs. W. R. Prowell by the Ladies Aid society of the Presbyterian church, has been postponed until Wednesday evening. Ice cream coffee and cake will be served.

Marriage licenses were issued Saturday to W. E. Sharp of Wenatchee and Miss Leatha B. Dinmore of Chelan and to Jesse Kiser and Miss Minnie Blackwell, both of Wenatchee.

Saving money is very profitable for the people who get you to invest it with them.

Great Northern Plat of Wenatchee

Has again been placed on the market by the Wenatchee Development Company. This contains much of the best property in the city. Price list and plat may be seen at my office.
