"A STORE FOR THE PEOPLE"
HARRISON'S
ON "ECONOMY CORNER"

Casey Jones in the days of yore
Worked on the Katy and the old Lake Shore.
Did his bit on the L. and N.
But now he's one of Uncle Sam's men.
Said Uncle Sam, "Now we're in the war
Why, I'm the boss that you're working for.
You drove on the Reading and the B. & O.,
You can do the same while I run the show."

REFRAIN.
Casey Jones, working for the nation,
Casey Jones, always cool and calm,
Casey Jones, working for the nation,
Gets his running orders from his Uncle Sam.

Open the throttle and let her roll,
You've got a rush order for the country's coal;
The private owners couldn't get it through
So we gave the job to Mr. McAdoo.
Casey Jones will sure be glad to hear
The track is open and the block is clear.
When the freight's congested he will break the jam,
Now Casey Jones is working for his Uncle Sam.

REFRAIN.
Casey Jones, working for the nation,
Casey Jones, run her through kerr-slam!
Casey Jones, working for the nation,
Helps to can the kaiser for his Uncle Sam!

Said Casey Jones, "when the country calls
It finds me fit and ready in my overalls;
On the Southern Pacific or the Santa Fe
Or the New York Central you can call on me.
I'll rush munitions and the beef and wheat,
The things that soldiers need to fight and eat;
I'll toot the whistle and I'll ring the bell
And I'll do my bit to give the kaiser hell."

REFRAIN.
Casey Jones, working for the nation,
Casey Jones, run her through kerr-slam!
Casey Jones, working for the nation,
Helps to can the kaiser for his Uncle Sam!

STRING SERVICE FOR THE CHILDREN

Evangelist Brooks will Hold Tomorrow at Christian Church.

The Brooks meetings have a special service on for Sunday afternoon that

is attracting quite a good deal of attention among the juvenile population of the city. This service is scheduled for two-thirty o'clock on Sunday afternoon at the Central Christian church and is called a "String Service." Every child is asked to bring a string as long as he is tall. Any kind of a string, the evangelist said last night, a plow-line, fishing-line, hair-ribbon, twine string—just so it is the prescribed length.
Evangelist Brooks will lecture on "Two Stairways" and Mr. Lewis will sing one of his popular, gospel songs. The children will be given reserved seats, the older ones taking what is left over.
Tomorrow morning Mr. Brooks will speak on "The Trail of the Serpent"

COOL YOUTH PRAISED BY PERSHING

SYLVAN TAYLOR

Private Taylor, Washington boy who went to France with U. S. engineers in August, has been commended by General Pershing for coolness in action. His detachment was doing construction work on a front line trench November 15-16 when the sector was shelled and gassed by the Boches.

Taylor and the others worked under the shell fire, suspending operations only while they were compelled to wear their gas mask.

Taylor is 21 and enlisted in July.

and Sunday night "Opening the Will of Jesus."
The revival is attracting large crowds and much interest is being manifested, not only by the church, but by many not connected with the church. Mr. Mitchell, the pastor, says he is much gratified by the progress the revival is making. Tomorrow will be the first decision day of the meeting and many accessions to the church are expected.

BUSINESS REVIVES IN SOME FIELDS

Considerable Hesitation, However is Still the Dominant Note.

NEW YORK, Jan. 12.—Dun's weekly review of trade says:

Indications of reviving activity have appeared in certain quarters where a decided halt had resulted from annual adjustments or other causes, and the improved sentiment manifest in many directions at the opening of the new year has continued in evidence.

But while transactions have in some instances perceptibly enlarged, throughout the east the moderation of temperatures has brought welcome relief and betterment in working conditions, there remains considerable hesitation nearly everywhere because of existing doubts as to future economic changes, and severe storms in the west have seriously hampered business.

From an operating standpoint, the general industrial situation is far from satisfactory, notwithstanding reports of a freer movement of fuel in some sections, and the curtailment of production has unfortunately been extended at a time when the pressure of war needs calls for capacity running at many establishments. With outputs further reduced, it has become increasingly difficult and in some cases impracticable to meet all civilian requirements, and not a few profitable contracts have of necessity been rejected. Weekly bank clearings, \$5,360,619.989.

MONONGAH

Honorable Discharge.
Ray M. Jenkins, a well known local young man has been honorably discharged from service at Camp Shelby, Hattiesburg, Miss. He left Camp Shelby Thursday for his home in Monongah.

Almost Complete.
Repairs on the Brookdale bridge are almost complete. Workmen have been busy working on the bridge for several

NAMED NEW CHIEF OF U. S. CONVOYS

REAR ADM. H.B. WILSON

Rear Admiral Henry B. Wilson is said to have been picked by Admiral Sims to succeed Rear Admiral William B. Fletcher as head of the U. S. transport squadron. Fletcher was called home after the sinking of the U. S. transport Antilles. Wilson was formerly in command of the U. S. S. Pennsylvania.

FOOD OFFICE'S JOB PARTICULARLY HARD

People Hate to Change and Can Not See Good Done.

The Food Administration requests everyone to read these three short paragraphs from the speech recently delivered by Dr. R. L. Wilbur at the conference of Federal Food Administration in Washington.

"One of the most difficult things ever presented to a person was to try to change the habits of a nation. To get a man to stop drinking or to get him to stop eating something that he likes even though it gave him the stone, each ache every time he ate it. You ask a hundred million people to change, within the course of a few months, their eating habits, and you demand something that is absolutely vital, but it is the most difficult thing that you could ask of a people.

"If the Food Administration only plays the tune of prices that is the only tune they will get back. If the Food Administration gets so that it is entirely dependent upon prices for its success, it is a failure; it is on the

RED CROSS SEALS SOLD WELL HERE

School Children of City Disposed of 28,000 of Them.

Seventy-eight thousand one hundred and nine Red Cross seals were disposed of in this city during the campaign which was waged previous to Christmas day under the direct supervision of the Public Health Nursing Service. Of this number 28,000 were sold by the school children of the city.

Of the amount received from the sale of the little stickers the Public Health Service received the sum of \$550. The remainder of the proceeds goes to the state tuberculosis sanitarium.

This is by far the largest amount of seals ever disposed of in this city. Previous to this time an amount less than 50,000 were disposed of from year to year. The goal was set for 50,000 this year and was eventually raised to 75,000 and this further increased to the sum of 78,109.

ORRINE SAVED HIM FROM DRINK

This scientific preparation promptly kills all desire for whiskey, beer and other intoxicants. It can be given in the home secretly. No sanitarium expense. No loss of time.
We are so sure that Orrine will benefit that we say to you, if, after a trial you fail to get any benefit, your money will be refunded. Costs only \$1.00 a box. Ask us for free booklet about Orrine.
Crane's Drug Store, corner Main and Madison streets.

NEGLECTED COLDS ARE DANGEROUS

PLAY SAFE! PREVENT SERIOUS ILLNESS BY PROMPTLY ADMINISTERING DR. BELL'S PINE-TAR-HONEY.

Prompt use of Dr. Bell's Pine-Tar-Honey does more than break up your cough. It may be the "ounce of prevention" that saves you dangerous sickness. Doctors declare the common cold one of the serious diseases, with results like pneumonia and tuberculosis which cause a large portion of human mortality.

For years Dr. Bell's Pine-Tar-Honey has been remarkably successful with coughs, colds, grippe, croup and throat, chest or bronchial troubles. Time has proved its healing balsam will soothe and relieve irritation, breathing will be easier, while its antiseptic properties kill the germs which caused infection and are retarding recovery. Children like it.

That "putting off treatment" is dangerous. At the first sign of a cough, start taking Dr. Bell's Pine-Tar-Honey.

MEN OF WEST VIRGINIA SHOULD TAKE ADVICE

Richmond, Va.—"I have taken Dr. Pierce's Golden Medical Discovery with the best effect and gladly state that I was perfectly satisfied with the results. I had a very serious cough and cold with bad fever; the cough was exceedingly harsh and so violent as to give me an irritating sore throat with hoarseness and a compressed feeling in my lungs. The cough reduced my strength and I had to stop work. At the same time I was suffering from indigestion and had to live on stale bread and milk. My liver also was in a very inactive condition, as well as my bowels. These discouraging symptoms readily yielded to the influence of the 'Discovery' to my great pleasure and comfort."—MR. JOHN H. RANES, 434 St. Laurel St., Richmond, Va.

Doctor Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all its ingredients are printed on wrapper.

Depend upon this grand remedy to give you the kind of blood that makes the skin clear, the mind alert, the vision keener and puts ambition and energy into the entire body. You will not be disappointed. For free advice or free booklet on blood, write Dr. V. M. Pierce, Buffalo, N. Y.

NO CHARGE FOR THIS BOOK.
If you will send three dimes (or stamps) to pay for wrapping and mailing and enclose this notice, Doctor Pierce, of the Invalids' Hotel, Buffalo, N. Y., will send you a revised copy of his Common Sense Medical Advice. In clear binding, 1008 pages, with color plates. Just what you need in case of sickness or accident. Treats of Physiology, Anatomy, sex, marriage relations, Hygiene, Exercise, Diet and the recreation.
