FINANCE, OIL AND GAS

Pittsburgh

PITTSBURGH, April 5.—There was no appreciable improvement in the Pittsburgh market, although the tone remained firm. The only changes in price worthy of note were an advance of 1/2% in Westinghouse Air Brake, which sold at 96, and an advance of 1/2% in Pittsburgh Brewing bonds, which sold at 52. Brewing stocks were dull and unchanged, and dealing in oil and gas stocks were smaller than ever. There were no transactions in American Window Glass Machine, but the common stock advanced to and closed at 45 1/2% bid, against 46 bid the day before. Pittsburgh-Jerome Copper was firmer, selling at 66c to 70c, and Mt. Shasta was unchanged at 40c.

NEW YORK, April 5.—The stock market experienced its fourth successive listless session yesterday after an early period which offered hope of a restoration of normal conditions.

COLDS AND COUGHS MUST BE CURED

YOU PLAY SAFE WHEN YOU HAVE DR. KING'S NEW DISCOVERY HANDY.

A little chill—a little fever—a little cough—you know all the symptoms of another cold. When any of them warns you, take a spoonful of this standard remedy of the nation. Millions of people find it highly effective in checking colds, grippe, incessant coughing, without a single disagreeable after effect. Safe and sure for every young and old member of your family. Priced fifty cents ago at fifty cents and the price has never changed. Dirty? Bilious? Constipated? Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Try it. Still 25c. All drug-

Trading lapsed soon after the opening, the monotony thereafter finding occasional relief in the movement of special issues.

Excellent crop prospects are indicated by the government's latest weather report, but this made little impression upon grainers and cotton carriers, neither manifesting the slightest animation.

Shipments were almost the only representative stocks, with seasonal equipment, to register more than moderate changes, the former making extreme gains of 1 to 2 1/2 points and the latter 1 to 2 points.

Oil and Gas.

Late completions in the West Virginia fields have, as a rule, been light pumpers. The Gordon sand development on Dents run, Mannington district, Marion county, has again distinguished itself by presenting an other good producer. It is the Black-shere on the Ward H. Satterfield farm, No. 4 on the Ward H. Satterfield farm. The well was drilled into the Gordon pay it produced 155 barrels. This location is inside of defined territory and it is the best well drilled in since the Hope Natural Gas company completed its rusher, No. 1 on the Ella Kinsley farm, which still is producing 150 barrels a day.

On Fish creek, Liberty district, Wetzel county, the Carnegie Natural Gas company now has drilled its test on the Samuel Elder farm, located near the Pennsylvania state line, through the Gordon sand. It is producing between 50 and 60 barrels a day. While the well is not in the gas class it is a very nice producer and the location is important. It is believed the well shows an extension to the Gordon sand development in Springhill township. The Carnegie Natural Gas company will lose no time in starting new work, having made the location for a test on the Iva Kimble farm, located south and between the Elder farm producer and the state line. The same company has a number of Big Injun sand gas wells in that vicinity, and as the pres-

UNCLE ICHABOD—HIS PARSON.

Our Parson Jones is most the softest cot you ever saw. And when it comes to tumblers, he's a wonder with his jaw. When Bill Smith died, his gin' was the best deed of his life. The only kindly act he ever done his poor, blind wife.

But Parson preached his funeral and he said, "Our brother's gone Where angels wait to greet him and to put his halo on. He's left his wife's fond beam, for to rest in Abraham's. Where he's hearin' Solomon's wisdom and a-singin' David's psalms."

He run on for several minutes and of course it sounded grand. But the pore, old sightless widder didn't seem to understand. And when there came a hush, she pipes, without a bit of wainin', "Parson, are two corpses bein' funeraled this mornin'?"

sure has fallen low they will be drilled to the Gordon in the hope of getting oil in that formation.

The shallow sand districts are furnishing nothing better than light pumpers. In Washington district, Pleasants county, located in the Catawba development, Noland & Galtner have drilled No. 5 on the Aaron Bills farm through the Cow Run sand. It will not be good for more than four barrels a day. In the same district Dinsmore & Co. are drilling No. 14 on the E. M. Cole farm and the New Wilmington Oil and Gas company has the rig completed for a test on the E. S. Gilmore farm. Across the line in Marbury district, Ritchie county, the Hope Natural Gas company is due in the sand at No. 11 on the Samuel C. Hammett farm. In the Waverly district the Hatt Farm Oil company is due in the sand at No. 2 on the M. E. Tait farm. In the same district the New York Petroleum company has the rig completed for No. 4 on the G. Hendrickson farm. In McKim district Newell & Co. are due in the sand at No. 3 on the Riggs brothers' farm and the Ward Oil company is starting a test on the Adam Ward farm. E. J. Edmonis & Co. have a fair chance in the sand sand at a test on the E.

DECIDES TO BE A LIVE ONE

Young Man Gets Next to Himself.

One of our young men sure has come to the front in short order and his friends are at a loss to understand his untiring energy and ability to work and get results, where only a few weeks before he seemed to be at run down and almost a nervous wreck.

Questioned by a curious friend as to the cause of the sudden change, he said: "I sure was in bad shape and no one knew it better than I did. It had my goat for fair. I was all in and my nerves shot to pieces with worry and sleepless nights. One day I overheard a customer telling what Phosphated Iron had done for him and I could not get a supply quick enough. That's the whole story. Just Phosphated Iron. My poor tired, overworked nerves just seemed to be Phosphated hungry, the way they took hold of it, and say what a relief I felt like a new man. Could sleep at night, and get up in the morning, feeling like a two-year-old. Believe me, I had some appetite too, my weight increased rapidly, my face filled out and the color of my pure blood, well fed with iron.

"You can bet I am strong for Phosphated Iron. Everyone who tries it is a booster. "Do you know even the doctors are prescribing it; trust them to get next to a good thing, they were not long wiseing up to Phosphated Iron." To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules, so do not allow dealers to substitute pills or tablets. "ALL RUN DOWN" O. N. BARTLETT SAID TO CRANE

Tells the Druggist How Nerv-Worth Built Him Up.

This convincing statement was made and sized by a well known citizen. It is well worth repeating for the benefit of fellow sufferers. Crane's Drug Store—I bought two bottles of Nerv-Worth in Grafton from the Grafton Drug and Chemical Co., while I was in that city. My trouble was nervous indigestion, no sleep, no appetite, all run down, very nervous, gas on stomach and all the ills that go with such conditions. After taking Nerv-Worth for a while and before the first bottle was used I began to get better and my health was good. All my troubles mentioned above are eliminated and I fell well. I recommend Nerv-Worth to anybody suffering as I did.

O. N. BARTLETT. Your dollar back at Crane's Drug Store if Nerv-Worth does not benefit you. Neighboring agents: H. J. Mathews & Co., Mannington; W. P. Moran, Farmington; F. J. Yost, Fairview; Windsor Drug Co., and the Hensker Pharmacy, Monongah; Johnson's Pharmacy, Shinnston.
