

# Revised League Schedule Is Made Public

Detroit and Philadelphia  
with some vigor about  
to hear the happy things which  
the other folks give out.

But while the population does  
their interest in the league  
they do not care to talk about  
their standing in the league.

## CLASSIES TO BATTLE NEXT MONDAY EVE.

Will Play the Fairmont  
Mining Machinery  
Team Then.

When the carnival came to town  
it was necessary to call off all the  
city league ball games for this  
week, and consequently the sched-  
ule had to be rearranged for the  
remainder of the season. Presi-  
dent Bollier of the league has been  
busy for the past few days fixing  
up the new program and today  
gave out for publication the new  
schedule of games. The last regu-  
larly scheduled game is September  
1, which will give plenty of time to  
play out any postponed games  
which might change the final  
standing of the first two teams in  
the league, or in other words,  
games that would have a bearing  
on the championship. The next  
game in the league will be played  
on Monday evening, when Mon-  
ongah Glass and Mining Machinery  
are booked. The new schedule fol-  
lows:

- July.
- 12—Mon. Glass vs. F. M. M. Co.

## FASTEST ON GET-AWAY.

LEVER—MURCHISON

By LORRY A. JACOBS.

NEW YORK, July 8.—Look out for Harold Lever, the brilliant young sprinter of the Meadowbrook club.

With but one day to train in before trying out in the Philadelphia Olympic preliminaries, Lever was barely nosed out of first place in the 100-yard dash by L. Murchison, the N. Y. A. C. star.

Lever, although he has somewhat short and stubby legs, is a brilliant and powerful runner. There was little doubt in the minds of those who saw him work out in the tryouts here that he would have beaten Murchison had it not been for lack of training.

Usually Lever has one of the speediest starts I have ever seen, his leap at the gun appearing to be at least ten feet and giving a lead that it is hard for anyone to cut down.

Of course, Lever can hardly expect to defeat Paddock, the great coast man, who clipped off the hundred in nine and four-fifths seconds in the tryouts on the coast, but he is likely to help Paddock equal or break the record for the century in the final tryouts at Boston this month. He has nearly three weeks in which to train before that time and his work between now and then will do him a world of good.

In addition to his sterling ability, Lever has a finish that is positively uncanny. In the century final at Philadelphia, although half a yard behind a yard from the finish he came very near breaking the race, finishing like a whirlwind.

He will make a good man to watch in the finals at Boston.

## Some Local Sport Chatter

"Babe" Ruth was slightly injured in an auto accident yesterday, but it is likely that the Yankee star will be back in the game in a short time. The auto came out the worst in the smash, and will likely be sold as junk.

Wilbur Cooper, aided by a triple play and a daring steal of home, won a close game for Pittsburgh yesterday from Philadelphia. The final count was 2-1.

The Mackmen twice shut out the Red Sox yesterday, 1-0 and 6-0, which is some record for the Philadelphia team.

The new city league schedule

Sure to have some crowd.

Time wondering which would rouse the most enthusiasm.

The highbrow may call this condition a sad state of affairs, but nothing is going to change it, as far as we can see.

Finances of League Shown

Following is the financial statement of the city league as of June 1, prepared by Victor Bird, league treasurer:

Receipts—  
Sale of season tickets ..... \$263.00  
Gate ..... \$400.29  
Total ..... \$663.29

Expenditures—  
Umpires ..... \$79.36  
Balls ..... 118.50  
Ground Upkeep ..... 34.90  
Equipment ..... 4.30  
Gate attendants, scoring and ball chasers ..... 34.25  
Printing, telegrams etc. .... 14.03

Outstanding bills ..... \$179.51

KAUFF'S DEFI.  
TORONTO—On the day the announcement was made that Benny Kauff, Giant outfielder, had been traded for a Toronto youngster, he hit two home runs.

HOYT IS MISSED.  
BOSTON—Pitcher Waite Hoyt, boy pitching star of the Red Sox, may not play again this season. His operation for a strain has left him in a weakened condition.

PLUM FOR GIBSON.  
NEW YORK—Billy Gibson, manager of Benny Leonard, will have control of Madison Square Gardens, which he intends to make New York's boxing Mecca.

NEVER BETS.  
CLEVELAND—Frank Walker, who is starting the horses at Grand Circuit tracks, this year, never bets. He has started more horses than an man living.

GIBBONS RESTS.  
ST. LOUIS—Tommy Gibbons is resting at his St. Paul home since his fruitless trip to England to look up with Joe Beckett. He is planning a heavy fall schedule.

STILL PITCHING.  
MELROSE, Minn.—Roy Patterson, once a member of the famous White Sox pitching staff, is still pitching good ball. He takes his turn regularly with the Melrose club.

CARDS TO BUILD.  
ST. LOUIS—Plans have been definitely settled upon whereby the Cards will build a new home for 1921. It will be second in capacity to the Polo Grounds and the Braves field.

Imagine what the headlines would have been had the announcement dealt with the coding of the heavy-weight boxing title by Jack Dempsey to Georges Carpentier.

Brains may win the game but brawn gets the publicity.

Chess requires a peculiar and exceptional brain, the highest type of a certain kind of intelligence. It requires long practice, devotion and patience which makes athletes look like children in comparison.

But chess is a brain contest and can never compete for favor with boxing, baseball, tennis, and all the other contests which enlist brains plus brawn.

In fact, it sometimes seems as though popular interest in a sport increased in proportion as its strength predominated. Keen wits and craft are interesting, but the crowd comes with the display of muscles. It requires no muscle to win a chess game. Brains may not figure in a knockout in the squared circle. But one needn't waste

## Playing Golf Is Like Eating Olives---First Round's Fierce

By LARRY.

A gentleman who buzzes out advertisements on a typewriter in the next compartment to mine, has been trying to tell me something about golf of late. He is a good seller, and several times he has come very close to getting me to take a little interest in the game. At times I have almost given in to a desire to buy a set of sticks and maltreat an innocent golf ball or two. In fact if the celebrated nineteenth hole had not made constitutionally a "duster" I might have fallen victim of his advances, not so much in the hope of gaining international fame as a golfer as to get a more complete knowledge of the justly famous nineteenth hole, which I never reached in the days when I did gallop.

Which brings me rather abruptly to the main cog of this story. For really I was once a golf player—an expert in my own unique fashion—and furnished much amusement to the gallery (I think that is the correct term).

Some years ago in the old homestead town a wise individual prevailed upon some generally sane citizens to rent a farm of many acres, which grew on the side of a hill, as a site for a country club, where golf could be played and fireworks set off on July 4, without dropping a rocket through some citizens' bedroom window. I was one among many to step forward and agree to help pay the rent on the farm and take up the name of golf, feeling sure that with a few weeks' practice I could walk away with the next national tournament.

The man who prevailed upon us to rent the farm stated that it could be made an ideal golf course or links or whatever it is that isn't. The individual I have since learned was absolutely truthful in the matter. The farm was hard to get to, hard to get away from, full of natural pitfalls, swamps, bunkers and the like, while the greater portion of it was so steep a cow could not graze on it without getting hump-backed. I understand that such a spot is ideal for golf, and is one of the reasons why I sold my holdings as soon as possible.

Getting back to my story, I finally got my clubs and some golf balls and set out one day to get back part of the rent. The instructor told me I had better practice driving first, so I pulled out that mean looking cane with a big wooden knob on the end, placed the ball on the well known little pile of dirt, called a tee. I think, and let go at the ball. They never did find the ball, and it must have stirred up the milk way before it spent itself. I afterwards learned that most new hands at the game start

that way, but the aftermath is fearful. I spent the next three hours swinging in the air with my club and only scared three balls off the dirt pile, all three seeking refuge in a grass jungle along the side of the course, where the groundkeeper had failed to cut the grass. I complained bitterly about the grass not being cut, but was informed rather coldly that allowing the grass to grow tall over part of the course was part of the game. It seemed rather odd to me, but I did not write the rules, so why kick. The remainder of the afternoon was spent by the bell hop who carried my sticks and myself trying to find the balls that had strayed without my consent into the jungle, but it was like trying to find a kick in next beer.

The next day I ventured once more. My luck was marvelous. After three hours or more I finally clubbed a ball into submission long enough to get it up on the first green. I think that is the term. Here some thoughtless person had bored a hole in the ground and inserted a tin cup, which I was told I would have to get the golf ball to roll into the cup. I "putted" and "puttered" round for ages trying to induce that obstinate golf ball to get in the hole. Nothing doing. It would roll gracefully up to the hole, look in, and then jump over or away. Finally some fussy old geezer who was waiting for me to finish up made some ill-timed remark about my speed. I turned and gave him a look that must have made him have the nightmare for weeks, nonchalantly picked up the ball and tossed it into the next cup. I told the bell hop to sell my outfit at cost and swore that I was off of golf for life and decided that if any soldier got to heaven Hades wouldn't be such a bad address after all.

I have not a word to say about golfers now. If they set to heaven it will be all right with me. In fact, I admire a man who can play golf and enjoy it. I suppose it is just like learning to eat olives and chew tobacco. It is hard work at first, but after awhile you get wild about it. My trouble was I could not live through the first stages. It must be interesting or there would not be so many rollers.

However, I always will be sore at that fussy guy. I might have been internationally famous by now as a roller, if he had kept his mouth shut. What's more I had only 17 holes to go before I could have looked in on the nineteenth hole. Possibly if I had reached that happy spot I might have spent all my spare time playing golf until the first of last July. Such is life.

The Maple Grove cemetery, cut his hand yesterday while at his work. The cut is a bad one and is causing Mr. Manning much suffering.

Harry E. Wilson of Columbia street in Chicago where he will attend the Elks National Convention.

Miss Emma Brown is ill at her home in Columbia street.

Mrs. H. E. Dodd has been sick for several days.

Miss Olive Dunham spent the Fourth at Oak Park with a party of friends.

Miss Lucille Anderson has returned from a visit with relatives at Parkersburg.

Miss Ruth Frum and Mildred Nuzum have returned from a few days visit at Parkersburg.

Miss Jessie Morris is spending a few weeks with her aunt, Mrs. Sallie Carder at Shinnston.

Mr. and Mrs. Lute Brown have returned from a few days stay in Harrison county. They were accompanied home by Mrs. Brown's mother, Mrs. Elliott, who is taking treatment from a city physician.

Mr. and Mrs. S. H. Satterfield are expected home in a few days from Muncie, Ind., where they have spent several months. The former has been ill in a hospital while in the west, but is much improved.

Miss Amanda Conwell remains quite ill at the home of Mr. and Mrs. Coffman of Columbia street.

Miss Marie Scott left Tuesday evening for Philadelphia, where

she will be a student at the University of Pennsylvania.

Mary Elason who has been visiting relatives at Hollidaysburg, Pa., joined her and will also attend the University. Both are teachers in the East Side schools.

SEVEN BABIES ARE FOUND.  
EVANSVILLE, Ind.—Seven babies were found by police under a log. Chewed gum, pencils and knives were also discovered. The babies were kewpies. The loot had been stolen from a store.

TARANTULA NIPS HIM.  
EVANSVILLE, Ind.—M. M. Warren, grocer, while trimming a bunch of bananas, was bitten by a tarantula, a tropical deadly spider. First-aid treatment was administered at a hospital. He'll live.

"I can recommend Nerv-Worth for nervousness and indigestion, or any ills which attend neurasthenia."

If you are run down, half sick, nervous or irritable, or if you are sleepless, have a sour breath, suffer from gas on the stomach, belching, stomach pains, nervous moodiness, or depression, take Nerv-Worth and let it help restore your health. It is sold on a money-back guarantee. Take a bottle according to directions, and if you are not satisfied, your money will be cheerfully refunded.

Sold on a money-back guarantee by W. R. Crane and all leading druggists everywhere.

DR. N. B. FERGUSON said  
"Nerv-Worth is truly a great remedy. I have tested it professionally in my practice and actually in my family. It gives me pleasure to recommend it to the general public. It is, in my opinion, will prove a great boon to the sufferer for the troubles for which it is intended to be an ameliorative remedy."

"In 45 years of business, we have never sold anything that equaled Nerv-Worth as to results, and the amount sold," says the Troupe Drug Co., Springfield, Ohio.

"I consider Nerv-Worth a wonderful remedy. It is giving the best of satisfaction, and our sales have exceeded our expectation," said Geo. W. Clawson, druggist at Troy, Ohio.
