

# FAIRVIEW

They Were All There

Fairview farm, consisting of about 100 acres, was the scene of a large gathering of the entire population of the town, who gathered there for the annual fair. The fair was held on the farm, which was owned by the late Mr. J. H. Smith. The fair was a great success, and the proceeds were used for the benefit of the town. Standard Schools

Paw Paw district will very likely have the honor of having the first standard school in the state. The school will be built on the farm, which was owned by the late Mr. J. H. Smith. The school will be a great success, and the proceeds will be used for the benefit of the town.

Off For Mannington

The local basketball team, with Coach Copp in charge, left this afternoon for Mannington where they will play the high school of that town tonight. So far this season Mannington has been going strong and the locals will have to put forth every effort to win the contest. The team is expected to win the game, and the proceeds will be used for the benefit of the town.

Production Continues

The Fairview oil district, or all that region North and West of the Monongahela River to the Lincoln district line on the West steadily maintains its production of oil, ranging from 3,500 to 3,800 barrels per week. The production is expected to continue at this level for some time.

Misses Still Closed

The coal mines in the Grant Town sector are still closed and will remain so until further orders. The miners had something laid aside for the rainy day, and so far there has been no actual suffering, but unemployment is having its effect. Some are engaging in other lines of work, but the mass is idle, patiently awaiting the opening.

Issue Certificates

WASHINGTON, Jan. 24. — The Chicago, Rock Island and Pacific Railway Company was authorized today by the Interstate Commerce Commission to issue \$2,000,000 in new mortgage certificates. These will be used to finance the construction of the road, for expenditures already made.

Eight Burned

TRAVERS CITY, Mich., Jan. 24. — The bodies of Mrs. Adam Hall, colored, and her seven children, were found today in the burned ruins of their log cabin home at Bendon, near here. The cabin it was learned last night had been destroyed by fire Sunday during the severe blizzard that swept the northern part of the state.

Also Resigns

WASHINGTON, Jan. 24. — Dr. Hubert Work, first assistant postmaster general, as a matter of formality has submitted his resignation along with that of his chief, Postmaster General Haves. It became known today.

Dr. Work is generally thought to be one of those prominently under consideration for the postmaster generalship in succession to Mr. Haves, who will retire next March 4, to accept a position in private business.

Baby Daughter

A baby daughter was born early this afternoon to Mr. and Mrs. Lamar Satterfield.

A silkworm, in its brief life time, spins about 4,000 yards of thread.

Production Continues

The Fairview oil district, or all that region North and West of the Monongahela River to the Lincoln district line on the West steadily maintains its production of oil, ranging from 3,500 to 3,800 barrels per week.

No new developments will take place before early spring, but both the Hope Gas Company and the South Penn Oil Company are planning to develop on a large scale when the weather will permit.
