

LUCANIA SUNK TO CHECK FIRE

Cunard Liner Almost Guttled from
Her Funnel Forward in
Dock at Liverpool.

FLAMES SHOT HIGH IN AIR

Supposed to Have Originated in Saloon
Kitchen and Could Not Be Con-
trolled for 15 Hours—Her Ma-
chinery and Hull Undam-
aged, Say Divers.

Liverpool, Aug. 18.—The Cunard liner
steamer Lucania, which was damaged
at the Humber dock, seriously
damaged having been almost gutted from
her funnel forward by fire which broke
out on board the liner at seven o'clock
Saturday evening. The flames are sup-
posed to have originated in the saloon
kitchen.

The fire brigade of the vessel with
two powerful motor engines turned out
immediately at the first alarm and found
the first saloon burning fiercely from
end to end. Despite all efforts the flames
gradually worked forward until they
reached the stern, consumed all the
woodwork there and then played havoc
with the forehold.

At this time the heat was tremendous
and the flames shooting high from the
vessel, attracted thousands of persons to
the side of the river where they
remained throughout the night.

At three o'clock this morning it was
decided to flood the vessel by admitting
water into her from the dock. Soon
she heeled over and her funnels came
in contact with the cranes on the dock
and were badly damaged. A half dozen
firemen who were on the gangway, were
thrown into the water and the whole after
ward of the boat, including the engine
room, escaped injury from the flames
and comparatively little damage was
done to the exterior of the vessel.

Her upper part is considerably above
water. The first saloon skylights
were destroyed and the decks forward
are badly buckled. Some of the
plates of the hull are warped by the
heat. The repairs to the Lucania
will occupy considerable time.

Divers who examined the Lucania
to-day found that her machinery had
not been damaged and that her hull
still was sound.

The Lucania sailed from New York
July 7 and arrived in Liverpool July
14. She was to have sailed for New
York again October 3.

PUMPER OUT AND FLOATED.
Liverpool, Aug. 18.—Late to-night
the Lucania was refloated with the
aid of salvage tugs and powerful
pumps. She will be dry docked and
towed to Glasgow for repairs.

THROWN IN SCREAMING MASS

Many Passengers Hurt in Stampede
from Colorado Wreck—Eight
Killed and 50 Injured.

Colorado Springs, Colo., Aug. 18.—Eight
dead and 50 injured, some fatally,
is a result of a head-on collision be-
tween train No. 2, north bound, and
train No. 1, south bound, on the Denver
& Rio Grande railroad at Husted, 12
miles north of Colorado Springs, yester-
day. Among the dead were:
Frank M. Frederick of St. Louis.
C. B. Brown of Jordan Springs, Mo.
J. A. Gossage of Husted, Colo., fire-
man, No. 1.
B. E. Larkins of Colorado Springs,
Colo.
J. K. Parker of Denver.
J. R. Parker of Chicago.
Two unidentified men.

The trains came on a curve and their
engines had no opportunity to avert the
collision. No. 2, drawn by two locomotives,
telegraphed the baggage car and
engineer of No. 1, and all three loco-
motives went into the ditch.

There were more than 400 passengers
on the two trains. All were thrown in
a screaming mass on the floors of the
cars and many were hurt in the stampede
to escape.

Relief trains bearing surgeons and
nurses were rushed to the scene of the
wreck, and the wounded were brought
to local hospitals.

It is said that the officials of the road
place the blame of the wreck upon the
crew of train No. 8, who were ordered
to meet No. 1 at Husted. It is claimed
the crew mistook a switch engine and
cars for No. 1 and believed the track
was clear.

PENALTY FITS THE CRIME.

Rutland Judge Gives Notorious Char-
acter Time to Dust Out.

Rutland, Aug. 18.—Judge Fred G. Swin-
erton dealt out a new form of punish-
ment for this city in city court to-day,
when he gave Philip Ryan, a notorious
character, the alternative of getting out
of town within two days or serving six
months in the county jail for breach
of the peace. Ryan pleaded guilty to
disturbing the neighborhood of his home
and striking his aged father and the
court imposed the six months penalty
and then ordered that the mittimus be
suspended two days to give the re-
spondent opportunity to rid the town of
himself. The officers will hold the mit-
imus in readiness for Ryan until the
six months are up.

HOSPITAL BILL CUT IN TWO.

Brattleboro, Aug. 18.—A hearing was
held this afternoon before Justice F. D. E.
Stowe to determine the damages in the
case of the Dr. Lynch Lynch Hospital
association against Charles Cassidy. The
association claimed \$50 due them for ser-
vices rendered at the hospital to the
defendant Cassidy. A verdict of \$25 was
returned in favor of the plaintiff.

\$100,000.

New York, Aug. 18.—Ernest W. Smelle,
New York manager for a glove manu-
facturing firm, has been sued for \$100,000
by Emily Jones, his cook, because, it is
charged, he kicked the cat through a
window screen.

The cook says her eyes were filled with
a shower of small particles of rusty iron
when she saw the cat scolded outward, and
she estimates the damage to her sight and her
lessened chances of matrimony of \$100,000.

Telephone Companies Find Lincoln
Penny Passes as a Nickel.

Washington, Aug. 18.—It has been dis-
covered that the new Lincoln penny is
five times as valuable in one respect at
least, as the old Indian head cent. Being
a trifle larger and heavier than the
old one cent piece, the new coin, it
has been ascertained, to the exceed-
ing discomfort of the telephone com-
panies, will answer the place of a five-
cent piece when making a call. Already
many Lincoln pennies have been found
in the pay station boxes by the local
telephone company.

MANY PYTHIANS ATTEND.

The 21st Annual Convention of Ver-
mont Grand Lodge at Barre.

Barre, Aug. 17.—The preliminary session
of the 21st annual convention of the
Grand Lodge of Vermont, Knights
of Pythias, was held this morning at nine
o'clock in Woodman's hall, Grand Chan-
cellor William A. McDonald of Bellows
Falls, presiding. The meeting is largely
attended, nearly all the delegates from
the 41 lodges of the State being present,
as well as most of the grand officers.
Each lodge is entitled to two or more
delegates according to its membership.
The meeting this morning was short, ad-
journing to allow the delegates to go on
to the excursion to the granite quarries at
ten o'clock. Tomorrow the entire day
will be given to the business of the lodge.
Among the distinguished visitors pres-
ent are Supreme Vice Chancellor George
M. Hanson of Calais, Me., Grand Keeper
of Records and Seals Wilfred E. Ricker
of Maine, Grand Chancellor Davis and
Grand Keeper of Records and Seals W.
A. Woolson of Rhode Island, Grand
Keeper of Records and Seals H. O. Case
of Connecticut.

This is the largest attendance of the
rank of Knight was conferred by
Vernon lodge of this city and following
the work addresses were given by grand
officers from outside the State.

STREET PARADE CALLED OFF.

To-day was held day of the uniform
rank and at 10:35 o'clock a large number
of visitors, escorted by the local Pythians,
went on the excursion to the quar-
ries, returning shortly before noon. At
two o'clock a street parade was to have
been held by the regiment but owing to
the muddy condition of the streets the
parade was called off. At five o'clock
this afternoon evening dress parade and
retreat was held at the camp grounds
which is the formal breaking up of camp,
though most of the men will remain in
camp until tomorrow.

This is the largest attended camp the
regiment has ever held, over 12 officers
and men being present. Twenty-five
men from the Rutland company arrived
last night.

The annual business meeting of the
regiment was held last night at which
the regular election of officers took
place. The post of colonel of the regi-
ment was not filled at this time for the
reason that Col. C. M. Willey of Barre,
who was promoted last year from the
rank of major to his present position,
will hold office for three years more.
Col. J. G. Hoyt of St. Albans was elec-
ted lieutenant colonel to succeed Lieut.
Col. A. H. Barber of Port Ethan Allen,
while Capt. Henry Ellis of St. John-
sbury was elected major of the first bat-
talion to succeed Col. C. M. Willey of
Barre. Capt. R. E. Mitchell of Rutland,
is the new major of the second battalion
to succeed Lieut. Colonel Hoyt, all the
newly elected officers holding office
for four years.

ANOTHER MURDER IN CHINATOWN

This Time the Victim Is the Most
Beautiful Oriental in
New York.

HER HUSBAND GIVES ALARM

"My Woman Been Murdered" He Cries
and Thows Crowded Matt Street
Into Turmoil of Excitement—
He Is Held As a "Material
Witness."

New York, Aug. 18.—Chinatown boiled
over again early to-day on dis-
covery of the murder of the most
beautiful of the few Chinese women
in New York. How Kim, 21 years old,
who came here from San Francisco
about a year ago with an American-
ized Chinaman, Chin Len, 31 years
old.

It was about two o'clock this morn-
ing, just as the usual Saturday night
revelry was quieting down, that Chin
Len dashed out of a tenement house
at 171st street, crying: "My woman
been murdered." The street, filled with
loitering Chinamen and parties of
American "nightworkers," all of whom
quickly recalled the sensational murder
of Elsie Sigel, the missionary
girl, was thrown into great excite-
ment. A policeman and a detective
hurried into the house under Len's
direction, through dark hallways to a
rear room on the second floor. The
door was locked and the officers were
about to break it in when Len pushed
them aside and unlocked it himself.

In a bedroom the murdered woman
lay on the floor, stabbed in half a
dozen places. Her slender neck was
ringed with bloody finger marks, in-
dicating a struggle with her assailant,
and beside her lay a crusted
hunting knife.

MEIN AND WOMEN ARRESTED.

It was evident the woman had been
dead for two or three hours. On the
stairs were found traces of blood and
on a door leading to the store of
Yuen Chin & Co. on the ground floor.
Three Chinamen there were arrested,
although they denied any knowledge
of the murder. Six American women,
who declared themselves to be the
wives of Chinamen, were also found
in the house and arrested, but none
would admit any knowledge of Bow
Kim's death.

In the murdered woman's room were
found many business letters in Chi-
nese but none that gave a clue. At
22 1/2 street, however, where Len
spent much of his time and where the
couple had lived previously, was found
a trunk which Len admitted was his
wife's property and in it were four
hunting knives, a stiletto, a revolver
and two boxes of jewelry. Len de-
clared he had no idea who killed his
wife unless "maybe See Sing killed her.
See Sing say she owe him money and
he try to get it." Sing, too, had once
been in love with Bow Kim, he said.
As to Sing's whereabouts he knew
nothing.

TALE OF FINDING BODY.

Len's account of himself, the police
admitted with reservations. He had
spent the early evening with his wife
in their room, he said, until about
seven o'clock when he went out to
pay a visit at No. 22 1/2 street. Re-
turning at two o'clock in the morn-
ing he found the body on the floor.
In touching it he had soiled his hands
with blood which in turn had smeared
the door and stairway, as he hurried
to the street. No formal charge has
been preferred against Len but he is
held in \$5,000 bail as a "material
witness."

COST OF CENSUS \$14,000,000

Army of 60,500 Clerks Will Be Needed
—Scientific Methods Compared
with First Effort.

Washington, Aug. 18.—Sociologists from
American universities are now hard at
work, under Director Durand, planning
the preliminary details of the forthcom-
ing national census. It is designed to have every
detail under expert.

During the period of greatest activity
over 60,000 clerks will be employed in the
field and 4,500 in the office. This force
represents a larger body than the com-
bined population of Boston and New
York 120 years ago, when the first cen-
sus was taken.

The cost of the 1910 census \$14,000,000,
and at that the money ran out and the
names were never printed. The forth-
coming census of 1910 has behind it an
appropriation of \$10,000,000, and an emer-
gency fund of \$4,000,000 additional. In
other words, the design is to proceed re-
gardless of cost, efficiency being of more
importance than economy. The aim is to
make the census of 1910 the most efficient
ever taken by Uncle Sam.

WHAT IT ACCOMPLISHES.

"Does the importance of the census
justify the expenditure of the vast sum
of \$14,000,000?" was the frank question
asked Director Durand.

"Yes," he replied, "for the census is
much more than gathering the names of
millions of people. The census bureau is,
in effect, a vast laboratory of statistics,
and pictures our nation's strength as
well as our weakness. It portrays accu-
rately the conditions and affords the raw
material over which American state
craft must concern itself. It is like the
doctor feeling the national pulse, to find
out what ails the patient; then, our na-
tional law-doctors may write us best
prescription."

"The facts gathered are almost un-
iversal, as applied to America."
"Precisely. The inquiry leads from the
homes of riches to the negro hovel on
a one-mile cotton farm; from State
workshops and mines in short, wherever
the strength or weakness of human na-
ture is revealed. Our experts, with
amazing skill make a statistical bio-
graph of our times, and the inherent
tendencies, good or bad."

DETROIT WAS LEFT OUT.

The first census numbered the inhabi-
tants of the original 13 States. On the
whole it was vastly more difficult to
take the first census than it will be in
the forthcoming enumeration of 1910. Condi-

tions were much more difficult. All
work west of the Alleghenies was prac-
tically abandoned, in spite of the fact
that there was an important interest in
the northwest, but Detroit was not re-
ported, neither was Vincennes.

It was the day of small things. Phil-
adelphia was our capital and Washing-
ton was still a paper plan without a
name, but popularly called the "federal
city." Only one wall of the White House
had been built, and the site for the
national capitol building had been
scarcely surveyed.

Uncle Sam's first census shows that he
was very green at the business. To-day,
the records of that enumeration would be
thrown at once in the junk pile as a
wholly impossible, but they were the
best that the times afforded, crude,
weak and childish as a piece of scientific
work. In short, the first census is a
statistical curiosity, whose real value is
purely sentimental.

The enumerators were not even pro-
vided with blanks, and they used such
olds and ends as they clung to have,
or could beg or borrow, such as butch-
er's brown paper, bits of parchment,
the back of wall paper, or slips pasted
in long ribbons.

WHEN CENSUSMEN OPPOSED.

One of the greatest difficulties was a
religious superstition. Many of the
preachers were violently opposed to the
census, because in 1816 time a curse
fell over the land when the children of
Israel were numbered.

The first census shows a population
of 3,900,000 whites and 500,000 slaves, or,
every fifth person in America was a
slave.

Many of the family names, then com-
mon, would now be held ridiculous. Here
are some of the family names, culled from
the old rolls: Veal, Land, Pork, Tes-
man, Ploughman, Slockman, Tildeman,
Taleman, Kicker, Gower, Farmer, Shorter,
Sutton, Harfoot, Jolly, Kind, Underhand,
Meader, Ready, Tongue, Shoulder, Wret,
Hands, Whiskers, Marmora, Yella,
Granta, Silkrage, Cowhorn, Catt, Nallo,
Ayl. Also these and others: Joseph
Came, Peter Wentup, Joseph St. Thomas,
Simmer, John Smothers, Sarah Smoper,
Rust, Shavay, William Smores, Joseph,
Rothbach, Charles Forast, Acreen, Crab-
tree, River Jordan, Boze St. Morey,
Peppers, Web Ashburn and Susan Cris-
sick.

SOLD TO ROOT BEEF MEN

Federal Packing Co.'s Plant at Ems-
burgh Falls Changes Hands.

Emsburgh Falls, Aug. 18.—Articles of
incorporation were filed to-day in the
town clerk's office for the Emsburgh
Falls Milk company. It will take pos-
session of the Federal Packing company
plant, which has been idle since Febru-
ary. The new company proposes to be-
gin business within a month and will
manufacture evaporated and condensed
milk.

The incorporators of the new company
are Charles E. Hires and J. Edgar Hires
of Philadelphia, Pa., and E. Henry
Powell, J. W. Marks and Sayles Nichols
of Burlington.

The plant of the Federal Packing
company was erected a year ago at a
cost of nearly \$5,000.
The Hireses are widely known through-
out the root beer which bears their name.

RECORD RAIN AND COLD.

Manhattan Island Had Official Precip-
itation of 4.15 Inches Yesterday.

New York, Aug. 18.—More rain by mil-
lions of tons fell on Manhattan island
during the past 24 hours than in any Aug-
ust day yet recorded by the weather bu-
reau. The official precipitation was 4.15
inches, almost two inches more than for
all the days of August thus far. And it
was a colder day than any this summer.
The temperature sank to 54, than which
only two colder August days (51 in 1885
and 52 two years ago) are known.

Until today, the heaviest August rain-
fall was 3.92 inches in 1888. October, 1869,
has the record for all months, with 3.6
inches in one day.

PYTHIANS CAMP AT BARRE.

Fourth Annual Tent Encampment of
the Uniform Rank.

Barre, Aug. 18.—The fourth annual tent
encampment of the uniform rank of the
Knights of Pythias of Vermont opened
last evening on the Granite City Trotting
Park and will continue through Tuesday.
About 45 wall tents are used to shelter
the regiment.

Major Gen. A. J. Stobart of St. Paul,
Minn., arrived last evening. His stay
here necessarily will be short, as he is
obliged to be in Halifax, N. S., Tuesday
to attend an encampment there.

Monday will be devoted to drills and to
recreational business methods. Tuesday
and Wednesday to the grand lodge of
Knights of Pythias and to the grand
temple of Pythian Sisters.

FOUND NO SLEEPING PLACE.

Jack Johnson Discovered Even the
Police Station Barred.

Salt Lake City, Utah, Aug. 17.—Jack
Johnson, the heavyweight champion of
the world, who arrived in this city yester-
day afternoon, applied at the local
police station at an early hour this morn-
ing for assistance in obtaining a place to
sleep. After a night of fever in which
the colored pugilist, of Salt Lake City,
had been confined at the local hospital,
he had been ordered to leave the city and
find a place to sleep, where it is said
rooms had been changed for himself and
wife. He was informed that the hotel-
ier did not cater to colored trade and after
vainly seeking accommodations else-
where, he made an appeal at police head-
quarters, but was told that the depart-
ment could not interest itself in the mat-
ter.

LAD STABS HIS BROTHER.

Sharp Kitchen Knife Used in Revenge
for Losing Love.

New York, Aug. 18.—Hyman Schiff,
six years old, stabbed his grown step-
brother, Isaac Rogers, in the abdomen
yesterday and fled from the East Side
tenement in which they lived. Isaac will
probably die.

Hyman was doing on the sofa when
Isaac came home from work. "Get up
and find some other place to sleep," said
Isaac, slapping him. "I want to be
down." For answer the boy leaped to
his feet, seized a sharp kitchen knife
from the table and plunged it into his
brother's side.

Other Slot Machines.

Chicago, Aug. 17.—The nickel in the slot
telephone patrons of Chicago almost cele-
brated when they read a Washington
dispatch which asserted that the new
Lincoln cents would operate the slot
machines. Officials of the telephone com-
pany immediately started employees out
with the new one-cent pieces to test the
various styles of slot machines. In cigar
stores, drug stores and saloons trials
were made with the coins but in all the
cents failed to work the machines.

WARSHIPS ON THE LAKES

Problem We Must Settle with
Canada.

At that time there was talk of giving six
months' notice to end the agreement. The
American argument was that in case of
war this country would be helpless as
any number of light vessels of the Brit-
ish navy could work through the Cana-
dian canals and enter the Great Lakes.
Since 1890 the matter has dragged along.
The Rush-Bagot agreement has never
been terminated largely for the reason
that certain American vessels have been
permitted to pass through the canals and
into the upper lakes. Canada has re-
sented that country from going to
the fact that Bennington still occupies
the position and thinks that the Vermont
delegation could do no better than sug-
gest his name to President Taft as the
man who has the ability and is in every way
worthy of political recognition. Mr.
Barber has been a factor in Vermont
politics and the close friend of several
newspapermen whom he has assisted in
a highly commendable manner. The Ver-
mont delegation might work this fact
in when they present his name to Presi-
dent Taft, if they conclude to do so.

WHAT OUR NEIGHBORS SAY

The Vermont Delegation Has Recom-
mended Hon. O. M. Barber for the

(From the Montpelier Argus.)

Regarding the judgeship of the cus-
toms court the Watersbury Record notes
that the name of O. M. Barber, of Ben-
nington, is prominently mentioned for
the position and thinks that the Vermont
delegation could do no better than sug-
gest his name to President Taft as the
man who has the ability and is in every way
worthy of political recognition. Mr.
Barber has been a factor in Vermont
politics and the close friend of several
newspapermen whom he has assisted in
a highly commendable manner. The Ver-
mont delegation might work this fact
in when they present his name to Presi-
dent Taft, if they conclude to do so.

HOLIDAY AGAIN DISHONORED.

(From the Barre Times.)

This is Bennington's own holiday,
fashioned by the Vermont Legislature at
a fitting reminder of a really important
battle in the infant nation's struggle for
liberty, but allowed to lapse into a mere-
ly local celebration at Bennington. Out-
side of the banks and a few State offices
at Montpelier, the day is dishonored
being allowed to pass without general
observance. Indeed, few people recall
that August 16 has any significance
whatever in the chronology of the State,
because of the slight attempt at cele-
bration of the day and were it not for
the fact that Bennington still occupies
Bennington Battle Day and the news-
papers make occasional reference to the
