Found Guilty of Second Degree Murder and is Sentenced to State's Prison for Life

Manchester, July 29.—Guilty of murder in the second degree was the verdict of the jury in the case of Byron M. Pettibone, by administering strychnine in a dose of epsom salts at their home in Bennington on April 6. A sentence of imprisonment for life was imposed by Judge Wilson, but opportunity was granted his counsel to present a bill of exceptions. In order that they might more easily confer with their client in preparing this a stay of execution for 30 days was granted and Pettibone was returned this afternoon to Bennington jail in order to the State's prison at Windsor where he was to have been taken this afternoon. The jury returned their verdict shortly after two o'clock (daylight time) after having had the case since 3:35 yesterday afternoon.

They then retired to their room for the night at the suggestion of the court, and returned at 11:30. At this time the case in the jury room again at 8:45 this morning. Pettibone received the verdict and the sentence in a comparatively calm manner, although he showed signs of nervousness. He was immediately taken back to his cell where he was visited shortly after in the corridor by his brother, Benjamin Harrison Pettibone, of Downal and his sister, Mrs. Maude Hathaway of the same town. After a few minutes Mrs. Hathaway went out and returned with Miss Helen Irene Gullow, the nurse, whose name has been constantly linked with Pettibone's.
