—Among the many pleasant and welcome visitors to honor our sanctum this week was the genial and accommodating Postmaster of Nicholson, Mr. M. F. Seal.  
—The young Bay gentlemen who participated in the last Jordan river picnic are earnestly requested to be present at the editor's residence Tuesday evening at 8 o'clock.  
—The editor of this paper desires it to be understood that he is not the author of the Waveland notes. We have a representative in Waveland who guides our interests in that section.  
—Mr. and Mrs. Reiderberg, of Milwaukee, are enjoying the sea breezes wafted upon the elm-scented atmosphere that pervades the beautiful villa of Mr. and Mrs. Leonard, "Elmwood."

—We are glad to announce the return of Mr. Thomas L. Walters, who left the Bay two weeks ago suffering with extreme pain resulting from a splinter in his right hand. Tom is a great favorite about the Bay and he was gladly welcome home again. His hand is doing well.

### Precisely So.

The Columbus Dispatch says: "One of the brightest young men of his profession is Dr. W. E. Walker, of Bay St. Louis, Miss., upon whom the Association conferred its Secretaryship. Dr. Walker is one of the youngest members in attendance upon the convention, yet he is far advanced in the profession of dentistry. Affable and pleasing in address, courteous in manner, and genial in all his ways. He is making many friends in Columbus who will always remember him favorably. He will make a good officer, and the Dental Association displayed wisdom in his selection."

THE ECHO and the many friends of Dr. Walker are glad to hear of the distinction bestowed upon him by so learned a body as the Mississippi State Dental Association. This is the Doctor's second term as a secretary.

### For a Worthy Purpose.

To-night the ladies of Christ Episcopal church will give at the Firemen's hall an entertainment that will equal any previous entertainment given in this city. It is for the purpose of raising funds to purchase a new organ for the church, and all lovers of amusement and all persons desiring to assist in such a good cause will be present. The programme is interesting and will please the young and old alike. Immediately after the entertainment dancing will be in order and delicious refreshments served. We know there is an immense treat in store for all who will attend.

### A Successful Event.

The spacious Firemen's hall presented a scene of beauty and gallantry which helped to compose a large and intelligent audience. The occasion of such gathering was to witness the performance given by the members of St. Aloysius Society, for the benefit of the organization. The boys personated their parts to perfection, and to mention one without all would be an injustice, but still we think Mr. Paul Combrel deserves mention for the manner in which he took his many parts with such ease and perfection. A good amount was realized.

### Masonic.

J. W. Bradley, Deputy District Grand Master of Masons, will visit the Lodges at the times and places as follows:  
Pascagoula Lodge, Moss Point, six days, commencing May 16th.  
Gulf Lodge, Seranton, six days, commencing May 23d.  
Bay St. Lodge, two days, commencing Friday, May 27th.  
Magnolia Lodge, two days, commencing Friday, May 30th.  
The brethren will make note of this and govern themselves accordingly.

### Give Them a Hearty Welcome.

On Monday next, the 16th, instant, we Bay St. Louis people must not forget our greeting of welcome and hospitality to the immense crowd of visitors and strangers who will honor our city with their presence on the above named day. An excursion will be run over to the Bay from Mobile, Ala. Give the excursionists a hearty welcome, and they will be sure to return again.

What is the matter with our candidates for the August election? It is time to announce yourself Mr. candidates, in the Echo, which everybody receives up here. Don't be afraid, but speak out and the people will support you when they will be acquainted with your wants. [It only costs five dollars. Ed. Echo.]

A small number of the Chasseurs-a-pied, Company A., St. Paul's battalion, A. N. V., celebrated Sunday at the beautiful summer home of Mr. Paul Conrad, the thirty-first anniversary of the enlistment of the company and the departure for the front. The anniversary was on April 22, but May 8 was the first day after that date when they got together. Present besides Mr. Conrad and his two sons were Capt. Joseph deMorelle, and Comrades Peter McDonald, Lawson L. Davis, John Fairfax, Marcelle Ducros, of New Orleans, John L. Rapier of Mobile. It was resolved to celebrate the next anniversary in Mobile. The celebration opened with the reveille and the church call, and then came the dinner call, at which each veteran was as of yore full of obedience to the company motto: "Toujours en Avant (si tu puis)." Mr. Conrad truly made the celebration a grand and enjoyable affair. The dinner was an elegant one, comprising nearly 50 different dishes. The meats, fowl, fish and vegetables were furnished by the Gulf Coast Market of Bay St. Louis.

—Mr. Planchet's mammoth store nearing completion.

—Miss Polk, of Holly Springs, Miss., is visiting Mrs. Tidwell.

—"We are in it." That is what the clerks at the Blue Store say about shoes.

—On Thursday we enjoyed a rich treat in the shape of a visit that was appreciated and will long be remembered. The visitor who occasioned such pleasant moment of our life was in the person of Hon. R. Seal, one of the best known and most experienced lawyers of the coast.

—It affords us pleasure to acknowledge a call from our energetic and wide-awake citizen, Mr. E. Pen Davis, who was so thoughtful as to gladden the monotonous life of an editor. Mr. Davis presented us with some strawberries almost an inch in diameter. They were grown on his place and reflect him great credit.

—Go to the Blue Store and examine their fine stock of shirts just received from New York. Very latest styles.

—Foreman W. F. Delcuze is certainly the right man in the right place when it comes to the foremanship of the Fire Company. During Saturday night the audience at the hall were in perfect safety from fire as Mr. Delcuze was fully prepared in case of an emergency.

Vol. 1, No. 16 of THE SEA COAST ECHO, published at Bay St. Louis, Miss., by Chas. G. Moreau, received, and to say it is a bright newsy paper would not give it justice. It is, in our opinion, one of the brightest, newest papers published on the Gulf Coast, or in the State for that matter. The Echo has the best wishes of the News for success.—Westville, Miss., News.

—We have been requested to announce that there will be a grand promenade concert and garden party at the beautiful grounds of Mrs. Balentine's residence, on the evening of May 21st. The proceeds of this enjoyable occasion will be for the purpose of erecting a public library building, for the King's daughters' collection. This is a worthy object and we ask that everybody lend a helping hand.

—The other evening four "rural-looking gentlemen stopped at Peiri's soda fountain. During their stay we overheard the following: Customer—"Four glasses." Clerk—"What syrup will you gentlemen have?" Customer—"We don't want molasses. We want some d. here soda." Clerk—"What kind of flavoring syrup I said you gentlemen wanted. These bottles here contain the syrup." Customer—"Well, gimme some of that red kind and I believe you can put a little of that milk kind in." "We'll take the same," soon replied the silent trio. Soon all four were enjoying a glass of soda flavored with rose and cream.

### Weather Crop Bulletin.

UNIVERSITY, MISS., May 7, 1892.

Reports show a considerable improvement in the prospects of all crops, due to favorable weather. There has been very little rainfall—only local showers in a few sections. The temperature has been above normal, and sunshine generally abundant. In the northern parts of the State fine progress has been made in planting late crops and cultivating early corn. In the southern section moisture in the ground has delayed cultivation of corn and cotton, and prompted the growth of grass and weeds. The stand of cotton is reported as generally good in the south, and it is germinating well in the north, where it will be helped by local rains that have fallen during the last days of the week. Corn has not generally made so good a start, having been unfavorably affected by cool wet weather a few weeks ago. The oat crop is excellent over the State. The season has been quite favorable for both native and cultivated grasses grown for hay. Unusually large attention is being given to the cultivation of potatoes, beans, and other food crops. The season, while late, has been favorable to these.

In the Delta section there has been a large decrease in the acreage of cotton planted, and a larger increase in the corn crop. The prospects for both have improved this week very considerably.

Special items reported from different sections:

Flora—The past four days have been the best for farm work this season, and much planting and farm work have been accomplished. The ground is stiff and hard.

Greenville—Cotton and corn crops are doing well. Stands are good in this section. The high stage of the river is the only cause of alarm.

Valdeu—Farming operation have been pushed with vigor. Stands of cotton good, of corn not good.

Pearlington—Owing to complete saturation of the ground, the cloudy weather and showers, the grass has covered what was left of the corn and potatoes.

Liberty—The grass in corn and cotton very thick, giving much trouble.

Fayette—Weather favorable for farm work. Corn not all worked out. Cotton being chapped out. Some cotton yet to plant. Corn looks well.

Lamar—Crops very nearly all planted, and coming up nicely. The past few days have been very beneficial.

Macon—Crops generally in better growing condition than for last three years.
