Proposed Amendments to the Constitution of the State of Mississippi:

At a regular session of the legislature of the State of Mississippi, held in January, February, March and April, 1922, two concurrent resolutions were adopted submitting to the qualified electors of the state for ratification or rejection at an election to be held on Tuesday after the first Monday in November, 1922, being the 7th day of November, 1922, the following amendments:

SECTION 1. Be it resolved by the legislature of the state of Mississippi (2-3 of the members of each House concurring therein) that Section No. 135 of the constitution of the state of Mississippi be and the same is hereby amended as follows:

"SECTION 135. There shall be a sheriff, coroner, assessor and surveyor for each county to be selected as elsewhere provided, herein who shall hold their office for four years. The sheriff shall be ineligible to immediately succeed himself in office. The duties heretofore imposed on the county treasurer shall be discharged by some person or persons selected as provided by law.

SECTION 2. That this amendment to the constitution be submitted to the qualified electors by the state for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1922, in accordance with Section 273 of the Constitution of Mississippi.

Passed the Senate, January 27, 1922; January 30, 1922; February 1, 1922.

Passed the House of Representatives, March 22, 1922; March 23, 1922; March 24, 1922.

A Concurrent Resolution proposing an amendment to Section 170 of the State Constitution, prescribing the jurisdiction of boards of supervisors over roads, ferries and bridges.

Resolved by the legislature of the state of Mississippi, two thirds of each House agreeing thereto, that the following amendment to the state constitution be submitted to the qualified electors of the state for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1922, viz:

Section 170 of the state constitution so as to read as follows:

Each county shall be divided into five districts, a resident freeholder of each district shall be selected, in the manner prescribed by law, and the five so chosen shall constitute the board of supervisors of the county, a majority of whom may transact business. The board of supervisors shall have full jurisdiction over roads, ferries and bridges, to be exercised in accordance with such regulations as the legislature may prescribe, and perform such other duties as may be required by law; provided, however, that the legislature may have the power to designate certain highways as "state highways" and place such highways under the control and supervision of the state highway commission for construction and maintenance.

The clerk of the chancery court shall be the clerk of the board of supervisors.

Passed the House of Representatives, February 1, 1922; February 2, 1922; February 3, 1922.

Passed the Senate, February 21, 1922; February 22, 1922; February 23, 1922.

HUSBAND SEES WIFE SHOOT SELF FATALITY

Despondency as Result of Quarrel is Blamed for Tragedy in Copiah County.

Crystal Springs, Miss., Oct. 20. — As the result of despondency caused by a verbal clash with her husband following her visit to Jackson, relatives and the state fair, Mrs. Percy Traylor, the young wife of Percy Traylor, business man and general manager of the Grantham Brothers interests, late yesterday shot herself fatally through the temple with an automatic pistol at her home in Crystal Springs, near here.

Mrs. Traylor had been at Jackson visiting relatives and attending the fair since Monday, and on reaching home she found Mr. Traylor absent, he being in Crystal Springs on business. On his return home, it is said, Mr. Traylor and his wife talked about the Jackson trip and disagreed about the time fixed for Mrs. Traylor to return home. Whereupon she laid their one-year-old baby on the bed nearby and seizing a gun, exclaimed: "All right; I will end it all."

Before Mr. Traylor could interfere she had fired the fatal shot into her brain. The couple have been married about two years and had one child.

Mr. Traylor for a number of years has been the confidential man of the Grantham interests. Mrs. Traylor was 20 years old.

District Federation of Women's Clubs Meets

The Sixth District Federation of Women's Clubs met in Hazlehurst on Saturday, October 14th, the meetings being held at the Baptist Church. Delegates were present from Vicksburg, Canton, Jackson, Port Gibson, Crystal Springs, and other points. Mrs. Carrie Ramsey of Port Gibson ably presided over the sessions, and other distinguished guests were Mrs. Hardy of Gulfport, State President of the Federation, Mrs. Sam Covington of Summit, ex-president of the Federation, Mrs. Lizzie George Henderson of Greenwood and Miss Susie V. Howell of Jackson.

Miss Lizzie Covington, president of the local club, gave a sincere and cordial welcome to our city. Miss Annie Tait Jenkins of Crystal Springs in well chosen words responded for the delegates.

The afternoon session was taken up with committee reports. Miss Pearl Guyton, of Whitworth College, spoke on Education. Mrs. Sam Covington of Summit on the Hebrew Scholarship. The election of officers made Mrs. Comfort of Canton, President; Mrs. Buck of Jackson, Vice-President; Miss Nell Caldwell, of Hazlehurst, Secretary; Mrs. Bell, of Vicksburg, Treasurer. —Hazlehurst Courier.

About Crosby's Speech Published in Saturday Leader

I have carefully read Mr. L. O. Crosby's speech in the Free Press, made at the Booster Meeting in Poplarville the other day, and I must say that it is one of the best I have heard, and I believe that Mr. Crosby's sympathies are with the farmer because if he grew up and worked on a farm he certainly knows what a farmer has to contend with to make crops and he is showing a disposition not only to give advice, but is actually spending his money to help the farmers of this country, and his advice is good regarding cooperation and helping each other, but he cannot bring prosperity to the farmer by his liberality, and the farmers of this country must do something for themselves. Mr. Crosby is manufacturing lumber and he belongs to that class of people who are getting \$2.75 worth of the farmers' produce for \$1.00 worth of his products compared. While I have no quarrel to make with him for getting all that he can for his lumber it is up to the farmers of this country to demand more for their products from their farms, and then refuse to pay an unreasonable price for the manufactured goods before it is too late, for the time is not so far ahead when he will not be able to buy at any price, if present conditions do not change.

It is true that manufacturers are in some cases paying much higher wages for their labor than they did in 1913, but they should realize that we must get back to pre-war basis and that the cost of goods will be reduced from the present basis if this country shall prosper, and they should cut these high salaries and wages down to a reasonable price, so as to be able to meet the farmer on halfway ground with prices, and let all share in prosperity alike.

Some will say let's have high prices for farm products and let manufacturers get what they want, but any student of economy who is posted on conditions throughout the world knows that this cannot be done for the reason the tariff has been put on many articles to protect the price from foreign competition both of farmer's products as well as the manufactured goods and I can see no reason why we should want or ask for higher prices because I don't believe higher prices can be maintained, and what this country now wants is equal prices in both farm products and manufactured goods and then let salaries and wages come down accordingly, and then we can have prosperity, but we can never have it when one class of people have to give \$2.75 for what they should have to give \$1.00. I am not just ready to suggest the remedy, but there should be one, and I believe I know the remedy, but I am going to wait for someone else to name it.

As suggested by Mr. Crosby, we should work together in harmony for the common good of all the people, because pulling this or that one down will not in the least raise you and when this is the rule we shall all fall together.

Yours for better conditions,
D. F. SMITH.

Old Resident Near Death

"I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors, I tried a bottle of May's Wonderful Remedy, which gave relief at once. I am 75 years old, and would have died but for your wonderful medicine. The jaundice is all gone and I am gaining appetite and strength every day."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.

Tabernacle to Be Erected

Hattiesburg, Miss., Oct. 19. — Plans have been completed for the erection of a tabernacle near the business section of the city in which to have the Gypsy Smith, Jr., revival meeting and include a donation of half the entire cost by W. S. F. Tatum, mayor of this city, provided the public gets up the remaining half. Work of constructing the tabernacle will commence soon and calls for the erection of a building nearly 200 by 150 feet, steam heated, with a large choir loft, and a voice amplifier for the speaker. It will be probably the largest hall of this type ever constructed in the state, the committee stated, and will be adequate for the meetings.

Stella Vitae Arouses Intense Interest Here

Women by the Hundreds Are Flocking Into Drug Stores to Obtain a Supply of the Preparation That Has Been Accomplishing Such Remarkable Results in Restoring Health and Beauty and Happiness to the Weak and Suffering.

Few announcements in many years have caused such widespread interest among the women of Mississippi and surrounding sections as that made recently regarding Stella Vitae, the preparation that is accomplishing such remarkable results in the relief of "Female Troubles."

Women by the hundreds, many of them showing plainly the effects of their miserable suffering, are visiting the local drug stores and investigating the Stella Vitae treatment. Rich and poor alike, they are taking advantage of the opportunity of regaining their normal health, strength and beauty by obtaining a supply of this vegetable preparation. In this section druggists have sufficient quantity of the Stella Vitae treatment on hand to meet the present enormous demand, but it is not known how long before their stocks will be temporarily exhausted. For that reason local women are advised to act quickly, in order that they may begin the treatment immediately and determine for themselves whether or not Stella Vitae will benefit them as it has so many thousands of their sisters.

The trial is made easy for any woman, because the interests behind the distribution of Stella Vitae have placed the treatment within the reach of every suffering woman, no matter what her circumstances or station in life. Through the liberal money back guarantee no charge is made if the patient is not benefited. As a result of this unusual policy, any suffering woman may obtain Stella Vitae and if she does not feel improved after taking the first bottle, the druggist who supplied her will cheerfully refund the purchase price.

This straightforward offer in connection with the distribution of Stella Vitae is made by the Thatcher Laboratories in order that no woman suffering from the troubles peculiar to her sex will be denied possible relief. It is not claimed that the Stella Vitae treatment will overcome any woman's disease. It may be that in some cases no medicine will bring relief. Others may need to resort to surgical treatment, but reports from widely scattered sections have already shown that in the majority of cases of women afflicted with what is commonly called "Female Diseases," Stella Vitae does have a wonderfully beneficial effect in relieving the suffering and restoring the patient to normal health, strength, weight and natural beauty.

And it is with the desire of aiding the countless thousands of weak, thin, run-down, haggard looking women of America in their suffering, rather than the accumulation of the profits, that the Thatcher Laboratories are making such widespread distribution of Stella Vitae.

It is therefore the positive duty of every suffering woman, not only to herself, but to her loved ones and her present and future children as well, to take advantage of this opportunity to become the normally healthy woman, both in feeling and in appearance, that Nature intended her to be. Druggists are supplied with Stella Vitae by the Van Fleet-Mansfield Drug Co., Memphis, Tenn., Distributors.

M. F. W. C. to Meet at Summit

A group of ladies met at the home of Mrs. S. M. Covington last Friday afternoon to make plans for the entertainment of the district convention of the Mississippi Federation of Women's Clubs, which convenes here on November 15th. Details were discussed and committees were appointed to look after the different phases of the coming convention. This promises to be a very interesting day. Mrs. J. C. Hardy, president of the state federation; Mrs. W. Q. Sharp, president of the Mississippi Art Association, and also active club members of Jackson; Mrs. C. R. North, press chairman of the federation; Miss Colie Covington, state chairman of education; Mrs. W. B. Natchez, state chairman of music and Mrs. Lizzie George Henderson, are among the distinguished guests expected. These ladies will be entertained in the homes over night, and the Summit ladies will be hostesses at luncheon to the delegates and guests of the convention at noon on the fifteenth. —Summit Sentinel.

Jefferson Aggies Win Close Game

Union Church, Miss., Oct. 24. —The local aggregation of gridiron warriors representing Jefferson Co. U. S. Football team, defeated Amite Co. A. H. S. of Liberty in a closely contested game here last Friday by a score of 13-12. The Liberty outfit gained only by line plunging, with Nettles, giant fullback, carrying the ball. Pate and Hancock scored a touchdown each for Amite, the former on a sneak pass. The locals gained consistently on off-tackle drives and end runs and completed four passes. Johnson was the best ground gainer; and Saxon and Anderson bucked the line for regular gains. W. Stormeater scored the first touchdown, when he intercepted a forward pass and raced thirty yards to the line and Anderson went over for the second on a cross buck. Johnson scored the winning point by skirting end on a trick play.

Prohibition Chief at Jackson

Edward C. Yellowly, chief of the prohibition field forces in the United States, and who was recently ordered to report in New York on the 1st of November to take charge of that state as prohibition director, has spent a few days in Mississippi. His business was of a personal nature, he owning property near Jackson.

"Prohibition is here to stay, and it is useless for anybody to argue against it," said Mr. Yellowly.

"In all parts of the country we are making splendid headway with the enforcement of the Volstead Act. In fact, the progress shown is far better than we had a right to hope for three years ago."

"There will always be occasional violations of course, just as there are occasional violations of the laws of theft and murder, but the American people are rapidly waking to the fact that prohibition is the best thing that ever happened to the nation, and they are accepting it cheerfully."

WOMAN SENATOR UNLIKELY TO SERVE

Special Act of Congress Is Necessary to Seat Mrs. Felton.

Atlanta, Ga., Oct. 29. —Hopes of women through the country that Mrs. W. H. Felton, of Cartersville, Ga., an interim appointee of Governor Hardwick following the death of Senator Thomas E. Watson, might be enabled to sit for a brief period as the first United States Senator of her sex, were blasted today when a thorough investigation by Walter F. George, Democratic nominee for senator, failed to disclose any way this could be accomplished legally.

At a conference between Mr. George, Senator W. J. Harris and others it developed that a bill would have to be passed by each house of congress before Mrs. Felton could qualify, legally. This would not be feasible, it was decided.

Mrs. Felton is 37 years old and has been a leader in women's movements in Georgia for many years.

An Appeal for the Old Ladies' Home

The Old Ladies' Home is a chartered private charitable institution located at Jackson as a central point.

It is not backed by any organization, religious or civic, but is supported by private contributions, supplemented by small donations from less than one half of the counties of the State.

Under the auspices of the women of the State, it has been built by degrees since 1908, at a cost of about \$70,000, and is managed entirely by women.

The \$40,000 Annex recently completed will enable the home to care for a hundred or more old women, who are admitted at 65 years and up.

The question of support is a serious one and is becoming more so. This burden has been shared by all parts of the State, many communities having never contributed a dollar. To remedy this condition is the object of this article. A most earnest appeal is made through the friendly press to every town, hamlet and rural community for systematic and continued help.

A dollar a year from every woman in the State able to give it would lift a heavy burden from the shoulders of the management.

Will not some woman in every community volunteer to collect this dollar from every one possible and forward? Over \$12,000 a year is needed for support, and it must come from these dependent old women must suffer. Help them.

This is an appeal to all organized bodies of men and women, as well as a personal appeal to every one who reads these lines.
