Good Looks. Good looks are more than skin deep, depending upon a healthy condition of all of the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered, you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic and acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Wright's drug store, 50 cts. per bottle.

A New Pump. W. F. Millard has just received a new kind of pump which promises to be very useful to ranchers who have patches of high land that cannot be irrigated in the ordinary way. The features of the pump are a large delivery of water with great ease in working and great lifting power. The Haynes Bros. have taken one of these pumps and intend to run it for lifting water to a portion of their land that lies some twenty feet above the ditch. This pump will be run by an undershot water wheel driven by a flow of water taken from the ditch, but the pump can be very easily worked by hand-power or a windmill. It has a three inch delivery and a continuous flow, and is not by any means a high priced affair. Mr. Millard will be pleased to explain its workings to any one desirous of being better informed.

Baseball Tossers. Last night's baseball meeting was not very largely attended, but all the necessary arrangements were completed for the incorporation of the association. Messrs. H. M. Moran, W. E. Savage, Thomas Deckert, J. D. Hicks and E. B. Babcock were chosen as the incorporators.

J. D. Hicks as a committee to draft a constitution and by-laws, the meeting adjourned until Friday evening, the 17th inst. In the mean time J. E. Light will prepare the articles of incorporation and by the date of the next meeting the association will be ready to proceed with work upon the grounds.

Pronounced Hopeless, Yet Saved. From a letter written by Mrs. Ada E. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying that I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God I am a well and hearty woman." Trial bottles free at Wright's drug store, regular size, 50 cts. and \$1.

Hon. J. R. McKay returned yesterday morning from the scene of his legislative labors at Helena looking and feeling first-class, as usual. His associate in the house, Hon. L. A. Huffman is putting in a short vacation visiting Great Falls and other western points of interest. "Mac," as everybody persists in calling him, notwithstanding the dignified handle he now has to his name, describes the scene of the last day's balloting for senator, as the most expressive and dramatic that he ever witnessed, and from the manner in which the recalcitrant republicans were treated, it does not seem as if there could be a price paid big enough to induce a man to undergo such ignominy.

Tobacco Users Smile Sometimes. When told that tobacco hurts them; their wives never do, because shattered nerves, weak eyes, chronic catarrh and lost manhood tells the story. If your husband uses tobacco, you want him to quit, post yourself about No-to-bac the wonderful, harmless, guaranteed tobacco habit cure, by sending for our little book titled: "Don't Tobacco Spit Your Life Away," mailed free. Drug stores generally sell No-to-bac.

Homes at the World's Fair. There is no reason why anyone should be deterred from visiting the World's Fair by reason of possible inconvenience and uncertainty attending the securing of satisfactory hotel accommodations. The Northern Pacific Railroad will in due time publish low excursion rates to Chicago and return for this occasion, while its double daily passenger train service, including through sleeping cars of both classes (Standard and Tourist) to Chicago, will as usual be at the head of the list in every particular. To help you in fixing in advance upon your place of residence while attending the World's Fair, we have placed in the hands of our agent at your station a book compiled by perfectly trustworthy parties, called "Homes for Visitors to the World's Fair." This little book, which you can purchase for fifty cents, contains a list of about 9,000 private

families who will accommodate visitors in Chicago during the time of the Fair, viz: May 1st to October 30th; gives their names and addresses, and number of rooms each will have to spare. The book also gives a list of the hotels and their locations; has twelve full-page large-scale maps, each representing a section of the city, so that with this information before him the intending visitor himself, can at leisure, select the quarter of the city in which he would prefer to stop, corresponding in advance with one or more families in that locality with regard to rates and the accommodations desired. The Fountain Head of Strength. When we reflect that the stomach is the grand laboratory in which food is transformed into the secretions which furnish vigor to the system after entering and enriching the blood; that, in short, the fountain head of strength, it is essential to keep this important supplying machine in order, and to restore it to activity when it becomes inactive. This Hostetter's Stomach Bitters does most effectually, seasonably, regulating and reinforcing digestion, promoting due action on the liver and bowels.
