OHIO'S PAST ELECTIONS.

The most important state election that has ever occurred in this country is the one which is to take place in Ohio on November 7th. This is directly due to the fact that the contest is conducted on national issues. The great economic principle of a national tariff is to be decided on that day, and any decisive majority either way must be regarded as the verdict of the laborer and farmer for or against free trade.

At present, no Democrat claims the election of the free trader, Neal. Their only hope is to keep the majority of McKinley down to the 21,000 line of two years ago. Anything above that will be regarded as a proportionate demand for a protective tariff; and in view of the present depression since the accession of the Democrats to national power the republicans confidently expect to shove McKinley's majority up near the 50,000 mark.

In the past Ohio has been as fickle as a school girl and though John Brough received 101,000 majority for governor in 1863, the state became uncomfortably close after the war closed, and during the 70's Ohio was often found in the Democratic ranks. In fact, at one time in 1884, with Hoadley as governor, every state officer, except one member of the board of public works, was Democratic. Today all are republicans, although five of them squeezed in last year by less than 2,000 majority.

For president, Grant beat Greeley in Ohio in 1872, by 36,308; Hayes' majority there in 1876 was 7,516; in 1880 Garfield, Ohio's idol, carried the state by 34,227; in 1884 Blaine got 31,802 majority; Harrison in 1888 had a majority of 19,539, and in 1892 the Harrison majority slid down to 10,721.

For governor, Allen, Dem., beat Noyes in 1873 by less than 2,000. Two years later R. B. Hayes defeated Allen by 3,000. In 1877 another Democrat, Bishop, was elected governor by 25,520, but in 1879 Foster, Rep., beat Tom Ewing by 17,129. Foster was re-elected in 1881 by 24,303, but at the next gubernatorial election in 1883 Hoadley, Dem., beat Foraker by 12,529. In 1885 Foraker won by 17,451, and was again successful in 1889 by 23,629. On his fourth attempt, in 1893, Foraker was defeated by Campbell by a Democratic majority of 10,872. In 1891 McKinley's majority over Campbell was 21,511.

Thus it will be seen that in the past twenty years Ohio has elected four Democratic governors with an average majority of 12,000 each, and six republicans with an average majority of 18,400 each. In the same period, during the alternate years, Ohio has elected two Democratic secretaries of state and eight Republicans, the secretary of state elected by the Republicans last year having but 1,089 majority.—Exchange.

TESTIMONIALS.
Abilene, Texas.
Gentlemen—My Camera continues to give entire satisfaction. I am obtaining excellent results.
(Signed) W. F. BATES.

Austin, Texas.
Sirs—Have made several fine negatives with your Camera and think it about as good as any instantaneous instrument I have ever used.
(Signed) C. W. BARTHOLOMEW.

Boston, Mass.
Gentlemen—Too much cannot be said of the little Camera. I have more than 10 dozen pictures and have had but one bad one and that was my own fault. Since I have had your Camera I have had it with me on my wheel wherever I go, and it is a little gem. I could not get another I would not take \$500 for it.
(Signed) M. S. KALBER.

Brooklyn, N. Y.
Gentlemen—I think the Camera is great. I can turn out just as good work with it as I can with Eastman's Kodak of same size, which costs for \$20.00 in some places. I am a professional photographer and know a little about it.

PREMIUMS
—THE—
Fashion High Arm Singer

Five Years Guarantee.
Delivered Railroad Freight Paid Full Set of Finest Steel Attachments in Finish Lined Case.

Our Finest Premium is without doubt the Fashion High Arm Singer Sewing Machine. The "Singer" has stood the test of 40 years and made a princely fortune for its inventor. The "Fashion" Singer, however, is an improvement on the original machine, as it has all modern improvements up to date which are known or found in a first-class family sewing machine.

The automatic bobbin winder winds all sizes of thread on the bobbin as easily as a spool of thread is wound, without care or attention on the part of the operator, except to keep the treadle moving. Owing to the machine having what is termed a tight and loose wheel, the bobbin can be wound without running the working parts of the machine. This is quite an advantage, as it does not necessitate the removing of the goods from underneath the presser foot, nor even unthreading the machine.

The needle is short and straight, thus insuring great strength; it is also self-setting, requiring no care on the part of the operator.

The pressure on the sewing foot is adjustable, and when the foot is raised to remove the work from the machine, it brings into play the automatic tension release. This takes the tension from the thread, and the goods can be removed from the machine without bending the needle or breaking the thread. Every operator on old style machines will appreciate this point.

Each machine is furnished with the following accessories and attachments:
Oil can filled with oil, 12 needles, 6 bobbins, crank, guide and guide screw, large and small screw driver, instruction book, foot hammer, feller, rafter, tuckin, binder, and a set of 6 hemmers of assorted widths. We also furnish a written guarantee warranting the machine for five years, breakage of needles and shuttles excepted. This shows the great confidence we have in the machine, which we justly claim to be the best value for the money ever offered.

How to obtain this Machine.—We will send this machine FREE, freight paid to nearest railroad depot, to any one sending us 40 yearly paid subscriptions, or for 20 paid subscriptions and \$10.00 in cash; sold to subscribers only for \$29.50 cash, railroad freight paid. The regular retail price of this machine is \$35.00.

The following testimonials were furnished us by the manufacturers:

LAFAYETTE SPRIGGS, Quincy, Ky., under date of June 24, 1893, writes: "I have one of your High Arm Sewing Machines. We have had it for 5 years, and it gives me as good results as any other machine. It is as good as the best machines in our neighborhood by all who have used it."

MISS SALLIE McCULLAN, Whitesburg, Ky., under date of June 22, 1893, writes: "I received the machine and am delighted with it. It does lovely work. There is not another machine in our town for which I would willingly exchange mine. It is a perfect gem in itself. I think I will be able to send you some orders by fall. Everyone likes it."

HENRY JORDAN, Millersburg, Ky., under date of June 23, 1893, writes: "Your Premium Machine is the best one I ever saw. I would not give it for any of my neighbors', some of whom have paid \$50 for their sewing machine. I will tell all of my neighbors about your machine."
