MUSSELSHELL COUNTY CATTLE MUST BE DIPPED BEFORE JULY 1

TO PREVENT SPREADING OF CATTLE SCAB—UNLESS DEMAND IS COMPLIED WITH AND THE CATTLE SCAB IN THIS COUNTY IS ERADICATED A TWO-YEAR FEDERAL QUARANTINE IS RESULT.

COLONEL CRULL PRE-DICTS BLOODSHED

The following statement was given to the Associated Press on Wednesday of this week at Chicago by Col. E. J. Crull of Roundup:

"They must nominate Taft on the first ballot or look out," commented Col. E. J. Crull of Roundup, a Montana alternate, who is busy about the Congress hotel as one of the Taft men. "If the president isn't nominated it is hard to tell what will happen. There may be bloodshed before we get through. I have never seen a feeling so bitter among men as it is here, and it is growing worse every hour."

A. J. DuFrene, deputy state veterinarian, of Billings, Montana, caused to be published in this issue of The Record an official notice regarding cattle dipping in Musselshell county and giving the different locations of dipping pens throughout the country in this part of the state in which cattle are effected by scab.

In Musselshell, Yellowstone, Sweet Grass and Northern Rosebud counties, in order to eradicate the dread disease of cattle scab, the live stock sanitary board of this state is doing everything within its power to help the cattle men attain this end. It is requested that all the cattle within the above mentioned counties be dipped before July 1, and in case this request is not complied with the state will take the necessary steps in seeing that the cattle are dipped.

It is very important that cattlemen in these counties immediately dip their cattle and do everything possible to rid the effected cattle of the scab, for unless this disease is positively eradicated by the first of January, 1913, a federal quarantine will be placed on these counties, which lasts for two years. In case of a federal quarantine the stock business in these counties will practically come to a standstill, as it will be impossible to ship any cattle to the eastern markets during the time of the quarantine.

The work in this locality is under A. J. DuFrene, deputy veterinarian of Billings. He will be glad to give the cattlemen any assistance possible.

TO OPEN MORE LAND TO HOMESTEAD ENTRY

GOVERNMENT ENGINEER TO SURVEY EIGHT TOWNSHIPS IN BULL MOUNTAINS.

Billings Gazette: Eight townships of unsurveyed government land northeast of the city and at the edge of the Bull mountains will be surveyed for the purpose of opening the land to homestead entry. Civil Engineer Patrick Sweeney of the surveyor general's office in Helena, arrived in the city yesterday and will go to the Bull mountains today with a force of five assistants for the purpose of beginning the work which will take about a month or six weeks.

A survey of the land had been let by the government by contract and the work was started but was never completed and approved by the government. The survey will now be finished at once and the land may be opened to homestead entry some time this fall.

The land has been used as grazing land by stockmen and a large part of it is adaptable to farming, being of rich soil that can be easily plowed. It is expected that the land will be settled rapidly by homesteaders as soon as it is opened to entry.

The land to be surveyed is about 35 miles from Billings and near the survey which was made last summer for a railroad between Billings and Roundup. It consists of townships 28, 29 and 30 in 4 north, townships 28, 29 and 30 in 5 north and townships 29 and 30 in 6 north.

Cooley, Bozeman, or your county superintendent of schools.

We understand that the deal is about to be closed whereby Jack Sparling takes over the Johnson hotel for a period of two years.

President Howard Elliott of the Northern Pacific has offered to give bronze medals to the county champions in the potato and sewing contests. He will also give gold, silver and copper medals to the state champions at Helena. For rules and instructions write to F. S. Cooley, Bozeman, superintendent State Fair Industrial contests, or to your county superintendent of schools.

REFUND OF TAX UP TO COUNTY. Says Musselshell Commissioners Must Correct Assessor's Error.

If excessive taxes are collected through error of the county official having it in charge, are paid under protest and even though the person paying them fails to bring suit for the recovery of the amount, it is the duty of the county commissioners to refund the money if he files a claim for it. This is the opinion of the attorney general rendered to County Attorney Desmond J. O'Neil regarding a case now pending here.

The tax in question was paid to the stock indemnity fund. The attorney general states that even if the amount has been turned over to the state treasurer it should be refunded by the county, and the county must look to the legislature for its recompense. "It is the experience of this office," says Galen, "that the legislature refuses to pass such appropriation acts, but this refusal in the past is not sufficient to warrant refusal on the part of the commissioners to refund the amount."

"The question before the county is were these taxes erroneously or illegally collected by it, and having determined that question in the affirmative the only concern of the commissioners is to look to the law and its directions with regard to a refunding."

Fr. Mueller left yesterday for Musselshell, Belmont and Broadview; he places.

DIXON CHARGES TAFT LEADERS WITH BRIBERY

Chicago, June 13.—Charges of attempted bribery in the fight for delegates were made today by Senator Dixon, campaign manager for Colonel Roosevelt. He charged that a member of the Republican national committee had been offered a United States marshalship if he would vote for Taft in the contest now under consideration. "I am prepared to name that man, if necessary," said Senator Dixon. "I sent word to the committeemen that any federal appointment made on the strength of voting for Taft would be up to the Senate."

Dixon was urged by the Taft managers to be specific and give the name of the Roosevelt man who is reported to have been offered the bribe. It was reported that the Taft managers have under consideration the introduction of a resolution in the convention requiring delegates to vote according to the instructions given by their states until released by them. Taft leaders, after a canvass of the situation, declared they expected to control the credentials committee.

BOSTON BLOOMERS TO PLAY HERE SUNDAY

The Boston Bloomer Girls will cross bats with the Roundup ball team at Marion park here next Sunday afternoon, according to an agreement made here the first of the week with the advance agent of the Bloomer Girls.

The Bloomers have been playing with local ball teams along the Milwaukee line in this state and have been putting up some mighty fine games. We understand the Forsyth team submitted to defeat at their hands several days ago.

We do not know of anything more that could be added that would help to swell the attendance Sunday afternoon—that our local team is to do battle with a team composed of members of the fair sex is sufficient. No matter who wins or loses, nor how good or rotten the game, it will prove to be one of the most interesting of any ever pulled off on the local diamond.

ROUNDUP BALL TEAM TAKES ANOTHER FROM NO. THREE

Threatening skies failed to hold back Roundup baseball enthusiasts and a goodly number went out to No. Three last Sunday intent upon seeing "our team" hand out another one to the boys from No. Three.

"We" made the circuit of the bases three times in the first inning just to see if the ground was in good order and the sacks were fastened down to their proper places—also to show the Threes how easy it could be done—and also to make them lose that "confidence" that they always have with them when they play Roundup.

Each side boasted of two doubles but other things happened on each side that offset the doubles and the final score after being carefully figured up was found to be five to "one of them things."

ROUNDUP WATER BEER TEST.

A letter stating that the Roundup water will make excellent beer was received here this week by the secretary of the Commercial club from J. C. West, president of the Billings Brewing company. An analysis was made in connection with the establishment of a brewery at this place.

ROYAL NEIGHBORS.

The Royal Neighbors of America will meet Thursday evening at 8:00 o'clock, June 20, at the home of Mrs. J. C. Rogue. All members are requested to be present.

The Newton Hardware company received a carload of buggies this week.

RECORD GRAND PRIZE CONTEST CAUSES GREAT EXCITEMENT

200,000 VOTES CAST THIS WEEK—MISS EMMA HOWARD STILL IN THE LEAD—FLORENCE PARKINSON JUMPS FROM 44,000 TO 90,000 IN ONE WEEK—JUDGES ANNOUNCED THIS WEEK.

The Record subscription contest that has already caused great excitement in Musselshell county still holds the center of the stage. Over 200,000 votes were cast this week which shows that the contestants are not remaining idle. Miss Emma Howard still holds first place and Miss Copman second. Miss Florence Parkinson, who practically has just entered the race made the remarkable record of casting nearly 50,000 votes in one week.

The Record announces this week that Mayor Marshall, C. F. Richardson, cashier of the Citizens State bank, and H. R. Lambert, cashier of the First National bank, have consented to act as judges on the final closing. It would be impossible for The Record to secure better men to act in this capacity. These men are well known throughout Musselshell county and their decision will be absolutely fair and just. The count of the judges on the night of July 13, 1912, will be final and their decision is assurance of a square deal to all the candidates.

Now everyone hustle, push, and win and there is no one so far behind that they could not win with a little extra effort. WOULD YOU HAVE WON IF THE BIG CONTEST HAD CLOSED LAST NIGHT?

WARRANT IS ISSUED FOR W. C. JENIZEN

Branded An Animal Which Belonged to the Shaff Ranch.

A warrant was issued for the arrest of W. C. Jenizen at the instance of the Shaff Brothers, for the illegal branding of a bull belonging to the latter, says the Ryegate Reporter.

This particular animal was purchased from the Wheelocks by the Shaffs, was branded and was running with the Shaff herd.

Jenizen does not deny the allegation, but claims that it was a mistake, that he had an animal that looked something like the one belonging to the Shaffs and that he thought the bull was his and branded him. He did not notice, however, that the animal was already branded with the Shaff brand and that is the reason that he is in trouble.

The Shaffs did not seem to take Jenizen's word for gospel and are of the opinion that the latter deliberately and illegally intended to take from them that which belonged to them. The Shaffs paid for the bull, which is a young animal, the sum of \$150 last summer.

The case was set to be heard before Justice Gregg's court on Wednesday, June 19, 1912.

NEW YORKERS OFF TO CHICAGO.

New York, June 14.—A big delegation of New York Republicans left today on a special train for Chicago to attend the national convention next week.

A CORRECTION.

The Record has been asked to state that the Tribune was misinformed when it stated in its last issue that Lavina would play the locals at Lavina June 23 and at Roundup June 30. Roundup and Lavina will play here June 23 and at Lavina the following Sunday.

BIRDMAN HERE ON FOURTH OF JULY

ARRANGEMENTS BEING MADE TO SECURE AVIATOR TO FLY HERE ON THE FOURTH.

The Fourth of July committee is at present making arrangements to secure an aviator to give exhibits here on July Fourth, and it is expected that before the end of the week definite arrangements will have been made. An attempt has been made to secure "Bob" St. Henry, a prominent bird man, but it is thought that he is already engaged for the Fourth; in such event another aviator will be secured.

The Fourth of July committee is to be congratulated upon their progressiveness. A flying machine would no doubt be one of the largest and best attractions Roundup could get. It is hoped that the committee will be successful in making definite arrangements.

RAILROAD RATES.

The Milwaukee has announced that it will give a rate of one and one-third fare for round trips from any point within 200 miles of Roundup on their lines.

CHICAGO, JUNE 13.—A motion to exclude Francis J. Heney of San Francisco from the Republican national convention on the ground that he was a Democrat was made today by one of the committeemen. He had presented a proxy of Thomas Thorsen of South Dakota. Mr. Sturges said the records showed Henry had run for prosecuting attorney on the Democratic ticket. When Committeeman Sturges of Arizona made his formal motion that Mr. Henry's proxy be refused Senator Borah said: "If this action is to be taken, I suppose we will have a chance to discuss the matter." "As I am still in the committee, I'll say something for myself," said Mr. Henry. "I refused to accept the Democratic nomination; I did run as an independent candidate and was defeated by the money of Patrick Calhoun." The motion to exclude Mr. Henry received little support.

NEW YORK STATE BANKERS.

Buffalo, N. Y., Jun 13.—Officials of many of the leading financial institutions of the state and nation are in attendance at the 19th annual convocation of the New York State Bankers' association, which opened a two-day session this morning at the Lafayette hotel. Today's program has as its features an address by President Geo. M. Reynolds of the Continental and Commercial National bank of Chicago. The delegates will cruise on Lake Erie this afternoon, and the annual banquet is scheduled for this evening.
