TAKE PRIDE IN THEIR RANCHES
Ranchers Take Advantage of Law to Designate Holdings by Name—More Should Do So.

Ten of Musselshell county's ranchers and farmers have thus far taken advantage of the new law providing for the registration of appropriate names to designate their holdings. The custom is a sentimental one as well as practical, and it is hoped that many more farmers will have their farm names enrolled in the ranch name register at the court house before another year comes to a close. Registering the name gives the applicant exclusive right to the same, after which it can not be used by anyone else in the same county. The registration fee is only one dollar which also includes a beautiful lithographed certificate giving the description of the land and the ranch name.

The following is a list of the names that have been registered up to the present time:

"Meadow Glen Farm," W. W. Felker, Musselshell.
"Pinehurst," J. H. Johnston, Roundup.
"Pine Island Ranch," C. G. Fletcher, M. D., Ryegate.
"Northfield Ranch," Lowther & Clifton, Roundup.
"Chimney Butte Ranch," Elmer B. Carter, Fattig.
"Conrad Three Pine Ranch," Conrad Gross, Lavana.
"The Rainbow Stock Ranch," Lewis P. Stigen, Irene.
"Valley View Ranch," N. C. Brockway, Melstone.
"Willow Bend," D. O. Holmberg, Melstone.
"Big Wall Ranch," Wm. A. McGinley, Roundup.

COMING SOON

Next attraction at the Orpheum is Eugene Perry's excellent comedy drama in our acts "KIDNAPPED FOR A MILLION," featuring the famous Perry Sisters with a company of eight people. The Four Perrys have starred in this play for six seasons and with their past reputation are sure to please every one. Miss Flossie Perry as Dollie, the stolen child, has moistened the eyes of thousands, while Miss Pauline will keep you bubbling with laughter in the roll of Tilly.

The Perry sisters in their buck and wing dancing and feature telephone song between acts will keep you awake. Elegant wardrobe is worn thruout the play. Special scenery and settings to correspond for each act. Remember, only one night, a dollar show for 75c reserved seats. Prof. Garrett the great ragtime and trick pianist, is with this show.

FALLON COUNTY COMES TO LIFE
Carved Out of Northeastern Section of Custer County.

MILES CITY, MONT., Nov. 28.—Fallon county, carved out of the northeastern portion of Custer county, has taken its position in the sisterhood of Montana counties. Returns are straggling in slowly from Tuesday's election but enough have been received to show the county carried by an overwhelmingly majority, and indications are that Ekalaka won out over Baker in the race for county seat honors. With several more precincts to be heard from the vote stands: Ekalaka, 911; Baker, 897. The outstanding precincts are expected to increase Ekalaka's majority.

Ekalaka is a thriving little town 50 miles south of the Milwaukee railroad, while Baker is a town on the railroad.

All factions and parties within the limits of the new county were in favor of its organization but the split came on the county seat fight. The Democrats lined up solidly in support of Baker, while the Republicans and Bull Moosers joined forces in supporting Ekalaka.

CHRISTMAS MOTTOES.

Every one knows that a fitting sentiment to go with a gift greatly enhances its value. Here is a very old one, which is appropriate for nearly every individual, and is consequently a safe one to use; it is in the quaint old spelling, which is attractive in fancy lettering:

All joys and pleasures wait on thy holiday;
True love and friendship
Follow thy happiness
One a little more sentimental goes
well with flowers or a plant:
fond thoughts and constant prayers I scatter
free.
Like flowers, along the pathway thou must
tread,
Grateful and glad if haply they may shed
Some fragrance to refresh and comfort thee.
The last one, which is by Tennyson,
is beautiful inscribed in a book or to
go with a calendar:
The time draws near the birth of Christ;
The moon is hid; the night is still;
The Christmas bells from hill to hill
Answer each other in the mist.

THE OLDEN MISTLETOE RITE.

Origin of Present Use of the Classic Plant.

The druids at Yuletide used to cut the mistletoe to place upon their altars with elaborate ceremonies. Their name for it was all heal or all healing. There was a large procession, headed by the druidical priests, with bards singing canticles and hymns; then a herald preceded three druids, furnished with implements for severing the sacred plant, then the prince or chief of the druids, accompanied by all his followers.

The chief mounted the oak and with a golden knife detached the mistletoe and presented it to the priest, who received and bore away the branches with great reverence. Two white bulls were sacrificed during the rite.

On the first day of the new year the branches after resting on the altars in the interval were distributed among the people as a sacred and holy plant, the druid priest crying, "The mistletoe for the New Year." Just when the mistletoe became known as the "kissing bush" is not known.

A Mistletoe Romance

LAST night I went to call on Eulalie, On Eulalie the fairest maid I know (That I imagine and create), And as her coming down I did await, I spied, low hanging from the chandelier, A sprig of brightsome holly, all aglow, Which half concealed a bright, contrasting spray. Thick jeweled with the pearls of mistletoe, Then suddenly resolve leaped to my mind, A wild resolve and one extremely bold— To wit, that though I'd known her but six years, If she should chance beneath that chandelier To pause, I should at once assert the right, The ancient right of joyous Christmas tide, And strive to kiss her. Lo, the maiden came, With welcome smile and outstretched gladdening hand, To where I stood expectant. She advanced, Until unconscious and serene, she stood Directly 'neath the shining mistletoe, And, though with trepidation in my heart, I kept my pledge unto myself and did The daring deed. Sweet moments followed; then While startled she sought refuge in my arms, But brief the joy, for then from underneath A davenport her little brother crawled And cried: "Say, sis, I told you so, you know I bet he'd bite. Pay up!" But quick she led Him by the ear unto the door and out What did the rascal mean? I do not know Nor do I care for such things—I'm engaged.

ACTRESS ATTACKS INCOME TAX FEATURE

Elsie de Wolfe Doesn't Want to Have to Pay Anything on Her Patrimony.

CHICAGO, Dec. 3.—Charges that the income tax feature of the new tariff law constitutes class legislation and is unconstitutional were made today in a test suit filed here against the Continental and Commercial Trust and Savings bank on behalf of Miss Elsie de Wolfe of New York.

The United States government probably will be asked to aid in the defense of the bill, according to Levi Meyer counsel for the bank, who declared he would seek a conference with Attorney General McReynolds to discuss carrying the action to the supreme court of the United States for a ruling.

The declaration filed by Burke Cockran of New York and Collin Fyffe of Chicago for Miss de Wolfe alleged that the tax violated the fifth amendment to the constitution, in that it deprives her of property without due process of law, and that it violated the 14th amendment in denying her equal protection commonly take the trouble to protection under the law.

The graduated scale of taxation, the declaration alleged, discriminates unjustly against persons of incomes under \$100,000 a year, "usually gained from industrial and artistic pursuits," in favor of those with incomes of more than \$100,000 a year.

Miss de Wolfe was well known as an actress. She retired from the stage in 1905 and is now an interior decorator. She is at present in Paris.

WINTER PROTECTION FOR SMALL FRUITS

In these columns an article has already appeared on the subject of "Winter Protection for Raspberries." There is little doubt but what such protection is desirable and well pays the grower for the added expense.

Some of our other small fruits may be profitably protected, altho we may

vide protection. Currants will, in most situations, produce fair crops of fruit, even after the most trying winters, and it is commonly believed that the only protection protection they need is to be planted in some sheltered place where the snow will collect about the bushes. On the other hand, gooseberries frequently suffer from winter injury and the vines might be profitably protected. The only protection necessary is to bend the bushes down to the ground and weight them down with a little soil. Held down in this way they will collect the snow and the fruit buds will pass thru the winter safely. In fact any of our bush fruits which prove tender in a given locality may be saved by a slight protection of earth. Enough dirt to hold the vines down near the ground is sufficient, and too heavy a covering may be as injurious as no protection.—O. B. Whipple, Horticulturist, Montana Agricultural College.
