A THREATENED COAL STRIKE.

Spring Valley Miners Indignant Because Operators Have Not Stood Up to Their Agreement.

THE MEN HAVE RESOLVED TO QUIT WORK.

The Trouble Is Likely to Spread to Other Mining Regions—Public Sympathy with the Miners.

Gen. Eggleston of Kansas Dead—The Dead Soldier Had a Brilliant Way Record.

MORE TROUBLE.

Spring Valley Miners Threaten to Quit Work Tomorrow.

SPRING VALLEY, Ill., May 27. The miners of Spring Valley are indignant because operators, after signing the scale for a year took out flat bar screens making a difference of 200 to 300 pounds per ton in favor of the company. At a mass meeting today the men resolved to take out their tools tomorrow and quit work until the company put back the old screens or adopt the gross weight system now pending before the legislature. Public sympathy is with the men. The same trouble is threatened in other mining towns in this vicinity. Operators have not yet indicated what they will do.

Death of Gen. Eggleston.

WICHITA, Kan., May 27. Gen. B. B. Eggleston, aged 73, died at his home here this morning from the effects of la grip. The dead soldier had a brilliant war record. At the outbreak of the late war he enlisted with the First Ohio cavalry and was promoted until he attained the rank of brigadier general. He was chief of cavalry of the south and it was he who received the surrender of Col. Glenn at Atlanta and afterwards became military governor there. After the war he went to Mississippi. There he was elected president of the constitutional convention and afterwards governor of the state. Deceased was the grandson and grand nephew of John and Ethan Allen of revolutionary war fame.

The Explosion of a Boiler Spreads Death and Destruction.

FRANKFORD, Ind., May 28. The boiler in a saw mill of P. E. Kramer exploded this afternoon. Frank Pulk, engineer, was instantly killed, his body being mutilated beyond recognition. Ed Kountz died in a few hours and Glenn Swearing was fatally injured. Wm. Davis and two sons of Engineer Hull were very dangerously and perhaps fatally injured. Harvey Hutchinson and Ben Keys are dangerously injured, and the engineer and fireman on a passing train were slightly injured by flying brick from the explosion. Twenty men were engaged in and about the mill. The mill is a complete wreck, the boiler being torn to pieces and hurled many rods away. The cause of the explosion is yet unknown.

Will Select the Sites.

WASHINGTON, May 28.—Officers of the treasury department have been selected as agents to visit the cities named below and select sites for public buildings authorized by congress, viz: Fargo, N. D.; Racine, Wis.; Rockford, Ill.; Rock Island, Ill.; Sioux City, Iowa; Sioux Falls, S. D.; Sheboygan, Wis.

What's the Matter Now?

MOSCOW, May 28.—The French exhibition in this city proved a complete fiasco. The French priests intending to visit the exhibition are not allowed to cross the frontier without first obtaining a special permit, to secure which two months time is required. Novels by Manassant, Lem Teer and Silvestre have been confiscated and all visitors to the show are narrowly watched by the police.

BLAIR MAY GO YET.

The Chinese Objections to Him May Be Withdrawn.

(Minneapolis Tribune Washington Letter.)

Ex-Senator Blair privately says he does not expect to "hang around" Washington much longer. He has been awaiting the return of the president. The labor organizations have taken up Blair's rejection by the Chinese and are threatening to make him their candidate for president if he stays in the country. Gen. Harrison feels bound that his choice for the Chinese mission shall not suffer merely because of an English intrigue, for it begins to look as though that were the real reason for the ex-senator's rejection. In view of these statements of the attaches it is said some diplomatic developments may shortly be looked for. The United States does not in the slightest question the right of China to make known that Blair was persona non grata without giving reasons for it. But when the reasons are volunteered and they are conflicting the case may call for comment. Senator Mitchell of Oregon says he would not be surprised if the objections of the Chinese to Blair were withdrawn.

HARRISON AND THE OUSTER.

Governor Boyd Confirms the Story of the President's Displeasure.

(New York Recorder's Chicago Special.)

James E. Boyd, who was elected governor of Nebraska, but who cannot for the present occupy the gubernatorial chair, is at the Grand Pacific hotel.

"Yes, it is true," he said, "President Harrison informed me that my defeat would be a fatal blow to the republicans of Nebraska. Should matters end unfavorably to me the result will be demoralizing to the party. It is not the decision itself that is so distasteful, but the manner in which it was given. The impression was that it would be handed in at the supreme court early on a specified morning, and I was to have three attorneys on hand to plead for a supersedeas. But after court hours, when they knew I could not be prepared, the papers were given to the marshal, who served the writ of ouster upon me. President Harrison, Mr. Wamaker, and others whom I saw deprecate the action. Five weeks before a decision favorable to me had been prepared but secretly two judges prepared the final decision against me, and without conferring with Judge Maxwell. So it was Judges Marville and Cobb who ousted me."

"What steps are you taking in the matter?"

"Ex-Attorney General Garland has been retained by me, and he says there will be no trouble in eventually regaining my seat."

It was implied in the conversation that republican clubs are organizing throughout Nebraska to aid Mr. Boyd.

Destructive Fire.

MARIETTA, Wis., May 27.—A fire in the lumber yard of the Menominee River Sash and Door company last night destroyed between 2,500,000 to 3,000,000 feet of lumber. The loss is \$30,000 to \$40,000. Insurance \$25,000.

THE ILLUSIVE ITATA.

It Is Thought the Insurgents Will Surrender Her Peacefully to the U. S.

WASHINGTON, May 27.—The navy department received its first news from the Charleston since she left Acapulco, Mexico, first of last week in continued pursuit of the Itata. When the vessel failed to touch within the time expected the department said it was probable it had been decided to keep straight on down the coast and that the Charleston would first be heard from at some Peruvian port. This prediction is fulfilled for the port at which the Charleston announced her arrival is Callao. The whereabouts of the Itata are as far from being known as before the Charleston was heard from by Capt. Roney, her commander, reported he had seen nothing of the Itata on the cruise down the coast. The Charleston will join the squadron under Admiral McCall in Chilean waters and it is surmised that a report will at no very distant date come from thence announcing the peaceful surrender of the insurgent vessel to the United States government which will label and perhaps forfeit for a violation of our neutrality laws.

The Charleston at Callao.

SAN FRANCISCO, May 27.—The Evening Bulletin received a special cable this afternoon announcing the arrival of the cruiser Charleston at Callao, Peru.

A Woman Indicted for Murder.

ST. LOUIS, Mo., May 27.—The coroner's jury early this morning brought in a verdict that Mrs. Bertha Erickson came to her death by poison administered by Mrs. Elizabeth Russell, Mrs. Erickson, who was only 17 years old and had been married but a few weeks, died April 1 at the home of Mrs. Russell, where she and her husband boarded. The body was buried, but at the instance of the husband it was exhumed a short time ago and the stomach was found to contain arsenic.

A RIGHTEOUS VERDICT.

Again It Is Affirmed the Seducer Merits Violent Death.

NEW YORK, May 27.—The jury in the case of Pasquella Robertello, the Italian girl, who shot her lover to death because he outraged her person and then refused to keep his promise of marriage today brought in a verdict of not guilty. One of the most affecting and exciting scenes ever witnessed in a New York court room occurred on the announcement of the verdict. When the clerk asked the usual question of the foreman he almost shouted "not guilty," and without waiting for a poll of their names the jury shouted in unison "not guilty, not guilty." The scene which followed beggared description. Men jumped on seats waving hats and handkerchiefs and yelled and cheered, nor was there much effort made to restrain them.

FARMERS UNION CONVENTION.

Two Hundred Grangers Meet—Make Known Their Grievances and Resolve.

COLUMBUS, O., May 27.—The farmers union convention of Ohio convened this morning with an attendance of over 200 delegates and all farmers organizations of the state represented. The usual convention committees were appointed and President H. S. Ellis delivered an address in the course of which he said: "From our meeting in August last there was sent out a number of requests to our law making bodies, both national and state. Our state legislature paid some attention to these requests. Most of the legislation we requested from this body we got. Some of it not as complete as we wished for, but an effort was made to favor our demands. Many members of the legislature were willing and anxious to enact such laws as the farmers of the state had asked for. Others supported those measures by their votes for they felt that they dare not do otherwise. So far as the national legislature is concerned no attention has been paid to our requests. The free coinage of silver was asked for; the Conger bill, etc. All and each of these measures were asked to be enacted into laws but our

asking brought no good results. The great importance of these measures to the people had but little weight with congress.

Committees were appointed by districts. The committee which had been appointed by the last convention to attend the Cincinnati third party convention reported through C. B. Edwards of Highland county, who read the report at the general convention at Springfield, August 5, to nominate a state ticket. This was put over to the evening session for discussion as it was discovered the convention was about evenly divided on the third party movement.

The committee on organization reported officers for the union the coming year with S. H. Ellis of Warren county for president. J. H. Brigham, master of the national grange made a report of state and general legislation secured during the past year. The committee on resolutions reported the following platform which was adopted after amending the money section:

We, the delegates representing the several organizations of Ohio in convention assembled, in the interest of good government and the welfare and prosperity of the entire people of this state and nation, and claiming equal representation in our law making bodies, both state and national, for the farmers declare in favor of the following principles and we will work and vote for their enactment in law:

First—An equal and fair distribution of the necessary burden of taxation on all forms of wealth to be listed at actual value, less actual indebtedness.

Second—A system of school books at actual cost.

Third—The suppression of all traffic in intoxicating liquors as a beverage.

Fourth—The suppression of free railroad passes or other gifts to legislators, judges of courts, county auditors and other public officials.

Fifth—That we demand the issue of not less than \$50 per capita of full legal tender money to consist of gold and silver and parity with each other and paper.

Sixth—For the carrying out of this declaration of these principles we declare in favor of and recommend to the farmers of Ohio to see to it that no man be nominated or elected from any agricultural county or district in Ohio, who will not stand squarely on this platform.

Seventh—To this end we call upon and invite all laboring and business men to cooperate with us.

The evening session of the convention was continued to 11 o'clock and the time was spent in the discussion of the third party movement and the proposition to nominate an independent ticket. The proposition was defeated by a vote of 63 to 64 and the convention then adjourned subject to the call of the executive committee.

Arrest of Two Preachers.

DECATUR, Ill., May 27.—United States Marshal Bacon of Springfield arrested, late last night, the Rev. Geo. W. Vaneil at his home three miles south of town on the charge of making counterfeit money. The arrest is the sequel to the arrest of Rev. Jerry Holmes last Saturday near here. Holmes is supposed to be the leader of a gang of counterfeiters. Vaneil was taken to Springfield this morning. He lived near here for over twenty years and the arrest caused a great surprise. There are more of the gang to be arrested.

The Tramping Dwarf.

CHICAGO, May 27.—The dwarf, Frank Drake, who started from New York April 28 to walk to San Francisco in three months with only \$5 for expenses, arrived in Chicago tonight in fair trim. He is to get \$1,000 from the New York World and Police Gazette if he succeeds. The little man expected to rest here until 3 a. m. and then resume his long tramp westward.

A Record Breaker.

LONDON, May 27.—The Hamburg-American steamship Furst Bismarck, Capt. Albers, from New York May 21st for Hamburg was signalled off Scilly island at 4:30 p. m. today. Time of passage six days fourteen hours and thirty minutes, the best time on record.

Further Evidence of Mexico's Friendship.

NEW YORK, May 26.—A private letter was received in this city today from the City of Mexico, written on May 19 by a business man who has ample facilities for getting correct information. He says there is much reason to believe that the Mexican authorities are quietly giving aid to Chilian insurgents. The Esmeralda had been able to get all the coal she wanted and private advices from Mazatlan reported that the war materials brought from San Francisco had been transferred there early this month to ships belonging to the Chilian insurgents. The same letter mentions rumors of a secret treaty between Mexico and San Salvador against Guatemala.

A 50,000 Suit.

CHICAGO, May 27.—Potter, White & Bayley, the Boston shoe firm who failed Monday with liabilities reaching \$100,000 were made defendants today in an attachment suit for \$50,000, entered in Cook county superior court. James A. Wilson is the creditor who is seeking to protest his claim.

The New Orleans Dispute.

ROME, May 27.—Panfilla says: The statement that the Pope was trying to mediate in the New Orleans dispute is discredited, because it would imply papal recognition of Italian monarchy. The Marquis di Rudini has had an important interview with porter, the United States minister, and the New Orleans question has assumed a fresh place.

WOOLSTON IN PERIL.

He Is Followed by a Howling Mob That Wanted to Lynch Him.

BUTTE, Mont., May 28.—George F. Woolston, manager of the Butte electric railway and cable lines narrowly escaped the vengeance of a mob last evening which followed him and his police escort to jail several hundred strong throwing brick bats and shouting "lynch him" all the way from his office to the county prison. Main street was filled with men and it seemed their presence there was by some preconcerted arrangement so sudden did the crowd block the streets. Conflicting stories are circulated as to what incited the demonstration. Woolston found Conductor Boyle of the cable line on his car drunk and unfit for duty. He was ordered off the car and requested to go to the office and get his time which he did. The office is on the second floor which is reached by a flight of stairs. Boyle was picked up at the bottom of the stairs and it is feared fatally hurt. Bystanders said Woolston threw him down. The friends of labor quickly espoused Boyle's cause. It is impossible to get the facts. As soon as the crowd dispersed Woolston was admitted to bail.

A DASTARDLY CRIME.

A Mother and Child Hanged in the Woods.

GALENA, Kan., May 26.—Several weeks ago Mrs. Blanche McKee, from San Juan county, Col., came here to visit her mother. She was accompanied by her two children, a boy and a girl, respectively, when William Alvord, also of Colorado, came on the scene. He and Mrs. McKee were evidently on very intimate terms. Sunday afternoon Alvord went walking in the woods near town with Mrs. McKee and her two children. The oldest child returned home at 4 o'clock. Mrs. McKee and youngest child were never again seen alive. A searching party which had been out since Sunday evening today discovered the bodies of the mother and child hanging to a tree in the woods where they had been walking Sunday. The mother had been hanged with her apron and the child with a ribbon. Alvord was arrested Sunday evening on suspicion of having murdered Mrs. McKee and her child. When he heard the news of the finding of the bodies today he attempted suicide by hanging in his cell but was cut down in time to save his life.

MEXICO VERY FRIENDLY.

She Treats the Esmeralda's Officers With Marked Courtesy.

CITY OF MEXICO, May 26.—Diario Del Hogar publishes a letter from Acapulco in which he says the Chilian insurgent steamer, Esmeralda, on entering that port saluted the Mexican flag and that the Mexican government in return saluted the Esmeralda's flag, thus making it an open question whether this was a recognition by Mexico of the Chilian insurgents. The captain of the Esmeralda in an interview at Acapulco a few days ago said that it was not his intention to take coal by force or he would have done so before. He also said he was not in a hurry to leave the port but was waiting for further instructions. One of the other officers of the Esmeralda in a conversation held in a coffee house said: "We have some coal and will soon have more. The captain has a reason for waiting or he could and would have gone ere this. The captain received a number of long telegrams some days ago."

Overcome by Foul Air.

CENTRALIA, Wash., May 26.—While guarding the street this morning a laborer uncovered an old well to ascertain its depth. He was overcome with foul air and fell into the well. Three other laborers who went to his assistance were also precipitated in the well in the same manner. After the air became pure the men were brought to the surface. Only one man named Ford could be resuscitated. The names of the dead are Burns, Perry and Doboff.

VENGEANCE OVERTOOK HIM.

A Murderer Fleeing From a Mob Is Accidentally Drowned.

DENVER, May 26.—A brutal murder took place in the lower part of the city late this evening which was soon followed by the accidental death of the murderer. Pepino Felorigo has a garden and truck patch on platte bottoms into which a neighbor's cow had made her way. The owner of the animal sent his little boy to drive it out when Felorigo attacked the child and dealt severely with him. Coney Glutz, a young man about 18 years of age, was passing and interfered, requesting Felorigo to let the boy alone. This angered him so that he drew a revolver and shot Glutz through the head causing death within an hour. People in the neighborhood became so excited over the affair that soon several hundred surrounded the murderer's house for the purpose of taking and lynching him. He escaped by a rear door and started for the Twenty-third street viaduct, pursued by a howling mob of nearly a thousand people. When about half way across the viaduct he took to the water for escape and was drowned.

HELENA GETS THERE.

Reorganization of the Old M. A. N. A.—New Officers.

The Helena racing association, done away with that long misnomer which it was known for twenty years, the Montana Agricultural, Mineral and Mechanical Association—and it is known as the Montana State Fair has been reorganized as follows: much local dissension and quarreling. Directors—W. A. Chessman, T. Kleinschmidt, C. A. Broadwater, C. Hard, H. M. Padden, A. J. Davidson, H. Tatem and Francis Pope.

President—A. J. Davidson.

Vice president—W. A. Chessman.

Treasurer—B. H. Tatem.

Secretary—Francis Pope.

An exhibition of agricultural products, cattle, horses and minerals will be ranged for the fair, and an effort is made to make a feature of the exhibit.

An attractive programme of a day's racing was also arranged at a meeting held a few days ago. There are six days of racing and two pacing events and the purse in each. The slowest time for all classes. The pacing events
