Herald: The payment of nearly \$2,000 to this county from Jefferson for the legal fees incurred in the hanging of Harri brings to mind the days when such jobs were handled for about 50 cents, or even less when a piece of rope was found lying around convenient.

William Dwyer, a switchman employed in the Montana Union yards at Anaconda, was run over Sunday by a train which was switching. Both legs were completely severed, the right one between the knee and thigh and the left one between the knee and ankle. The unfortunate man lived but a few hours after the accident.

Gen. Thomas H. Ruger, commanding the department of Dakota, has announced in orders the abolition of the district of Montana. This military district was established in 1867 by Gen. Alfred H. Terry and at present comprises the posts of Fort Assiniboine, Maginnis, Missoula and Shaw, and was, until his recent promotion, under command of Col. John R. Burke.

Chronicle: A man from the east has been here for the past week gathering up old iron wherever it could be purchased. He succeeded in getting four carloads, much of which was horse shoes, which will be sent to Japan, where the Japs find them very useful in the manufacture of many articles. A ship load of these have been gathered up in Montana and will be sent from Seattle.

The suit against Cascade county by the commissioners of Choteau, tried in the district court at Lewistown, was decided by Judge Bach in favor of Cascade county. Choteau county demanded payment of \$30,000 due from Cascade in cash or warrants, which was refused, but instead a tender of \$30,000 in bonds was made by the latter county. Judge Bach holds that Cascade is not compelled to pay cash and may in lieu thereof tender bonds.

She says he went to work when he first arrived in the territory for Rand, the murderer and assassin. The last heard of him he went into the mountains with Rand to help him drive in some cattle. Any information that can be given will be duly appreciated by an anxious mother, who can be addressed in care of the Independent.

Inter-Mountain: Articles of agreement have been signed for a fight between Jim Bates of this city and Billy Hawkins, the Manitoba terror. A forfeit of \$250 has been put up by both parties and all details arranged except the place where the proposed battle will take place. It is more than probable that Idaho will be selected. The fight will be to a finish, with skin gloves, and will take place within six weeks from date of signing articles and will be fought under Police Gazette rules. Hawkins has a record of winning thirty-three glove contests, the most notable victory being the defeat of Harry Gilmore, champion of Canada.

George Rink arrived in Chicago from Montana Monday, having just completed a five-years term of service in the regular army. He had \$450 in his pocket. He fell in with a street siren named Clara Mitchell. They drove around the town together and registered as man and wife at the Cosmopolitan hotel on Clark street. The soldier fell asleep, overcome by whisky, and awoke to find his money and his late companion missing. Officers arrested James Mulvaney, an elevator boy at the hotel, who admitted having received \$200 of the money from the woman. They also arrested the woman, but only \$100 was found in her possession.

Stevensville Tribune: That "love deuces the law" is again verified in our midst. Saturday morning at 11 o'clock the marriage of John Glasspey and Miss Rosa Phelps, daughter of James Phelps Sr., was solemnized by Rev. T. W. Fowles, on the south slope of St. Mary's mountain—over the line dividing Montana from Idaho. Being too young to secure license, Miss Phelps planned this way to evade the law. The bride was accompanied by her father and the groom by several friends. The journey was a hard one, as six miles up the mountain had to be accomplished on foot before the Idaho line could be reached. At the hour stated the party,

after examining the map to make sure that they were over the line, witnessed the marital rites. Several baskets of fine lunch were spread and partaken of with an appetite better imagined than explained.

Fort Benton special: In 1877 "Old Man Lloyd," while prospecting, uncovered a splendid vein of argentiferous galena in the Bear Paw mountains in the newly opened Gros Ventres reservation. It was then a reservation, so he could not develop it. He recorded his lead in Choteau county. Assays showed that the ore ran 50 to 60 per cent. lead and many ounces in silver. Indians drove him from the mine. He afterwards sold his interest in it to citizens of Benton and went to New Mexico. Other parties have relocated the Black Diamond under the name of Bear Paw lode and recorded it in Choteau county. The locators are Louis V. Boggy nephew of the late Senator Boggy of Missouri, and Charles Smith. Expert mining men assert that the mine is going to prove a bonanza. It is located only thirty-five miles from navigable water and a less distance from the Manitoba railroad.

The Butte branch of the Brotherhood of Locomotive Engineers several weeks since sent financial aid to the striking engineers and firemen on the C. B. & Q. system. In a letter acknowledging receipt of the same, T. D. Fraser, C. E. division 164, says: "We started out in this fight to win, and we are not only going to win a battle for ourselves, but for our Brotherhood for all time to come. We want this battle to settle the question for ourselves, our children and our children's children, and that our Brotherhood may never be marred with the disgraceful name of strike again. We have taught the managers of the 'Q' already that it is poor policy not to reason together and that it is poor policy not to arbitrate, and that it is a terribly poor policy to say to a grievance committee to 'strike and be damned.' We will teach them that they have as much right to recognize our committee as they have the board of directors. The scabs are still doing good work for us. They have smashed and burned up sixteen engines this last week and they are losing both freight and passenger traffic, and in fact, it is down so low now that no one will ride or ship over their road that can reach their destination by any other line."

"NASAL VOICES CATARRH AND FALSE TEETH"

A prominent English woman says the American women all have high, shrill, nasal voices and false teeth.

Americans don't like the constant twitting they get about this nasal twang, and yet it is a fact caused by our dry, stimulating atmosphere, and the universal presence of catarrhal difficulties.

But why should so many of our women have false teeth?

That is more of a poser to the English. It is quite impossible to account for it except on the theory of deranged stomach action caused by impudence in eating and by want of regular exercise.

Both conditions are unnatural. Catarrhal troubles everywhere prevail and end in cough and consumption, which are promoted by mal-nutrition induced by deranged stomach action.

The condition is a modern one, one unknown to our ancestors who prevented the catarrh, cold cough and consumption by abundant and regular use of what is now known as Warner's Log Cabin Cough and Consumption Remedy and Log Cabin Sarsaparilla, two old-fashioned standard remedies handed down from our ancestors, and now exclusively put forth under the strongest guarantees of purity and efficacy by the world-famous makers of Warner's safe cure.

These two remedies plentifully used as the spring and summer seasons advance give a positive assurance of freedom, both from catarrh and those dreadful and neglected, inevitable consequences, pneumonia, lung troubles and consumption which so generally and fatally prevail among our people.

Comrade Eli Fisher, of Salem, Henry Co., Iowa, served four years in the late war and contracted a disease called consumption by the doctors. He had frequent hemorrhages. After using Warner's Log Cabin Cough and Consumption Remedy, he says, under date of Jan. 10th, 1888: "I do not bleed at the lungs any more, my cough does not bother me, and I do not have any more smothering spells." Warner's Log Cabin Rose Cream cured his wife of catarrh and she is "sound and well."

Of course we do not like to have our women called nose-talkers and false-teeth owners, but these conditions can be readily overcome in the manner indicated.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start in to life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness, allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.
