## LOCAL LAYOUT.

Wednesday's east bound passenger was thirteen hours late.

Revival meetings still continue in the Methodist church in this city.

The whole of Palestine is less than twice the size of our National Park.

The city council will hold their regular monthly meeting next Monday evening.

A grand ball will be given in Chico on March 17th by the young folks of that place.

The county commissioners meet Monday, March 31, for the transaction of business.

There are an unusually large number of "broke" individuals in the city at the present time.

A son was born last Sunday evening to Mr. and Mrs. James Roberts of Chicken Creek.

The erection of a large flouring mill in Livingston is among the probabilities of the ensuing season.

The recent storm has proven rather severe on the stockmen of this vicinity, though few losses are reported.

The railings of the bridge across the east channel of the Yellowstone at this place are reported blown down.

Thomas S. Carter of the canyon is hauling out lumber from this city for the erection of some additional farm buildings.

The Ladies' Aid society of the Baptist church will meet next Wednesday afternoon at the residence of Mrs. H. E. Harmon on Second street.

Joseph E. Swindlehurst has secured the agency for Livingston and vicinity of the Orient Fire Insurance company of Hartford, Connecticut.

A dance was given last night at the residence of Mrs. Kearney, on Suco creek. A large number of young folks attended and report an enjoyable time.

It is reported that the mail from White Sulphur Springs to Castle is to be increased from a tri-weekly to six times a week after March 1st.

The W. C. T. U. of this city will meet Friday, March 7th, at 3 p. m. at the residence of Mrs. E. Holmes. A full attendance of members is desired.

Last Saturday being Washington's birthday, was observed in this city by the closing of the county offices, banks and many business establishments.

Dr. J. R. Smith made a professional visit last Monday to the ranch of Benjamin Strickland, in Paradise valley, to attend three of the family who are seriously ill.

Last Monday Chas. J. Potter brought a from upper Shields river the pelts of an coyotes and one lynx and secured a bounty warrant thereon from District Clerk Emmons.

Invitations are out for a "hard times" party to be given by the Young Men's Social club Tuesday evening, March 4th in Fowler's hall. All who attend are requested to wear their old clothes.

The suit of W. J. Lawson against Hayden & Metcalf, in Justice Redfield's court, was settled last Friday afternoon by the defendants confessing judgment in the sum of \$45 and paying costs of suit.

The many friends of D. A. Long in this city will be glad to learn that he is improving rapidly at the Northern Pacific hospital at Brainerd and expects to return shortly and resume his duties on this division.

On Monday in Justice Redfield's court William E. Hargrave brought suit against John Wilson for the restitution of certain property in Park county and \$100 damages. The case is set for trial on Wednesday, March 5th.

Last Friday night Charles Mohr gave an opening at the Owl restaurant and saloon, over which he recently assumed proprietorship. A report was served to all who attended and Charles's new enterprise successfully launched before the public.

Over \$50,000 of Montana money has been invested in stock in the American Building and Loan association of Minneapolis, which has been ordered to stop business in Minnesota. A number of shares of this stock are held by Livingston parties.

Mrs. O'Malley, the wife of Michael O'Malley of Riverside addition, died last Friday night of dropsy and was buried on Sunday at 3 p. m. Deceased was about 50 years of age and had been suffering with the malady that resulted in her death about five years.

A severe blizzard raged over this city last Monday. It was the hardest experienced here for three years, the thermometer ranging from 20 to 30 degrees below zero and a strong wind prevailing from the east, whirling the snow in blinding clouds and rendering traveling difficult.

Major Wyman, agent at the Crow reservation, having recommended the erection of several new school houses on the reservation, has received the approval of the commissioner of Indian affairs for one costing \$50,000, to be built at the agency, and has been asked to submit plans for the same.

Bozeman Chronicle: L. J. Galbraith, well and favorably known as an architect and superintendent, has designed a building of six stories which will be built this year, and also several other buildings, of which he is not authorized to speak. Mr. Galbraith will have an office in the postoffice building.

A letter was received a few days ago by City Attorney M. D. Kelly from D. J. Kennelly, stating that he would arrive in Livingston early in April and that he proposed to immediately commence the erection of a fine opera house on the foundation on Park street adjoining Sheard's gun store. This will be good news to the citizens of this city, as a good opera house is badly needed here.

Yesterday District Clerk Emmons issued a marriage license to Gustav Lake and Marie Kallala, both of Red Lodge.

Otto Anderson of Mission Creek is going round with the proverbial ten acre smile on his face, caused by the advent on February 21st of a son in his home.

We regret to learn of the death, in Billings last Monday, of J. J. Alderson, formerly of Bozeman and a brother of the publishers of the Avant Courier and Register. He was an old timer in Montana and was well and favorably known along the entire Yellowstone valley.

The ice crop for the filling of the large ice houses in Riverside addition has been nearly harvested, about 1,000 tons being stored away for use during the coming summer. Mrs. A. Landt, the proprietress, will continue the business which was temporarily interrupted by the death of Mr. Landt. She promises to have a ready sale for her ice during the coming season.

A special to the Helena Journal Tuesday from Red Lodge says: Considerable excitement prevailed today among the miners of the Rocky Fork Coal company, caused by some of them being discharged for not obeying the foreman's orders to move the cable used in drawing cars, which they claim caused them to lose considerable time. A mass meeting was held, and finally all agreed to resume work tomorrow.

Of the ten vestibule Pullman sleepers ordered by the Northern Pacific, four have been received. These are the Duluth, Helena, Spokane and Eltopia. Two others are nearly ready for shipment and will be named Tenio and Wadena. These sleepers are after the pattern of the last ones built for the N. P. company, the only changes of importance being that these have 36-inch wheels in place of the 42-inch ones formerly used and that the upholstery is finished in old gold instead of blue.

It is said that the Northern Pacific company will shortly put two additional passenger trains on the line from St. Paul to Portland. The present trains, Nos. 1 and 2, will be made limited and make the through trip in twelve hours less time than at present, stopping only at principal points. The new passenger trains, Nos. 3 and 4, will be accommodation trains and stop at all points along the line. This move is rendered necessary by the increased travel of the road. It is expected that the new schedule will take effect about March 15.

The Livingston brass band of this city is rapidly acquiring proficiency in all that a first class band should know. It is newly organized, being the successor to the Yellowstone brass band. The members have been meeting frequently for the past month and have practiced diligently under the direction of Major Van Brocken, the drum-major of the band. The boys take great pride in their instruments and the music furnished by them will equal the mellifluous notes of the best band in the state. Louis Hausen is the leader of the new band.

The report of the destruction of the Red Lodge postoffice by fire on Monday of last week proved to be true, as the building, together with all the mail matter and postoffice fixtures, was totally destroyed, besides considerably damaging some adjacent buildings. Three registered letters were lost. The fire started about 1 o'clock a. m. and had enveloped the building in flames before it was discovered. Charles Patterson, the postmaster, was the heaviest loser, his loss reaching fully \$3,000. Many other parties were damaged in small sums. A high wind was blowing at the time, and only prompt and valiant work on the part of the citizens saved the entire town from destruction.

Husbandman: Mining men who are posted on Castle properties, regard the Great Eastern as one of the best undeveloped claims in that camp. It is one of those claims that has paid from the grass roots down. Besides the considerable amount of ore from it worked in the Castle smelter there have been sixty tons shipped east. This lot, we learn, was taken from a new shaft about fifteen feet deep and without sorting was sent away to the Aurora, Ill., smelter, where it worked. The returns, as we are informed by Mr. Fraser, cashier of Stobbs, Son & Co.'s bank, amounts to \$25 per ton over and above the cost of mining, shipping and reducing. This valuable property is owned by Messrs. Chapin & Lewis.

The first annual ball and campfire given by Phil Sheridan camp No. 6, Sons of Veterans, in Fowler's hall last Friday evening, was one of the best attended and most successfully conducted affairs of the kind ever held in Livingston. The hall was appropriately decorated with flags and mottoes emblematic of the order, and the several committees had the matter well in hand. A large attendance of both sexes participated, dancing to the strains of excellent music furnished by home talent. Several couples came over from Bozeman to attend. At 12 o'clock supper was served in true soldier style, and from the appearance of the commissary department after its conclusion was thoroughly relished. A large sprinkling of old soldiers, with their wives, were present and they seemed to enjoy the evening as fully as the young folks. The dance was a success financially as well as socially, over \$100 being cleared by the order.

Absent minded people do queer things sometimes, but Edward Graham of this city undoubtedly corals the case. Last Monday night while in a fit of abstraction he meandered into the saloon of A. H. O'Neill & Co., on Main street, and he possessed himself of two boxes of fine cigars with all the stealth of an accomplished crook. In the same absent minded manner he disposed of the framed map of Havana for \$3 in lawful money. Frank McCreilly to L. S. Ruskin, one-half interest in the Lillian quartz lode; \$400.

M. Sylvester to L. S. Ruskin, one-half interest in the Lillian quartz lode; \$500.

A. Borland to Samuel E. McConnell, one-third interest in the Anna B. claim; \$500.

Thomas McKee to Robert Mandeville, one-fourth interest in the Close Call lode; consideration nominal.

A mining deed conveying a one-sixth interest in the Tate quartz claim, in New World district, from Samuel S. Matheson to E. C. Wallace, was filed Wednesday in the county clerk's office. The consideration is \$200.

The Week in Mines.

Following is a list of the mining deeds filed for record in the county clerk's office this week. The mines are all in the New World district and aggregate in consideration over \$3,000:

M. Sylvester to L. S. Ruskin, one-fourth interest in the Lexington quartz lode; \$400.

Frank McCreilly to L. S. Ruskin, one-fourth interest in the Lexington quartz lode; \$250.

Frank McCreilly to L. S. Ruskin, a three-fourths interest in the Eureka lode; \$500.

Frank McCreilly to L. S. Ruskin, one-half interest in the Lillian quartz lode; \$400.

M. Sylvester to L. S. Ruskin, one-half interest in the Lillian quartz lode; \$500.

A. Borland to Samuel E. McConnell, one-third interest in the Anna B. claim; \$500.

Thomas McKee to Robert Mandeville, one-fourth interest in the Close Call lode; consideration nominal.

## Cooke City Letter.

EDITOR ENTERPRISE: I wish to inform you that the boys have started a secret society here called the Damphool Infirmary, its object being to disseminate the principles of loafing and taking matters easy generally. Frank Stone is presiding officer at present. One of the qualifications for membership is to drink every time any one is setting up drinks for the house. A refusal to do so is sufficient cause for expulsion. An applicant for membership must also have committed some very apparent act or acts of folly, such as holding on to a wild cat mining claim when a good price was offered them, or staying in Cooke eight or nine years waiting for the boom. Quite a number have been rejected, Wyman among them. The presiding officer said he was too big a damphool. Being rejected on that ground has a tendency to make a man cranky and hate everybody. Think that's what ails Horace Dable and Jack Allen.

The pictures you have been publishing are creating a stir in these parts. The boys have been looking up their old photos to send you. Joe Wells says he is better looking than Don Willard, and Chittenden says the same. Geo. Arnold says he has more hair on his head than Charley Berg or McKee, so you may look for his. Think you may look for a number of photos shortly. Those you have published of the Livingston people are very creditable as works of art on your part, and the biographical sketch accompanying each leaves not a doubt of their present and future usefulness. I only wish they may behave as well as they look. If so those identical pictures will not adorn a rogues' gallery as mine does.

We had a ball here the other night. Will send you an account of it in my next, if I live.

COOKE, MONT., FEB. 19, 1890.

School News.

The Red Lodge schools have realized the difficulty of keeping pace with a rapidly growing town. Last spring there were about thirty-five pupils enrolled. This year they have an enrollment of one hundred and twenty-five and more to come. The trustees are making arrangements for the erection of a new school building the coming summer. The schools, under the able management of Prof. John F. Curran, with Miss Annie McAnelly, as assistant, are making rapid progress.

Big Timber boasts of a splendid school. Twenty teachers are employed, Mrs. Minnie Ellis, principal, and Miss Evelyn Jacobs, who are doing excellent work. Forty-five pupils are enrolled. Tardiness is almost unknown in the high classes.

The schools of Livingston are doing good work, though crowded. Professor M. R. Wilson, the principal, is an able and experienced teacher, having had many years experience. His four assistants, are Percie Matheson, fourth and fifth grades; Miss Flora Marshall, third and fourth grades; Mrs. L. A. Flanagan, second grade; Miss Mame M. Nesbit, first grade. The high school studies are philosophy, grammar, literature and algebra. Teachers meeting every Monday evening for the purpose of discussing topics and methods. Enrollment, 330.

EVA M. HUNTER.

Red Lodge Notes.

[From the Picket.]

A petition is being circulated for the establishment of a money order system at this postoffice.

George T. Lampert has been at work this week on the town site surveying the site for the \$300,000 hotel.

We are informed that G. T. Lampert has a \$5,000 government surveying contract on Tongue river.

Several of the children attending the school presided over by Miss Annie McAnelly are very sick with the measles.

Samuel Mitchell will take a force of men and prospect the country between Red Lodge and Cooke City next spring.

The Rocky Fork Coal company is furnishing about three hundred tons of coal per day to the smelters at Anaconda.

The twenty-seventh anniversary of the Knights of Pythias ball, at Blackburn's hall Wednesday night, was indeed an enjoyable affair. About twenty couples kept time to the dulcet strains of the orchestra and whirled in the dreamy mazes of the entrancing waltz.

A petition is being circulated for the appointment of Edward J. Lowry as postmaster at Red Lodge. Mr. Lowry is a gentleman who is at present employed as a coal miner for the Rocky Fork Coal company. He is thoroughly competent to fill the position and during the last campaign rendered good service to the republican party.
