Naval Board Expresses Anxiety Regarding Fate of Cyclops

FEAR FOR SAFETY OF AMERICAN NAVAL COLLIER CYCLOPS, OVERDUE

Had 293 Persons on Board and Was Last Heard from on March 4th

(By Associated Press.) WASHINGTON, April 15.—The big American naval collier Cyclops, carrying fifty-seven passengers, fifteen officers and 221 men in her crew, has been overdue at an Atlantic port since March 13. The navy department announced yesterday that she was last reported at a West Indies island March 4 and that extreme anxiety is entertained as to her safety.

Nothing has been obtained. Radio calls sent to search for her along her probable route are with no success. "No well-founded reason can be given to explain the Cyclops being overdue, as no communication with her has been had since leaving the West Indies port. The weather in the area in which the vessel must have passed has not been had and could hardly have given the Cyclops trouble. While a raider or submarine could be responsible for her loss, there have been no reports that would indicate the presence of either in the locality in which the Cyclops was.

BIG TRADE INCREASE

(By Associated Press.) HAVANA, April 15.—The increase in trade between the United States and Cuba from \$196,000,000 in 1913 to \$45,000,000 last year will be emphasized in an exhibit of Cuban trade at the annual session of the National Foreign Trade Council of the United States at Cincinnati, Ohio, April 18-20. The great development of trade between the United States and Cuba has given the island a leading position in this respect among the nations of the western hemisphere. Cuba's trade with the United States is declared to exceed by large margins that of Argentina, Brazil, Chile and Mexico. Last year the United States took 75 per cent of Cuba's export and supplied 76 per cent of the island's import. It is expected that the island's trade with the United States will be even greater this year.

AMERICANS DRIVE HUNS FROM WOODS

(By Associated Press.) WITH THE FRENCH ARMY IN FRANCE, Sunday, April 14.—Americans did brilliantly in stiff fighting in the Brule woods. During the early morning and after a short and severe bombardment, 500 selected Germans made an assault and attempted to occupy the first line. Small bodies of French troops in advance posts engaged the enemy until their ammunition was exhausted and then retired for a fresh supply. The French commander ordered a counter attack in which the Americans joined. The enemy was ejected after stiff fighting. The ground was strewn with the enemy dead and the allies captured a number of prisoners. Shortly afterward the Americans engaged the Germans in grenade fighting and close encounters. They repulsed the Germans after a severe engagement.

Fighting was resumed on the northern part of the front during the night near Neuve Eglise and yesterday morning the engagement in this sector was continued by the launching of enemy attacks in the neighborhood of Belleu front between Mont Didier and Noyon, where the French also have been actively conducting reconnoitering operations, is reported in yesterday's war office statement. Otherwise, except for raids here and there the front was quiet.

Neuve Eglise Changes Hands Several Times During Terrific Fighting

(By Associated Press.) LONDON, April 15.—The Germans continue their powerful attacks against the British line in Flanders. The town of Neuve Eglise, an important strategical point, which has changed hands several times, remains in possession of the British. Field Marshal Haig's report last night says: "At the close of many hours of obstinate fighting during the night and again this morning about Neuve Eglise our troops remained in possession of the village. The enemy's attacks in this sector have been pressed with great determination and his losses throughout have been heavy. Yesterday the enemy renewed his attempts to gain possession of the village, and the fighting continued."

ANOTHER DRAFT CALL FOR 49,843

(By Associated Press.) WASHINGTON, April 15.—Another draft call for 49,843 registrants has been sent to governors of states by Provost Marshal-General Crowder. CZERNIN IS ASKED FOR RESIGNATION

(By Associated Press.) AMSTERDAM, April 15.—A Vienna dispatch says Count Czernin, the Austrian foreign minister, has resigned. The emperor has accepted. He has entrusted the count to conduct the foreign affairs until his successor is appointed. A recent publication by the French government told of the futile peace appeal of the emperor a year ago. The efforts of the emperor and the foreign office to explain the letter to the satisfaction of Germany and the kaiser is probably the primary reason for the resignation. The statement said the Austrian foreign minister was unable to ascertain the responsibility for the delivery to the French of what is claimed to be a forged peace letter or who substituted the one which has been delivered. Members of Mizpah Lodge K. of P. are requested to read notice of meeting tonight in another column.
