tion of being the only county in the State to elect a lady to office at the last election, Annie B. Clinton having defeated her opponent for Superintendent of Schools by a big majority.

A match was arranged in New York on Wednesday between James Jeffries and Tom Sharkey, the winner to take the entire purse. The battle will take place before the Club Thompson are avowed candidates for offering the largest purse, and if it comes off in Nevada, will be to a finish.

The official count of the vote in San Bernardino, county, Cal., showed that in a total of 5,728 ballots cast for Judge of the Superior Court, Bledsoe, (Dem.) and Bennett, (Rep.) had each received 2,864. As the result was a tie a special election will be held to fill the vacancy.

Henry Villard, who established a reputation for himself some years ago by his management of the Northern Pacific Railroad, and has since been identified with a number of other gigantic interests, died at his Summer home at Thornwood Park, New York, early last Monday morning of apoplexy. He was sixty-five years of age.

Marcus Daly, the millionaire mining man and politician of Montana, died in New York on Sunday last of Bright's disease complicated with other disorders. Mr. Daly was born in Ireland, and was 58 years of age at the time of his death. In early days he worked as a miner in Nevada, going from here to Montana, where he amassed an enormous fortune. He leaves a widow, two daughters and a

One of the results of the recent troubles in China is the unearthing of records at Peking which tell of the discovery of America by Chinese voyagers a thousand years before the advent of Christopher Columbus. These records are said to be now in the possession of Department officials and are closely guarded by them on account of their rare value. These documents, it is said, explain various discrepancies in the world's history on which the opinions of scientific men have differed since the dawn of our present civilization, and throw light upon the origin of certain evi dences of early civilization which were found in this country.

Dr. Edward A. Ross, after a service of seven years in Stanford University of California, was forced to resign his position this week by reason of the antagonism of Mrs. Stanford, which was aroused by certain positive statements made by him from the platform in discussing questions of a public nature. It is understood that his speeches against corporate monopolies and Coolie labor drew down upon him the wrath of certain powerful corporations in California, and that these influences were brought to bear upon Mrs. Stanford, with the result that she demanded his resignation.

MR. BRYAN ON THE RESULT.

W. J. Bryan has given out the following statement of his views on the result of the recent election:

"The result was a surprise to me, and the magnitude of the Republican victory was a surprise to our opponents as well as to those who voted our ticket. It is impossible to analyze the returns until they are more complete, but, speaking generally, we seem to have gained in the large cities and to have lost in the smaller cities and in the country.

"The prosperity argument was probably the most potent one used by the Republicans. They compared present conditions with the panic times of 1893 to 1896, and this argument had weight with those who did not stop to consider the reasons for the change. The appeal, 'Stand by the President while the war is on,' had a great deal of influence among those who did not realize that a war against a doctrine of self-government in the Philippines must re-act upon us in this country. We made an honest fight upon an honest platform, and having done our duty as

we saw it, we have nothing to regret. "We were defeated, but are not discouraged. The fight must go on. I am sure that Republican policies Nevada.

will be repudiated by the people when the tendency of those policies is fully understood. The contest between plutocracy and Democracy cannot end until one or the other is completely triumphant.

"I shall continue to take an active nterest in politics as long as I live. believe it to be the duty of the citizen to do so, and in addition to my interest as a citizen I believe it will require a lifetime of work to repay the political friends who have done so much for me. I shall not be a Senatorial candidate before the Legislature which has been elected. Sepator Allen deserves the Senatorship which goes to the Populists. Mr. Hitchcock and Mr. W. H. the Senatorship. They both deserve well of the party, and I am too grateful to them for past support to stand in the Senate."

Mr. Bryan says he has no other plans than to remain at home, where tion. he returned from the fatiguing campaign. He denies the report that he would remove from Nebraska and make his home in Texas.

BURNED TO DEATH.

A Mysterious Affair Reported From Nye County.

Mrs. L. W. Compton was burned to death at her home at Peavine, Nye county, Monday night of last week, and how the affair occurred seems to be a mystery. Mr. Compton was absent from home at the time, having gone to Smoky Valley, twenty-eight miles distant, to vote, and a neighbor who passed the place Tuesday forenoon discovered that the blacksmith shop, corrals and haystacks had been destroyed during the night. Upon investigation the body of Mrs. Compton was found in the ruins, with the lower limbs burned from the trunk. No one knows anything of the particulars of the sad occurrence, but that it happened at night there is no doubt. The victim was alone on the ranch at the time and beside the body when it was found lay two bridles and two horse collars, which she had removed from the corral, while inside the house the lamp had burned itself out.

Deceased was an aunt of Patsy Bowler, the attorney, of Hawthorne, Esmeralda county, who left for the scene of the accident for the purpose of making an investigation.

New Ore Discovery in Nye County. Austin Reveille, Nov. 10: The new discovery, 50 miles South of Belmont, is attracting a great deal of attention and prospectors are arriving every day. The new finds were made by District Attorney Butler of Belmont. The ore assays high in gold and silver. J. E. Welch left yesterday and M. E. DEATH OF T. H. CASWELL.

Grand Commander of the Scottish

A telegram from Washington, D. C., addressed to Judge A. L. Fitzgerald, was received in Eureka on Wednesday last announcing the death at San Francisco the day previous of Thomas H. Caswell, Grand Commander of the Scottish Rite Masons of the United States. Prior to his election to the office of Grand Commander, Mr. Caswell was Grand Lecturer of the Masonic Order in California, and in 1872 he paid a visit to Eureka, where he had a number of warm personal friends.

Mr. Caswell resided in San Francisco for many years previous to his election to the office of Grand Commander, the tenure of which position is for life, but for the past twelve years his official duties have required his presence in the East the greater part of the time.

Accidentally Shot.

On Tuesday night of last week Bert Harmer, son of Ed. A. Harmer of Eureka, was taken to Elko from Huntington by Max Arnold for surgical treatment. The young man has been driving the stage between Lee and Huntington for some time past, and on the day mentioned as he was making his regular trip, a pistol which he always carried on the seat beside him under the cushion, worked forward until the barrel protruded. In pushing it back the weapon was discharged, the ball passing through his left hand, coming out at the wrist. After remaining at Elko a few days the young man returned to Huntington, the wound not being considered at all

Mr. and Mrs. Allen have been residents of Battle Mountain for a great many years, and we hate to part luck in their new home.

Senator Clark's Representatives. P. L. Dance at Palisade.

A dance was given at Palisade on Wednesday evening under the management of Joe Raine and William Hammond. It proved a very enjoyable affair, and was attended by a large number of people from Carlin, Beowawe, and other points along the road.

Changing Elko County Roads. The Board of County Commissioners of Elko county at their meeting last week on the petition of a large number of citizens of Carlin ordered the closing of the Humboldt river road between Moleen and Carlin. It is said that along that highway there were fifteen gates to be opened and closed, four railroad crossings, and four river crossings, while the road north of the river is shorter and more convenient to travel.

A petition setting forth that Henry Hagar had fenced in a road through Cave Creek, and requesting that he be ordered to open the same until he provides another road equally as good, was also
