Can anyone explain to us how the
taxpayers are to be benefited by con-
tinually increasing the payroll of the
district attorney's office?

If the ministers don't succeed in
preventing the big prize fight they
will have accomplished a great deal,
in an advertising way, to promote it.

Now that McGill is to have the
Fourth of July celebration, it's up
to the people of the whole district
to help make it a success.

Aviator Hamilton says that aviat-
ing is like swimming, with the air as
water. And the high diving is a
great deal easier.

Now that Governor Gillett will not
allow the Jeffries-Johnson fight to
be held in California, the sporting
world has its eyes focused on Ne-
vada.

When Wall street drops one day
and rebounds the next, what is the
use of expatiating on the momentary
losses or gains in hundreds of mil-
lions?

When the Danes say they credited
Dr. Cook because he is an American
the compliment is certainly clever.
In telling it to the Danes prepare for
the retort charming.

The action of Attorney General
Stoddard in revoking the appoint-
ment of Anthony Jurich, as deputy
attorney general, is a well merited
rebuttal to a lot of scheming politi-
cians, whose motives were actuated

only by political gain. The attorney
general found he had been victim-
ized by misrepresentations and took
this means of placing himself right.

A physician claims that with the
advance in medical science a man
should live 120 years. This would
give Bryan a chance to find an issue
in twelve or fifteen more battles.

There is nothing to be gained by
publishing exaggerated reports about
a temporary misfortune that falls to
the lot of our mining companies and
then sending it broadcast over the
land.

The leaders in both political par-
ties would be very much relieved if
they only knew with which faction
ex-President Roosevelt would cast
his lot. No one knows but Teddy and
he won't tell.

KEPT TROTTH HALF CENTURY.

Lovers Engaged Before Civil War at
Last Are United.

INDIANAPOLIS, June 16.—Sweethearts 50 years ago and en-
gaged to be married, before the civil
war, George Jones, of Portland, Ore.,
wedded Jane Briden tonight at her
home at Osceola. They were child-
ren together in an Indiana village,
and were betrothed when Jones en-
listed in the army. The courtship
continued during the war until it was
reported that Jones had been killed in
battle.

Jones reappeared at the close of
the war, but found the girl, suppos-
ing him dead, was engaged to wed
another. He then disappeared, but
many years afterward the courtship
was renewed. The old troth was re-
vived, and Jones at 72 led to the
altar a bride of 67.

KILLED SELF AT BALL GAME.

Watches Game for a While and Then
Publicly Shoots Himself.

NEW YORK, June 16.—Walter A.
Fitch, of California, is dying in the
Eastern Long Island Hospital, hav-
ing shot himself today while watch-
ing a game of baseball at Greenport.
L. I. His health had been failing a
long time, and with his family he had
been stopping at the home of Mrs.
Fitch's father, the Rev. Dr. Eggleston,
a retired clergyman.

At noon today Fitch, after walking
about the village for an hour, bought
a revolver and a box of cartridges in
a hardware store. In a field he saw
a baseball game in progress, and after
watching it for a while players and
spectators heard a shot. Physicians
said he could not recover.

The Success mine shipped a car
of ore through McGill Friday and
from the appearance of the rock, it
ought to carry excellent values in
lead and silver. The ore is hauled by
way of Gallagher's Gap and will be
shipped to the Utah smelters.

CONTEST WILL LIKELY
TAKE PLACE IN NEVADA

(Continued from page one.)

Rickard Gives Views.

SAN FRANCISCO, June 16.—Rickard was plainly nettled at the
unexpected turn of events and the
"eleventh hour" pronouncement of
the governor, as he termed it, was
a most unpalatable morsel.

"I am sick and tired of all this
fooling," he added, "and I am will-
ing to throw up the sponge so far
as bringing off this contest in the
state of California. I have already
expended \$25,000, all of which will
be a dead loss.

"Why Governor Gillett should wait
until this late day in declaring that
he would stop the fight, particularly
in view of his accredited statements
in the past that under no circum-
stances would he interfere, is incon-
ceivable. Already excursion parties
have left different parts of the
world and are enroute hither. It
was only yesterday that I received
an order from Canada requesting
1,000 seats. I do not know what
caused the governor's sudden change
of mind, but presume the pressure
brought upon him by the many
church federations has had its ef-
fect."

"A mass meeting of the prominent
business men of this city will be called
tomorrow for the purpose of hav-
ing the governor rescind his order, but
I doubt if any good will come of it.

One thing is certain. San Fran-
cisco and the state of California will
lose the greatest opportunity of a
lifetime.

"I am prepared to shift the scene
of battle at a moment's notice and
my plans in this respect will be made
public as soon as a conference be-
tween all directly interested is had.
I prefer to see Salt Lake get the
match, but Reno and Ely, Nevada,
stand an excellent show."

Jeffries refused to state whether
he would take the promoters' \$10,-
000 for forfeit in the event of their
being unable to pull off the big con-
test.

Reno Bids for Fight.

RENO, Nev., June 16.—Reno made
the first bid for the fight this after-
noon as soon as the Associated Press
bulletins announcing the action
taken by Governor Gillett and At-
torney General Webb were made pub-
lic. Tex Rickard was sent a tele-
gram signed by J. Aylesworth, man-
ager of a local theater and repre-
senting prominent business men, stat-
ing that this city would erect a suit-
able arena and furnish the 1,000
license required by the state law in
case the promoters will bring the
contest here. The business men's
association will hold a meeting and
decide on the advisability of making
an effort to bring the fight here.

Can Fight in Nevada.

CARSON CITY, Nev., June 16.—That
the law of Nevada would permit
the Jeffries-Johnson fight in that
state was the statement made tonight
by Justice Sweeney of the Supreme
court when the question was put to
him in the absence of Governor Dick-
erson. With only the formality of
obtaining a license, for which \$1,000
must be deposited, he said that the
fight could be held in any county in
the state without fear of interference.
The law permitting contests of un-
limited rounds in Nevada was passed
for the Corbett-Fitzsimmons fight and
has not been amended or repealed.

Johnson Will Fight Anywhere.

SAN FRANCISCO, June 16.—"I
don't care where the fight takes
place," declared Jack Johnson this
evening.

"Of course I would rather have it
come off in San Francisco, as I am
training here, but if we cannot fight
here I am willing to go any place
Rickard and Gleason agree upon."

Like Jeffries, Johnson said he
could not understand why Governor
Gillett had decided to step in and
prevent the fight at this late stage
in the game. The colored champion
put in a busy day on the beach to-
day. He ran twelve miles, punched
the bag and went through various
other training stunts before a large
crowd that had assembled to watch
him. After punching the bag vio-
lently for fifteen minutes, so vicious-
ly, in fact, that the bag broke from
its moorings and sailed over the
heads of the audience, the big black
then took on Al Kaufman for four
rounds.

After the bout Johnson proceeded to
his room and jumped on the scales.
The beam tipped exactly 213 pounds.
"Never felt better in my life," he
declared.

"When I enter the ring for Jef-
fries I expect to weigh in the neigh-
borhood of 200 pounds, possibly 211.
After today there will be no more
road work indulged in, that is to say,
no long runs. Possibly I will devote
the road work to one 220-yard dash.
Most of my work will be in the gym-
nasium. Tomorrow I will box with
Kaufman again and do a few training
stunts. Sunday will be a big day,
for I will cut loose and show the
public my great condition. On that
day I intend to box about eleven
rounds and then some."

El Paso Wants the Fight.

EL PASO, Texas, June 16.—A tel-
egram was sent tonight to Tex Rick-
ard and Jack Gleason by prominent
business men here proposing that the
big fight be held in the bull ring at
Juarez, which will seat 30,000. It is
believed by prominent men of this
city and Chihuahua that President

Diaz would not oppose the contest,
and since Governor Creel of Chihua-
hua is fond of sports, it is believed
he would favor the arrangement.

New Yorkers Worried.

NEW YORK, June 16.—Broadway
was startled by the news from San
Francisco, but the assumption that
the fight probably would be held else-
where if the California ban is not
raised eased the first fears of the
sporting element. So far as could be
learned, none of the special trains
from New York to San Francisco has
been canceled and the assumption is
that the routes merely will be trans-
ferred from California to Nevada or
Utah.

Tom Sharkey, who had arranged to
conduct an expedition to California,
voiced the general view of fight fol-
lowers here:

"Governor Gillett's action will not
prevent the fight being held," said
Sharkey. "If the men can't meet
there the fight will be shifted to Car-
son City or some other point."

"Wherever the battle takes place I
will run a special train to the scene.
If necessary we will go to the north
pole."

KIMBERLY DISTRICT TO
HAVE ANOTHER MILL.

In a few months the echoes re-
verberating around the hills of Kim-
berly will carry the news from Cor-
all Canyon, three miles to the east,
that a ten-stamp mill has begun
pounding out the gold ore from the
properties there owned by Wyoming
parties.

William Weimers, T. A. James
and other Rock Springs business
men, who have been faithfully sup-
plying the needful in order to put
in shipping shape a group of claims
for nearly three years on this visit
concluded they had a mine and it
was time to extract the gold from its
surrounding waste material. There-
fore the mill.

The location of their group of
thirteen claims is not so well situat-
ed for tunnel work as in most parts
of the district, so they must resort to
shaft work. Several strong veins
showing panning values up to fifty
and more dollars, assays sometimes
in the hundreds, and again exposing
free gold have been developed from
which great riches are to be added
to the store of these successful busi-
ness men.

Placer ground has also been dis-
covered on their property, from
which not only good-sized boulders
thickly covered with free gold have
been scooped out, but numerous
course gold nuggets are washed out.

All the owners are also heavily in-
terested as stockholders in the Kim-
berly Consolidated Mines company,
so in their mining operations in Ne-
vada their interests are confined to
this one district.

WOMEN MAKING TROUBLE.

Row in Johnson's Camp Caused by
Jealous Females.

SAN FRANCISCO, June 16.—According
to a story enjoying circulation
among the inner circle of fight fol-
lowers, the real trouble between
Jack Johnson and his deposed man-
ager, George Little, concerns the
social relations which shall be ob-
served between their wives.

The negro's wife, a white woman,
is said to insist on being chummy
with the wife of her husband's man-
ager, which the latter refuses to al-
low, and disputes on this point ad-
ded to the jealousy of Sig Hart are
said to have led to the break.

Diamonds valued at \$2000 are
named by Little as another cause of
the breach. This diamond, a
brooch and ring, were loaned by him
to Johnson, says Little, to enable
the fighter's wife to make a "front."
Little objected to the way Mrs.
Johnson "sport" the jewelry in
cafes, where he feared they would
be stolen. Johnson declares the
diamonds are his and says he will
keep them at any cost.
